HUNDREDS ARE KILLED IN GERMANY

Britain Ready to Give Some Warships to Canadian People

Light Cruiser, Four Destroyers, Eight Patrol Boats, One Flotilla Leader, Eight Submarines and Four Mine-Sweepers Are Included.

Ottawa, March 19.—(Canadian Press)—Examination of the report of Admiral Lord Jellicoe, recently tabled in the House of Commons, shows that the British Government is prepared to present to Canada a number of ships, which at pre-war prices would be worth $16,500,000 and at present prices would have a much higher value.

These vessels, indicated in table No. 4 of the Admiral's report, are as follows:

One light cruiser, four torpedo boat destroyers, eight patrol boats, one flotilla leader, eight submarines and four mine-sweepers.

In connection with the gift of these vessels the suggestion of Admiral Jellicoe is that Canada adopt a naval scheme, the cost of which for the first year would be $5,800,000. Of this amount, however, $800,000 would be used for the construction of ships which could be postponed until a convenient date, and $500,000 more would be for erection of defences, maintenance of mine-sweepers, etc., which apparently need not be undertaken immediately. The necessary expenditure to give Canada a small navy, which would have necessitated no capital outlay, would therefore appear to be about $4,500,000.

Personnel.

As to the manning of these vessels, it is understood a personnel of 1,500 officers and men would be required. As a result of the war the Canadian navy has about 500 well trained men on the books of ships, and another 500 who served during the war and acquired considerable experience probably would be ready to enlist. The naval college of Canada has turned out a number of well qualified men, part of whom are now serving on ships of the Imperial navy. Therefore, it seems likely that there would be no difficulty in filling all the junior officers' positions in the proposed fleet.

Senior Officers.

The senior officers probably would have to be borrowed from Great Britain until such time as the Canadian officers attained sufficient seniority and acquired necessary experience to fill the more advanced positions.

Admiral Jellicoe's scheme provides for an increase by construction of new cruisers in Canada, but this need not be undertaken until the finances of the country would warrant it. Until these vessels are built, the annual expenditure would be between $4,500,000 and $5,000,000.

BELIEVES THERE IS A BIG DRUG RING

Buckworth, Police Commissioner in Vancouver, Speaks of Drug Evil There

Vancouver, March 19.—Declaring that in his opinion there was a huge international ring, with white men at its head, behind the drug traffic, Police Commissioner A. B. Buckworth stated last night that he would support any movement to secure more drastic legislation to restrict the sale and illicit distribution of habit-forming drugs.

"Speaking as one of three members of the Police Commission," said Commissioner Buckworth, "I can safely state that Mayor Gale, Alderman McRae and myself are of one mind in wishing to curb the horrible devitalizing effects which the drug habit is exerting on a constantly increasing number of persons in the community. And I am equally convinced that the entire police department, from Chief McRae down to the latest patrolman, are equally in earnest in using their best efforts to cope with the spread of this insidious evil. The Commissioners are behind them to the limit."

REFERENDUM MAY COME IN AUGUST

Prohibition Issue Would Be Amended Act versus Government Sale

A referendum in British Columbia on the prohibition question is apparently a burning issue in legislative, legal and civilian circles. Predictions as to the probable course to be adopted by the Government and the prohibitionists lead nowhere, since every day sees a change of front. It is now generally understood that the present session of the Provincial Government will be followed by a referendum shortly after August next. The issue would be the continuation of the present Prohibition Act, with the new amendments incorporated and then in effect, or Government sale and control.

Mr. Savage Here.

In order to ascertain if possible the stand of the Government, William Savage, president of the People's Prohibition Party in this province, waited upon Attorney-General Farris this morning. To The Times later he said that the "committee of one hundred" would meet in Vancouver on Monday night for the purpose of considering the proposed amendments as introduced into the Legislature on Wednesday.

The committee will consider whether or not to endeavor to secure a federal referendum, under the Canada Temperance Act, said Mr. Savage, or be content with the provincial referendum. Should the provincial referendum be submitted and a victory won by the moderationists and Government sale introduced, it is explained, then a Federal referendum might still be had.

Importation.

A victory for the prohibitionists under a Federal referendum would mean that the Province would control the importation of liquor, which would permit of importation for Government sale only for purposes as now set out in the Prohibition Act.

Mr. Savage said he was not in a position to say definitely whether his associates would ask for a Federal referendum or not, but an announcement would be made after the meeting in Vancouver on Monday night.

BERLIN COMMANDER URGES TROOPS TO COMBAT BOLSHEVISM

Berlin, March 19.—General von Seecht, in command of the troops in Berlin, issued a proclamation to the army to-day in the name of the Minister of Defence, urging it "to stand together, as before, against any attempts to establish Bolshevism." He asked the troops "to place the welfare of the Fatherland before all other considerations."

Kapp Gang Wished to Get Ready for War on Allies

Berne, March 19.—Chancellor Bauer caused a sensation at yesterday's sitting of the German National Assembly at Stuttgart when he revealed the conditions presented to the Government by Dr. Wolfgang Kapp and General von Luettwitz before they entered Berlin last Saturday morning.

"They wished to prepare for a war of revenge and plunge the country into another cataclysm," cried the Chancellor. "Pitiless punishment must come to these offenders."

Philipp Scheidemann, leader of the Majority Socialists, Burlage, of the Centre Party, Kron, of the German Nationalists, and Becker, of the People's Party, are unanimous in their condemnation of the attempted revolution, according to advices received here.

WARRANT OUT IN GERMANY FOR ARREST OF GEN. LUDENDORFF

Copenhagen, March 19.—Warrants have been issued for the arrest of General Ludendorff and of Colonel Bauer, characterized as Ludendorff's right hand man, says a dispatch to The Social Demokraten from Berlin to-day.

EBERT CABINET WILL RETURN TO BERLIN TO-MORROW

Coblenz, March 19.—(Associated Press)—The Ebert Government will return from Stuttgart to Berlin to-morrow.

The National Assembly and the Prussian Diet have been convoked to meet in Berlin Sunday.

Successful Drive Means Building of Four Barquentines

Mainly through the energetic canvass conducted by the Citizens' Committee under the direction of Brigadier-General R. P. Clark the shipbuilding programme of the Victoria Shipowners, Ltd., is assured.

Less than $20,000 remains to be subscribed but the Citizens' Committee has pledged itself to secure the amount. Dr. S. F. Tolmie was wired last night by Brigadier-General Clark to the effect that the capital was assured. The next step will be the ratification of the prbject by the Dominion Government, which is pledged to loan $700,000 on the understanding that the balance of the $1,000,000 be raised locally.

Foundation Subscribes.

The spirit which has animated its activities in Victoria is reflected in the decision of the Foundation Company to invest $1,000 in Victoria Shipowners' stock.

Bayly Hipkins, Vice-President and Northwest Manager, who has always displayed the keenest interest in the industrial development of Victoria, spoke appreciatively of the efforts being made to revive wooden shipbuilding here prior to his departure yesterday afternoon for Seattle. He gave expression to the desire of the Foundation Company to aid the enterprise and used his influence with Frank Quilter, treasurer and one of the directors of the company, resulting in the investment of $1,000 in the local undertaking.

Veterans Assist.

The support of all the ex-service organizations is being given to the Citizens' Committee. The Army & Navy Veterans' Association as a body have subscribed $200; the Great War Veterans' Association has invested in stock and the Comrades of the Great War and the Campaigners' Association are assisting in a practical manner.

(Concluded on page 18.)

POLICE AND FIREMEN TO HAVE PENSIONS

Bill, However, Will Not Be Proceeded With Till 1921

Pensions for policemen, city, municipal and provincial, will in all probability be provided for through the medium of a bill to be introduced into the Legislature next year. This statement was made to The Times representative this morning by Attorney-General Farris, who said he would bring in a resolution before the close of the present session in order that the matter might have the consideration of the members of the House and of those interested.

Explaining the principle of the system to be adopted, Mr. Farris said there would have to be an amalgamation of all police officials, so that there could be devised uniform rules for age and application, and arrangement for the payment of a uniform rate of contribution to the fund. He said that strong representations had been made to him by delegations representing police officials and that his action would be the direct result.

COUNTESS TOLSTOI WORKS FOR RED CROSS OF STATES

Constantinople, March 19.—Ex-Countess Marie Tolstoi, niece of the famous Russian philosopher, who recently arrived here as a refugee from Odessa, applied Wednesday to the American Red Cross for relief. The ex-Countess, who speaks perfect English, was at once placed on the staff of the Red Cross, the headquarters of which is on the island of Proti, in the Prinkopos group, and will act as an interpreter.

MURDER CHARGE.

Orillia, Ont., March 19.—Fred Gilbert was arrested to-day on a charge of having murdered Robert Ironside at the Swift Rapids powerhouse on the morning of March 5, and was committed for trial.

WORK RESUMED AT SOME CENTRES IN DISTURBED GERMANY

Berlin, March 19.—(Havas)—Work has been resumed at Dusseldorff, Goerlitz, Hanover, Bochum, Barmen and Duisburg, according to advices.

PARTIES' STANDING IN SOUTH AFRICA

Forty South African Party Men Elected; Forty-three Nationalists

Cape Town, March 19.—The South African Nationalists made total gains of eighteen seats in the House of Assembly as a result of the recent general election. The various parties will have the following strength in the House: South African Party, 40; Nationalists, 43; Unionists, 25; Labor, 21, and Independent, 3.

These figures include Bloomfontein, where the candidate of the South African party won but later resigned, and Witbank, where the Nationalist candidate died.

Two Possibilities.

London, March 19. — (Canadian Press)—Discussing the result of the South African general election, The Manchester Guardian thinks there must either shortly be a fresh election or Premier Smuts must be kept in office either by the Labor Party or by General Hertzog, probably by the former, who though they have been extremists and irreconcilables, have been more in sympathy with the Premier than the back block Nationalists.

A NEGRO BATTLED BALTIMORE POLICE

Baltimore, Mr., March 19.—Riddled with shots and probably mortally wounded, W. A. Scott, a negro, was captured early this morning after a desperate three-hour battle waged from a barricaded house. Two policemen were wounded in the fracas and another negro mistaken for the hunted man was shot three times by policemen and beaten by a mob before it was learned he was not the man. The belief that white physicians are abducting colored persons for dissecting purposes was held by the authorities to be responsible for the trouble.

HALIDE EDIB IS MOVED TO MALTA

She and Other Agitators Deported From Constantinople by British

Put on Board Cruiser Hebiscus Yesterday Before She Sailed

Constantinople, March 18.—Via London, March 19.—Halide Edib, the most prominent woman leader among the Turkish Nationalists; Reouf Bey, deputy for Sivas and mouthpiece of Mustapha Kemal in the cities; Cara Vassif Bey and several other members of the Chamber of Deputies have been deported, presumably to Malta, by the British. They were placed on board the cruiser Hebiscus to-day shortly before that warship sailed.

At Smyrna.

When the Greeks landed at Smyrna and some Turks were killed, Halide Edib cast aside all traditions of Turkish women. She organized and addressed mass meetings and so inflamed the Turks that the Allied High Commissioners forbade further meetings. She has often been described in the British press as a "firebrand and a dangerous agitator."

She was graduated from the American woman's college here and won recognition as a novelist and poetess.

CANADIAN ISSUES NOW IN DEMAND ON NEW YORK MARKET

New York, March 19.—In the height of activity on the bond market of recent days Canadian issues have been in particular demand, says The Tribune. The new offerings of the provinces of Quebec, Ontario and Manitoba were not only quickly taken up but also the floating supply of outstanding Canadian Provincial and Dominion bonds was substantially reduced, according to bond men. Most of the business in the Canadian issues has been done over the counter.

LUETTWITZ LEFT BERLIN IN PLANE

Loyalists Could Not Arrest Him While "Iron Division" in City

London, March 19.—General von Luettwitz is reported to have left Berlin by aeroplane and it was impossible to arrest him while the "Iron Division" was in the city, says a Berlin dispatch to the Exchange Telegraph Company. In fact, the dispatch says, it is not known whether orders for the arrest of Luettwitz or Dr. Wolfgang Kapp, Chancellor of the reactionary Government, were ever issued.

Food Shortage.

Cobenz, March 18.—Via London, March 19.—Information direct from Berlin was that the Independent Socialists had decided to continue the strike.

Food conditions were reported as serious as no trains had come into Berlin for five days.

Turk Nationalists Growing Bolder in Opposing the Allies

Constantinople, March 19.—Leaders of the Turkish Nationalists from Azerbaijan to Palestine seem to be co-operating in a movement to oppose Allied proposals for a peace unfavorable to Turkey. Men closely associated with Mustapha Kemal, leader of the Nationalists, have been skilfully promoting opposition to foreign interference, it is asserted, and the Arabs, Kurds and other tribes are said to be aligned with forces planning to checkmate any movement on the part of the Entente looking to a partitioning of the country.

The whole movement seems to be political rather than religious. Whether Bolshevism enters into the situation has not as yet developed. Turkish newspapers frankly say the Allies cannot muster sufficient strength to force an unacceptable peace upon the country. They point to Captain Gabriele d'Annunzio's defiance and other instances in which the Allies have been powerless to enforce orders.

With the exception of the Marash incident there have been no massacres of Christians, although there are large numbers of Armenians and Greeks at the mercy of the Turks in Asia Minor. These people are living in terror lest they be attacked when the peace terms are made known. French detachments are reported to be meeting stubborn resistance in their efforts to occupy districts northeast of Aleppo, where British troops formerly were stationed.

Americans in Asia Minor have been requested to remain absolutely neutral in the event of disorders in districts occupied by foreign armies.

Policemen Dogging Steps of Ex-Kaiser in Castle Grounds

Amerongen, March 19.—(Associated Press)—Evidence that an extremely close guard has been placed by the Dutch Government over Wilhelm Hohenzollern, former Emperor of Germany, was obtained to-day. Police officers were detailed to follow him, a few steps in the rear, as he walked about the grounds of Bentinck Castle.

NOSKE OFFERS HIS RESIGNATION

Ebert Government of Germany Has Not Accepted It Yet

Stuttgart, March 18.—Via London, March 19.—The Majority Socialists leaders here demanded that Gustav Noske, the Minister of Defence, resign his post and Noske has complied by tendering his resignation to President Ebert, but the Government has not reached a decision as to its acceptance and will not do so until the Cabinet has considered the question.

Should Noske retire, it seems probable he will be succeeded by General von Seecht, now in command of the troops in Berlin. Dr. Schiffer, the Minister of Justice, is being mentioned for the Premiership in the proposed reorganized Cabinet.

At Session.

Noske was present at the session of the National Assembly yesterday when Philipp Scheidemann, Majority Socialist leader and former Premier, attacked the Minister of Defence in a stirring speech and demanded a radical overhauling of the Cabinet.

Henke, leader of the Independent Socialists, asked Noske where he was when the Kapp forces had their hands at the Government's throat and why he did not "break their bones," but Noske by this time had disappeared from the chamber.

Heine Also.

Copenhagen, March 19.—Both Gustav Noske, Minister of Defence in the Ebert Government and Dr. K. W. Heine, Prussian Minister of the Interior, have resigned, according to a dispatch from Stuttgart quoting The Hamburg Fremdenblatt.

Another message from Stuttgart states that at the conclusion of the National Assembly's debate yesterday, Konstantin Fehrenbach, President of the Assembly, declared it was plain that all parties condemned the revolt.

"We mourn the dead and convey our condolences to their dependents," he said. At this point all the Deputies stood up.

PRISONERS ESCAPED.

Steubenville, Ohio, March 19.—The town jail was found empty this morning. The eight prisoners had sawed and cut their way out during the night.

SAYS EXTREMISTS CONTROL LABORITES

Lloyd George States British Labor Led by Bolshevistic Men

London, March 19.—That extremists were in control of the Labor Party of the United Kingdom and that their policy was the policy of Bolshevism were statements made by Mr. Lloyd George at the meeting of the Coalition Liberal members of Parliament held yesterday, according to newspapers here.

Those controlling the Labor Party, Mr. Lloyd George is quoted as saying, disdained the redress of grievances and the improvement of conditions. What they sought was to destroy system, root and branch, and plant another tree.

As a Liberal, Mr. Lloyd George is quoted as saying, he was out to fight despotism, whether on the part of autocracy or on the part of a trade union official.

Moderates.

He maintained the impossibility of a coalition between the Liberals and the Labor Party, and urged the absolute necessity of complete co-operation between the moderate elements in order to fight the Socialists.

The parliamentary correspondent of The Westminster Gazette understands that Mr. Lloyd George also said he would be willing to retire and take a rest after fifteen years of strenuous service if his party desired it.

U. S. GOVERNMENT MAKES PROTEST ON INDEMNITY MATTER

Washington, March 19.—"Strong remonstrances" have been made by the American Government against rulings of the Allied Reparations Commission that under the peace treaty sale of certain German property in neutral countries can be forced if necessary to satisfy the initial payment of the German indemnity.

Fighting in Germany Costs Hundreds of Lives, Reports State

Clashes at Many Points; Many Killed in Mining Districts; Combats in Berlin Last Night; Fifty Lost Lives in Battle in Leipzig.

Berlin, March 19.—(Havas)—Some clashes occurred last night in Berlin. A crowd attacked the building of The Vorwaerts, demanding that the guards posted about the offices of the newspaper be withdrawn.

Stuttgart, March 19.—Fifty persons were killed in most violent fighting in Leipzig, it is reported. Workmen in a clash with troops threw up barricades, dug trenches and fought almost organized warfare. Mines were exploded near the railway station.

London, March 19.—Hundreds of persons have been killed in the mining districts of Germany in collisions between miners and troops, it is declared in reports from Germany received at Copenhagen, the Central News correspondent in that city telegraphs.

Telegrams received from the big towns in Germany, the message states, show that fighting is proceeding in nearly all the thickly-populated areas where soldiers and workers are opposed to each other.

In Brunswick there is much disorder, accompanied by pillaging of shops. In Leipzig, according to advices, there was street fighting throughout yesterday.

Rostock, in Mecklenburg-Schwerin, is in the hands of Spartacans but their position is said to be precarious.

In violent fighting in Kiel yesterday between workmen and troops, the former seemed to have got the upper hand, the message reports.

The Communists are declared to be masters at Cassel.

In Kiel.

Copenhagen, March 19.—A telephone message from Hamburg said there was violent fighting between troops and students on the one side and workmen on the other at Kiel.

The message said the workmen were attacking with bombs, hand grenades, machine guns and trench mortars and that many persons had been killed or wounded.

In Cassel.

Berlin, March 18.—Via London, March 19.—A telegram from Cassel says a crowd violated an armistice arranged between contending forces there and attacked the barracks of the Security Guard. This attack was repulsed but losses on both sides was heavy, it is said.

In Dresden.

Stuttgart, March 19.—Fifty persons were killed in Dresden in a sudden clash between a student's organization and a mob, according to a story of an eyewitness who has arrived here.

At Frankfort eighty persons have been killed in recent disorders and several hundred wounded have reached the hospitals.

(Concluded on page 18)

PERSONS KILLED BY BOMB NEAR BRITISH EMBASSY IN BERLIN

London, March 19.—A bomb exploded outside the British Embassy in Berlin last night as a naval division was marching past, a dispatch says. Several persons were killed or injured but the Embassy apparently suffered no damage.

SCHIFFER MAY BE NEW CHANCELLOR

Bernstorff May Be Foreign Minister in Reorganized German Government

Copenhagen, March 19.—Count von Bernstorff, former German Ambassador to the United States, will be Minister of Foreign Affairs in the reorganized German Cabinet, according to advices reaching here to-day. The slate is printed by The Hamburg Nachrichten, which declares its information came from a reliable quarter. Dr. Schiffer, Vice-Premier and Minister of Justice, will become Chancellor, according to this programme and General von Seecht will become Minister of Defence.

Captain Fischer Cuno, general manager of the Hamburg-American Steamship Line, is slated for the Ministry of Finance.

45,000 EMPLOYED AT KRUPP PLANT

Berlin, March 18.—Via London, March 19.—A representative of The Vossische Zeitung who went over the huge Krupp establishment at Essen recently states in his report that the number of hands employed is now 45,000. Before the war the number was 80,000 and during the war the number was increased to 115,000.

JAPAN AND CHINA ABOUT TO SETTLE SHANTUNG PROBLEM

Tokio, March 18.—(Delayed)—(Associated Press)—It is understood here that the Government has instructed Yukichi Obata, the Japanese Minister in Peking, to begin negotiations immediately for a speedy settlement of the Shantung question, as the views of the Japanese and Chinese commissioners appointed to investigate have been found to concur on the main points, and Japan is ready to make large concessions toward an amicable solution.

TREATY FIGHT IN SENATE OF STATES

Chamber Prepares For Final Vote on Treaty Ratification Question

Washington, March 19.—Preparing for a final vote on ratification of the peace treaty, the Senate to-day adopted the modified reservation preamble worked out in the bi-partisan conference under which affirmative acceptance of the reservations by the other powers would not be required.

Secretary of State.

Washington, March 19. — The nomination of Bainbridge Colby to be Secretary of State, which has been the subject of extensive hearings by the Senate Foreign Relations Committee, was favorably reported to-day by the committee without a record vote.

Berlin Described as in Very Explosive State

London, March 19.—All Germany with the exception of the southern states is rebellious, and Berlin is a "barrel of gunpowder which may be ignited at any time," says a Berlin dispatch to the Exchange Telegraph Company filed in the German capital yesterday.

The dispatch describes the withdrawal from Berlin of the "Iron Division" and the naval brigade, which marched down Unter den Linden at 4.30 o'clock yesterday afternoon in the midst of a pouring rain. Crowds, the majority of which were extremists, looked on as company after company filed down the street in the direction of the Brandenburg Gate on their way to Doeberitz.

"The soldiers marched to the accompaniment of drums and with Prussian banners flying," the message says. "They were armed, carrying their rifles ready to fire and with their fingers on the triggers. Their actions could not have been more provocative.

RECUPERATION IS THROWN BACK BADLY

Bauer Tells German Assembly Kapp's Crew Greatly Harmed Germany

Stuttgart, Germany, March 18.—Via London, March 19.—Chancellor Bauer, addressing the National Assembly here to-day, confirmed the fact that the failure of the revolutionary coup as largely due to the loyalty of the officials of the Ministries.

The most bitter reproaches had been directed against Mathias Erzberger, but he said it could not be gainsaid that there had scarcely been a more capable expert Minister than Erzberger.

He contended that the success of its tactics was sufficient justification of the Government's quitting Berlin. The whole people had rallied to the Government and called for arms to fight against reaction.

The Pan-German Fatherland Party and men like Colonel Bauer and General Ludendorff, he characterized as wire-pullers.

Backward.

Kapp's crime, he said, had thrown the country's recuperation back months, if not years. Kapp's accomplices still held sway in Silesia and East Prussia, but their rule would be counted by days, he said.

In opening the sitting, Fehrenbach, president of the Assembly, expressed the thanks of the Government to the troops and officials who had remained loyal, and also to the German people, especally in the south and west, who had proved their loyalty to the democratic constitution.

The House was closely guarded by Reichswehr troops, and armored automobiles patrolled the streets.

ST. BONIFACE CHIEF OF POLICE RESIGNS

Winnipeg, March 19.—Rather than have charges against his private life investigated on the ground that innocent persons would be involved to their detriment, Leo Marcil, Chief of Police of St. Boniface since 1913, tendered his resignation yesterday. His action stopped the investigation which had been ordered before Judge Proudhomme into accusations made by former Inspector Doiran, who was dismissed by Chief Marcil on February 28.

VOTES FOR JAPANESE OPPOSED ON MAINLAND

South Vancouver, March 19.—The G. W. V. Association has gone on record as being opposed to the granting of the franchise to Japanese.

The branch elected its first woman member last night, when Miss E. Rohrer was welcomed into the Association.

SAYS WATERPOWER BELONGS TO PEOPLE

Sir A. Beck Warns Ottawa Not to Give St. Lawrence Powers Away

Toronto, March 19.—Sir Adam Beck, chairman of the Ontario Hydro-Electric Power Commission, at a civic luncheon given in his honor here yesterday, made an important announcement with regard to the acquirement by the Commission of the Mackenzie and Mann interests in Ontario. He stated that in a few days there would be a showdown on the purchase by the Hydro-Electric Commission of all the Mackenzie power and radial railways in this Province.

Declaring that the St. Lawrence waterpower must not be diverted by the Dominion Government to private interests, even if a revolution should be necessary to prevent it, Sir Adam appealed to the Ontario Government to back up the Hydro-Electric Commission in fighting for the rights of the Province. "The surplus waters in our streams belong to the Province," he asserted.

Sir Adam returned only a few days ago from London, England, where he had been dangerously ill.

ALIENS IN MICHIGAN DISORDERLY; ONE MAN LOST LIFE IN ROW

Detroit, March 19.—One man was shot and several others received minor injuries late yesterday when a number of aliens held at the Fort Wayne army post for deportation hearings attempted to overpower their guards. Troops restored order.

SENT TO JAIL.

Springfield, Mass., March 19.—Victor van Allen, of Vancouver, B. C., who was arrested here March 10 for the theft of a diamond necklace valued at $250 from a local jewelry store and in whose rooms the police found furs and jewelry valued at between $4,000 and $5,000 which they believe to have been stolen, pleaded guilty in court yesterday afternoon to the larceny of the necklace and was sentenced to three months in jail and a fine of $50.

What a foolish man does in the end, a wise one does in the beginning.

CIVIL SERVICE WAS SUBJECT OF DEBATE

Reclassification Condemned in Commons by Ottawa Member; Rowell Replied

Ottawa, March 19.—Reclassification of the civil service occupied practically the whole atention of the House yesterday afternoon, and there being no further business ready at 6 o'clock the House adjourned until this afternoon.

It was Mr. Fripp, Unionist, Ottawa, who brought up the question of reclassification. It arose on a motion, which was adopted, for production of correspondence. Mr. Fripp criticized the methods adopted by Arthur Young & Co., the firm of American experts employed by the Civil Service Commission. It was time to call a halt, said Mr. Fripp. The whole classification had been nothing less than a stupendous farce. The so-called experts had merely classified the jobs. Mr. Fripp appealed to the House to "get rid of these gentlemen." Ninety-five per cent. of the civil service was upset. It was "patronage of the worst kind," he declared.

Board of Appeals.

Hon. N. W. Rowell, replying for the Government, said that the Civil Service Commission in engaging Arthur Young & Co. had secured the best firm on the continent so far as classification work was concerned. Mistakes were inevitable in such extensive work, but a board of appeals had been constituted where errors could be rectified.

Opium Act.

Hon. N. W. Rowell, in his capacity as Minister of Health, introduced a resolution providing for amendments to the Opium and Drug Act. The Minister explained that the object of the legislation which would be based upon this resolution was to put into force the conclusions embodied in the International Opium Convention signed at The Hague in 1912. One of the provisions of the peace treaty, he said, was to the effect that this convention should be enforced by the countries signing the treaty.

The resolution provided for amendments to the Opium and Drug Act giving power to the Minister of Health to issue licenses for the import, export, sale, manufacture and distribution of any drug and name the ports or places in Canada where any drug may be imported or exported.

Packing and Marking.

He would be given power to prescribe the manner in which raw or prepared opium or any other drug is packed and marked for export and to prescribe the record which shall be kept in connection with such export, import, receipt or sale. The resolution provided that penalties may be imposed for the violation of the provisions of the proposed legislation. A duly authorized and practicing physician, dentist or druggist carrying on a bona fide business in a shop may be excepted from penalties imposed for manufacturing, selling or distributing drugs without a license, but every druggist must keep records of the amount of drugs received or sold by him in accordance with regulations.

The bill was given first reading.

Shipping Act.

Progress was reported on the resolution to amend the Canada Shipping Act.

IRISH MURDERS ARE NUMEROUS

London, March 19.—The assassination of twenty-seven police and Government employees in Ireland since January 1 of last year was officially announced in the House of Commons yesterday by Rt. Hon. James Ian Macpherson, Chief Secretary for Ireland.

In reply to a question as to the number of murders and attacks in that period he gave the following statistics:

Murders — Royal Irish Constabulary, 18; Dublin police, 6; soldiers, 3; other Government servants, 1; total, 27.

Attempted murders—Irish Constabulary, 65; Dublin police, 17; soldiers, 4; other Government servants, 3; total, 89.

Allen Clement Edwards, Liberal, has given notice, The London Times says, of his intention to ask Premier Lloyd George in the House of Commons Monday, whether the Government is informed of a rising planned in Ireland for Easter Monday and local risings at the same time at Liverpool, Manchester and Glasgow.

He will ask also whether the navy has seized a consignment of arms and ammunition from Germany, and whether there is reason to suppose that German reactionaries are back of the planned rising.

TO DELIVER ADDRESS.

Ottawa, March 19.—H. H. Stevens, M.P., of Vancouver, will deliver an address at a banquet to be held in Washington in connection with the annual convention next week of the National Wholesale Lumber Dealers' Association.

Safe Fat Reduction

Reduce, reduce, reduce, is the slogan of all fat people. Get thin, be slim, is the cry of fashion and society. And the over-fat wring their hands in mortification and helplessness; revolting at nauseating drugs, afraid of violent exercise, dreading the unwelcome and unsatisfying diet, until they hit upon the harmless Marmola Prescription and learn through it that they may safely reduce two, three or four pounds a week without one change in their mode of life, but harmlessly, secretly, and quickly reaching their ideal of figure, with a smoother skin, better appetite and health than they have ever known. And now come Marmola Prescription Tablets from the same famously harmless formula as the Marmola Prescription. It behooves you to learn the satisfactory, beneficial effects of this great, safe fat reducer by giving to your druggist $1 for a generous sized case, or sending a like amount to the Marmola Co., 864 Woodward Avenue, Detroit, Mich., with a request that they mail to you a full case of Marmola Prescription Tablets.

MAN'S BEST AGE

A man is as old as his organs; he can be as vigorous and healthy at 70 as at 35 if he aids his organs in performing their functions. Keep your vital organs healthy with

GOLD MEDAL HAARLEM OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles since 1696; corrects disorders; stimulates vital organs. All druggists, 50c. a box. Look for the name Gold Medal on every box and accept no imitation.

RUSSIAN STAMPS PROVIDE EDUCATION

Philatelic Changes, Incident to Re-making of Map, Tell Graphic Story

New York, March 19.—The editor of the Stamp Collectors' Annual, D. B. Armstrong, has sent to the New Europe an account of the strange new stamp issues which have come out of Russia during the recent period of dissolution of the old Czaristic empire. The stamps number some 500 specimens, all told, many of them crude and revealing the difficulties under which the groups issuing them work. Paper and printing are sometimes mere makeshifts, while each group has sought to produce a design symbolic of its history or aspirations.

The Russian stamps, says the above authority, constitute "one of the most interesting and fascinating groups of the popular stamp issues of the new Europe."

"The story of Russian reconstruction, as indeed of the whole of the new Europe is written in postage stamps," he says. "Weird and symbolical stamp designs of the dozen or more free and independent states that have arisen Phoenixlike, from the ashes of the erstwhile Romanoff empire, typify the national inspirations of their peoples, while their primitive character and often crude workmanship are eloquent of the difficulties under which these paper tokens of new-born authority have been evovled. In the aggregate they number, perhaps, some five hundred specimens, exclusive of philatelic errors and varieties. Certain of the earlier and tentative series have already attained a considerable degree of rarity.

The Ukraine Emblem

"Conspicuous upon the postage stamps of the Ukraine is the republican emblem of a three-fork pike, adopted from the arms of the Grand Duke St. Vladimir of Kiev. When it was found that the Bolsheviki were smuggling large supplies of stamps across the frontier, which were being retailed at a huge discount, this device was impressed as a control upon all stamps sold by the Ukrainian post offices. Subsequently stamps of special genre after the designs of the eminent artist, Georges Narbut, were introduced, printed at the lithographic establishment of Mr. Kuzenko at Kiev. A special printing upon thick cardboard was made for use as paper currency. The triform emblem on a shield was likewise imposed upon the former Austrian stamps by the government of the West Ukraine republic.

"The Cossacks of the Dons have so far contented themselves with surcharging enhanced values upon the former Russian types, but from the adjacent Kuban republic have lately emanated under the auspices of General Denikine's volunteer army, particular postage stamps in designs based on those of the former imperial issues, but with a vignette of a knight on horseback in the centre, inscribed 'Russian Union.'

"Georgia likewise presents upon its national postage stamps one of the ancient Sassanide Knights, surrounded by astronomical signs. Azerbaijan is the next prospective candidate for the stamp collectors' favor. From Batum, under British military authority, emanated six lithographed stamps, adorned with a large tree in a circular frame and lettered 'Post of Batum.'

National Badge

"In the Baltic States, Lettonia reproduces upon her postage stamps the national badge—three ears of wheat within a sun-ray, emblematic of agriculture. Owing to paper shortage, the first supplies were printed upon the backs of abandoned German staff maps of the district, and later printings took place upon cigarette and copying paper. To mark the liberation of Riga from the Bolsheviki, three stamps in an allegorical design, portraying two female figures (Riga and Lettonia) embracing before the walls of a large city, were introduced. Lithuania's first postage stamps were locally printed in plain type-set designs, but the current series manufactured in Berlin, bears an elaborate figure of St. Michael on horseback. An early printing was made upon thick Silurian gray paper, previously employed for the printing of bread tickets.

"The Estonian stamps issued at Reval in December, 1918, were of an unpretentious character, inscribed 'Eesti Post.' The latest varieties, however, represent a flight of seagulls over the waves, and on the high values, an ancient Viking war galley.

"Special postage stamps have recently been provided for the Northwest Russian army, both overprinted on obsolete Russian types, and in special designs incorporating the letters 'O. K. C. A.' (North Russian Army Corps) typographed at Reval. Since October, 1917, the postage stamps of Finland have borne the figure of the Lion of the North, after the design of the architect, Eliel Saarinen, in place of the one-time Russified designs.

"With perhaps unconscious irony, the government of soviet Russia retains upon its two current postage stamps the allegory of the Sword of Freedom severing the Chain of Bondage, originated by Mr. Barin of the state Printing Works under Kerensky's regime."

WILL SELL BUILDING TO RAISE FUNDS

Austria Will Negotiate With Bolsheviki For Return of Prisoners

Vienna, March 18.—Via London, March 19.—Dr. Karl Renner, the Chancellor, to-day notified the Allied representative here that owing to international pressure it was necessary for the Government to enter into negotiations with Soviet Russia for the return of Austrian prisoners of war. The Chancellor requested that the Budapest Government permit of the joint sale by Austria and Hungary of the old Legation building in Peking, China, in order to secure funds for this purpose.

NO EARLY DROP IN SUGAR PRICE

Vancouver, March 19.—There is a worldwide shortage of sugar, and even with Cuba harvesting the biggest crop that it has ever grown, there will be no immediate drop in price, declared Frank Villapol, of Havana, here yesterday afternoon.

The old law of supply and demand is the troublesome factor in the sugar world to-day. For some years Germany and certain parts of Russia have not produced any quantity of sugar, and until such time as Northern Europe gets back to the business of raising beets, thus helping to swell the available supply, no drop in price can be expected, according to Mr. Villapol.

TO SELL BUFFALO HEADS.

Montreal, March 19.—For the first time in more than twenty years, buffalo heads will be on sale Monday next at the opening day of the first Canadian fur auction sale in Montreal. They are offered by the Dominion Government.

COST OF OTTAWA SESSION $924,188

That Was Outlay For Session at Which Versailles Treaty Was Ratified

Ottawa, March 19. — The special session of Parliament held last year for the purpose of ratifying the peace treaty with Germany cost the country $924,188. This information was tabled in the House of Commons yesterday afternoon in answer to a question by Hon. W. S. Fielding. The statement of expenditures which was brought down by Hon. A. L. Sifton, shows that the House of Commons was responsible for a total expenditure of $682,188, and the Senate $242,000.

Indemnities paid to members of the House of Commons totalling $580,727 accounted for the great bulk of the expenditure charged to that chamber. The sessional indemnities for Senators amounted to $225,000, and transportation $5,000.

Censorship.

A. R. McMaster, Brome, was informed that the press censorship in Canada, which ceased to exist at the first of the present year, had cost Canada $24,693 since November 11, 1918. In this total was an item of $18,010 for salaries.

Blondin's Trip.

T. W. Tobin, Richmond-Wolfe, was told that Hon. P. E. Blondin had made one trip to the United Kingdom since December, 1915. This journey, which ended July 5, 1918, cost the country $2,340.

Butter.

Donald Sutherland, South Oxford, was informed that on September 30, 1918, there were 25,009,821 pounds of creamery and 2,081,442 pounds of dairy butter held in cold storage in Canada. The quantities of butter held by firms manufacturing oleomargarine were: September 30, 1918, 3,622,830 pounds; July 1, 1919, 1,777,814; November 1, 1919, 6,630,076; March 1, 1920, 2,469,536 pounds.

Wheat.

Ottawa, March 19.—Pius Michaud, Restigouche will on Monday ask how many bushels of wheat were imported into Canada from the United States during the year 1919 and how much duty was collected on the importations.

Mr. Chisholm will make inquiry as to the personnel of the Canada Wheat Board, the salaries of the members and their allowances.

He also will ask if there is a tax of $2 a barrel on flour exported from Canada, who was responsible for it and what is its object.

He also will ask as to the personnel of the Canadian Trade Commission, salaries paid the members and their previous occupations.

Rural Credits.

Establishment of a system of rural credits in Canada is the theme of a question to be placed before the Ministry in the Commons by Duncan Ross, West Middlesex. He will ask if the Government has considered this question and when it intends introducing such legislation.

Wheat for Greece.

Ottawa, March 19. — (Canadian Press)—In the Commons yesterday afternoon, Hon. A. L. Sifton tabled the contract between the Governments of Canada and Greece in respect to the purchase of 12,000,000 bushels of wheat by the latter country. This return was asked for by J. Archanbault, Chambly-Vercheres.

The delivery of the wheat was to be made in the twelve-month between July 1, 1919, and June 30, 1920, subject to an increase in the amount.

"KING OF SYRIA" IS NOT RECOGNIZED

London, March 19.—The British and French Governments notified Prince Feisal, son of the King of the Hedjaz, that they could not recognize the validity of the decision of the Damascus congress which proclaimed him King of Syria.

Premier Lloyd George made this statement in the House of Commons yesterday in answer to a question.

INCOME TAX PLAN.

London, March 19. — The Royal Commission on the income tax recommends that in respect of incomes taxed both in Great Britain and the Dominion of Canada there should be deducted from the tax here the whole of the Canadian tax.

This reduction would be subject to certain reservations concerning the maximum amount of relief granted.

Another Epidemic OF THE SPANISH INFLUENZA

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after effect such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are run down, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify your system against this terrible plague.

If you had the "Flu" before and it left you with any bad after effect, Milburn's Heart and Nerve Pills will bring you back to health and strength.

Mrs. C. C. Palmer, Keppel, Sask., writes: "I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds. I will always keep Heart and Nerve Pills in the house."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PALE ANAEMIC GIRLS AND BOYS

Need the Tissue Building, Blood Making, Strength-Creating Elements Contained in Vinol

Druggists Guarantee Vinol Will Make Them Strong, Robust and Rosy, or Return Your Money

It is not natural for a child to be pale, sallow, thin, ailing and puny, with no appetite, and with little limbs, thin and scrawney.

What such children need is more iron in the blood and the strengthening, tissue and body building elements of good old-fashioned cod liver oil, without the oil, such as is contained in VINOL, together with other vitality-making ingredients.

VINOL increase the red corpuscles and enriches the blood, quickens the circulation, increases the appetite, aids digestion; soon the cheeks regain their rosy hue and the little limbs fill out round and plump and instead of being thin, sickly, ailing your child is transformed into a happy, healthy child, strong, robust and rosy.

Mrs. L. Andrews, of Bainbridge, N. Y., says: "My little daughter, 13 years old, overworked and was rundown, tired all the time, nervous, had headaches, wouldn't eat, and had to stay out of school. VINOL has built her up. She has a good appetite and no more headaches and has returned to school."

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children there is no remedy like VINOL.

SOME EX-SOLDIERS NEED CERTIFICATES

Ottawa, March 19.—It is announced that no Imperial ex-service man who left the British Isles after February 17 is eligible for the benefits of the Soldier Settlement Act whether he came to Canada direct or through the United States, unless he is in possession of a certificate issued by the Overseas Selection Committee of the Board. Those who left prior to that date may be dealt with if they apply to any office of the Board in Canada before April 15 next.

No Imperial ex-service man who commenced training in Canada on or after February 16, 1920, is eligible for training allowances.

AUSTRALIANS AND THE WORLD LEAGUE

Sydney, N.S.W., March 19.—Premier Hughes, in a speech here today, said the United States was hesitating to accept the covenant of the League of Nations owing to a misunderstanding and because each British Dominion had a vote.

"We stand fast by the treaty on the same status of nationhood as the United States," said the Premier. "Australia paid a thousandfold greater price than the United States. We are a small nation but we are jealous of our liberty and are determined to maintain our rights."

CROWDS IN EGYPT ATTACKED POLICE

London, March 19.—A dispatch received here from Cairo, Egypt, last evening said:

"Crowds on Tuesday attacked the police station at Kafrsheikh, where the native recruiting commission was sitting, liberating recruits and prisoners.

"The police, after firing in the air, turned their rifles on the attacking party, killing one and wounding several. Some of the police also were wounded.

"A similar disturbance occurred Wednesday at Desuk, where three members of the attacking party were killed and several of the rioters and police wounded. British troops were called upon to restore order."

ONE BIG UNION'S RAILWAY DEMANDS

Winnipeg, March 19.—The Transcona unit of the One Big Union railway shop employees last night endorsed a schedule it proposes to submit in respect to working conditions which, if approved by the district executive, will affect workers at outside points. This provides for an eight-hour day, a five-day week and a minimum wage for machinists of $1 an hour, an increase of 28 cents above the present scale. A similar increase is suggested for the lower grades of employees, including helpers. A convention is expected to be held of the whole of the Western members.

VANCOUVER LOAN.

Vancouver, March 19.—A loan of $510,000 at 5 per cent has been effected at a very favorable rate by the Vancouver and District Joint Sewerage and Drainage Board from the Lumbermen's Trust Company, of Portland, Oregon. The annoucement was made yesterday by Chairman Stables.

TURK COMMANDER REBELLIOUS

London March 19.—The Evening Standard says it learns that the commander of the Turkish troops in Thrace had refused to accept orders from Constantinople, has renounced the armistice and proposes to establish a Government in Adrianople.

A SOVIET PIPE-DREAM.

Paris, March 19. — The Temps quotes a Russian Bolshevik radio dispatch issued since the Berlin coup as saying in connection with propaganda of the Bolsheviki in Alaska: "It is announced that the population of Alaska is seeking to separate from the United States and organize a Soviet Government."

VICTORIA AND SAANICH.

Victoria and Saanich should experience no real difficulty in composing their differences in connection with the smaller municipality's proposal to operate a motor bus service in and out of its own territorial borders. It is obvious that the larger and more important community cannot be expected to accept a superior authority such as that which the bill now before the Legislature seeks to impose in behalf of the Corporation of Saanich. If a motor vehicle conveying passengers from the neighboring municipality into the City of Victoria is permitted virtually to ply for hire on our streets no serious contention can be advanced against the imposition upon that service of such regulations as govern traffic originating and conveyed within the city limits themselves. A concession such as Saanich seeks to obtain by the passage of its bill would conflict with city regulations in respect of motor passenger traffic in general and create a condition which would be untenable from the outset. Surely it should be possible to establish a zone system by which the origin of traffic could be effectively determined and place the motor busses of Saanich under the same conditions as jitney transportation in this city.

THE QUID PRO QUO?

It will be remembered that The London Daily Herald published a dispatch from Moscow a few weeks ago chronicling the impressions of life under Soviet Government as experienced on the spot by Mr. George Lansbury, the well-known Laborite who presides over the destinies of the journal in question. Presumably the former parliamentary representative for Bow and Bromley has returned from his sojourn by this time, although very little prominence appears to have been given to an extended narrative from which the general public might form a more accurate conception of life in the late Czar's former kingdom.

In the event of the Allied countries deciding to send a commission to Russia, however, it should be possible to place in the hands of both sceptical and convinced reliable information as to the advantages—if any—and disadvantages of the newly-born proletariat dictatorship. In the meantime the Bolsheviki Government apparently is mindful of the services rendered to its cause by The Daily Herald, since a dispatch from Stockholm indicates that the local Norwegian agent of the Lenine regime has been instructed to furnish the London journal with five hundred tons of newsprint paper at the expense of the Soviet Government.

Is this the quid pro quo sequel to the nice things Mr. Lansbury said about conditions in Moscow? And how will the average British workingman subscriber to The Daily Herald—a Trades Unionist but a long way from a Bolshevist—look upon the transaction? If Mr. Lansbury is wise he will endeavor to get along without the assistance of this form of Bolshevik support; the funds behind The Daily Herald, with which It meets its heavy weekly loss, already are badly compromised.

IN EGYPT.

According to a belated dispatch from Cairo to London the Egyptian Nationalists are endeavoring to mould popular sentiment in support of resolutions, adopted by fifty-two members of the Executive Assembly, proclaiming the independence of Egypt and the Sudan. There is nothing particularly alarming in this announcement for the simple reason that it is directly in line with former pronouncements which have been made by prominent Nationalists in recent months.

National detestation of the protectorate has been manifested in many ways within the last two years and the general attitude of the rank and file of the Egyptian people has been directed by the Pan-Islamic enthusiast whose superior education has enabled him to dominate the ignorant majority. In the light of these more definite latter day developments, however, it is pertinent to ask what has become of the Milner Mission. The latest reports of its activity to reach this country as far as we remember indicated a complete failure to convince the various Nationalist leaders that it would be to their advantage to discuss the country's problems with the Commission. That is no reason, however, why any movement towards a direct challenge to British protection should be allowed to grow until at some date in the future a situation has been created [illegible] would entail a military expedition.

[illegible] the Nationalist Party in Egypt must be made to understand that Great Britain's policy of the future must comprehend a reasonable estimate of the aspirations and ideals of the Egyptian people as a whole, and a programme that will neither thwart national sentiment nor endanger vital British interests, particularly in the Suez Canal.

If Lord Milner—and he may not have been the best man for the task—is unable to deal with the Nationalist Party it might be good business for the Lloyd George Ministry to appoint a Missioner less wedded to the rigid diplomacy of the old school.

From this distance it looks as if Mr. Lloyd George is endeavoring to create a party which will be more anti-radical than anything else. According to a London report at a secret conference between him and Coalition Liberals yesterday he declared the complete co-operation of the moderate elements in the country was necessary to fight the Socialists. If this is his motive it suggests that Mr. Churchill in his recent reflections upon the capacity of Labor to govern was not speaking for himself alone, but was deliberately heralding a new political organization to be fathered by the Prime Minister. In that case there would be virtually just two parties in Great Britain—the moderates and extremists—since on some outstanding economic or political issue it would be impossible for any element to be neutral. It is a bold move; it is also a very difficult one.

Mr. Bowser declared yesterday that the $80,000 commission in connection with the Kitsilano Indian Reserve transaction did not go into his party campaign fund. We quite believe it. We assume that the political friends of Mr. Bowser, to whom the money was paid as an unexampled middlemen's profit on a deal involving $220,000, would not let it get away from them no matter how tearfully campaign managers might plead for it.

Reports from Germany declare the western sections of the country particularly the industrial districts to be largely in the control of the Spartacan. Against these Noske, Minister of Defence, and the strongest man in the Government, may be expected to proceed energetically. If he should fail nothing could avert anarchy unless it were the intervention of the Allies, and that would do more harm than good in the long run.

If the murder of every policeman and soldier in Ireland were followed by the prompt execution of the murderer, this pastime of the Sinn Fein would soon lose its charm.

CANADA'S JUST DEMAND

(The New York Tribune)

Among all the peoples of the world the friendship of no one is more needed by the United States than that of our neighbors to the north—the Canadians. Their territories join ours along 3,000 miles of border. The Canadians now number 10,000,000, and within the lives of those now living will number 50,900,000. They are now a great nation and destined to be a greater one. Closer to us in every respect than any other people, it would be a crime against the future to provide any basis for complaint. It is probably not going too far to say it is more important to us to have Canada's esteem than to join the League. It is thus not good statesmanship to put a sort of stigma on Canada by saying she is not good enough to sit with us on terms of full equality in the assembly of the League of Nations. To have it appear that we vetoed Canada's just aspiration for honorable recognition would work a grave injury to our own country. What counts is not what the British think or the Irish think about Canadian representation, but what the Canadians think. We cannot afford to have Canada out even though she were willing to stand aside. An American of sense and fairness would not find it easy to answer a Canadian friend who might say to him: "You put Cuba, Panama, Hayti, Santo Domingo, your dependencies, in the League, but you were unwilling to trust us. Why?"

WHERE LAWYERS GOT THEIR GOWNS

(The Manchester Guardian)

Barristers appear to have had no official costume until the end of the seventeenth century. Before then the costume worn by students at the Inns of Court and by "Utter Barristers" consisted of a stiff gown, and sometimes, in term time, a round cap, which was worn in Hall or in church. When the judges adopted wigs the barristers did so too, but while the judge's wig has only one vertical curl just above the tail of the wig, the barrister's has three rows of horizontal curls going all the way round. The silk gown, full-bottomed wig and black court dress now worn by King's Counsel are generally held to date from the funeral of Queen Mary, being the mourning dress worn by the wish of King William for a considerable period after the Queen's death, and adopted as a convenient costume ever since. The jest of Chief Baron Pollock that "the Bar of England went into mourning at the death of Queen Anne and never came out again" goes some way in support of this theory, though it seems to involve a conflict with other authorities in the matter of the precise Queen who was concerned.

THE WORLD'S GREATEST BANK

(The Kingston Whig)

The Bank of Thrift pays the highest interests on deposits. No man is really poor who retains his credit with this great institution. Every father can leave his children a fortune by teaching them the value of thrift. Without any extra expense, he can multiply his life insurance many times over for the future advantage of his family. Money saved is money earned. It lies within the power of the great mass of workers to increase their own earnings by acquiring habits of ecenomy. A decent respect for the Creator of all things necessitatees thrift through life. Morally beautiful, it is practically desirable. And the ways of thrift may be acquired by anyone who patiently seeks them. The world's strongest financial institution is not the Bank of England on Threadneedle Street, but the Bank of Thrift, which maintains its myriad branches on the streets of life. To open an account in one of these is the beginning of prosperity.

BACON OVERSEAS

(Punch)

"The Americans are anxious to abolish the breakfast habit in the United States," says a gossip writer. Another consignment of their bacon and they should accomplish the same trick in this country.

AN IRISHMAN'S OPINION

Englishmen hate liberty and equality too much to understand them. But every Englishman loves and desires a pedigree.—George Bernard Shaw.

But suppose the fellow prefers butter?

DENHOLME PROBE IS HANGING FIRE

Nothing Has Been Done Yet; Conference to Be Held To-day

The civic authorities are absolutely undecided whether to hold an investigation into the Denholme dismissal or not, The Times was informed at the City Hall to-day.

Alderman Cameron, chairman of the Conciliation Committee, which was instructed to carry out the investigation, stated to-day that no steps in the matter had been taken. A conference on the subject would be held during the course of the day, he said, but beyond that he was not in a position to make any statement.

Some of the aldermen who apposed the investigation had planned to re-introduce the subject on Monday night when, with Aldermen Patrick and Johns present, the probe probably could be quashed. They were informed, however, that only an alderman who had voted in favor of the investigation or the Mayor himself could re-introduce the question on a notice of motion. Questioned on this subject, Mayor Porter stated that any alderman could re-introduce the subject within a week of the time when it was discussed by the Council. The Mayor himself could introduce the subject within a month.

On this account there is nothing to prevent one of the aldermen from bringing the whole matter before the Council Monday. Final decision on this proposal, the Mayor stated, had not been reached. It is generally predicted about the City Hall, however, that a notice of motion on the subject will make its appearance on the notice board to-morrow.

MOVE TO DOUBLE DEPUTIES' SALARIES

Bill in French Chamber Would Make Figure 30,000 Francs

Paris, March 19.—A bill was introduced in the Chamber of Deputies yesterday proposing to double the salaries of Deputies, raising them from 15,000 francs to 30,000 francs.

The preamble to the measure points out that the value of everything has increased, that the obligations of parliamentarians have grown greater, that the cost of the necessaries of life has tripled and that Deputies are obliged to have residences in Paris where they can receive properly their constituents. It adds that there are only a few of the Deputies who are able to support themselves properly, owing to these increases in the cost of living, and that a majority of the Deputies are likely to find the calmness of mind necessary to the proper direction of public affairs interfered with unless their salaries are raised.

NAMED SECRETARY FOR TWO PROVINCES

Vancouver, March 19.—Stanley Brent, general secretary of the Calgary Y. M. C. A. for two and a half years, has accepted the position of territorial secretary for Alberta and British Columbia, succeeding Harry Ballantyne, who has been appointed general secretary for Ontario and Quebec. He assumes his new office on April 15.

Mr. Brent is a graduate of Toronto Central, and entered the Association employed secretaryship in 1905 when he became physical director at Stratford, later going to St. Catharines and then to London in the same department. He was then general secretary at New Glasgow, N. S., and from that place went to Calgary. While in Alberta he was recognized as a leader in community, religious and amateur sporting activities.

JEWS IN BUDAPEST ATTACKED; THIRTEEN PERSONS INJURED

Budapest, March 15 (delayed).—At a meeting of an anti-Semitic organization known as "Hungarians Awakening" last evening there were addresses demanding distribution of the property of Jews among Christians, and later a mob rushed through coffee houses in the city attacking Jews. Thirteen persons were seriously injured during the disorders.

EDWARD ROULLIER, ARTIST, DIED IN CHICAGO TO-DAY

Chicago, March 19.—Edward Roullier, well known artist, died to-day after an acute attack of heart disease.

The French Government recently honored him for his efforts toward promoting friendly relations between the United States and France.

He was born in Paris in 1858 and educated at the Paris Lycée.

LADY ASTOR, M. P., FAVORS SOCIALISM

London, March 19.—Lady Nancy Astor, M.P., made a declaration in favor of Socialism in an address at a meeting of women employees of the civil service yesterday.

"I hope some day we shall all be Socialists," said Lady Astor. "It is a far better state than the present, but we are a long way from it yet. That is the tragedy of it. We do not have enough of the communial spirit."

WINNIPEG EX-SOLDIERS.

Winnipeg, March 19.—At a largely-attended meeting last night at the Great War Veterans' headquarters, the formation of one large organization in Winnipeg of all returned soldier bodies was advocated. At a future meeting this matter will be finally decided

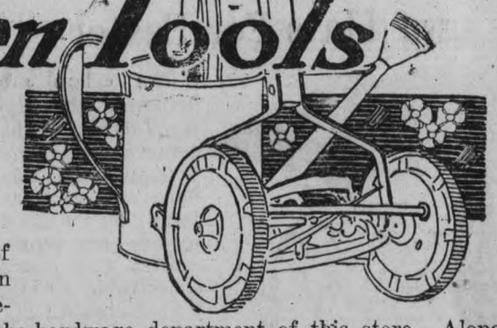
PIONEER DIED.

North Vancouver, March 19.—Captain Laurence Kickham, pioneer and mariner, died here Thursday, aged eighty-three. He was born in Prince Edward Island. He is survived by two daughters and a son, Madame Rosina Burke, Vancouver; Mrs. W. Tower, Los Angeles, and Captain T. Kickham, North Vancouver.

STRIKE AVERTED.

Rome, March 19.—The threatened railway strike has been averted by the Government granting the men a seven-hour day and an increase of 200 lire a month.

Garden Tools



Every size and style of implement that the garden enthusiast is likely to require can be purchased in the hardware department of this store. Along with this unusually complete variety, prices are as moderate as dependable quality permits.

SPOKANE JAILER CHOKED TO DEATH BY INSANE MAN

Spokane, March 19.—William B. Nelson, city jailer, was choked to death early to-day in a corridor of the city jail. Police declare Steve Potaskey, arrested yesterday as an insanity suspect, was the only prisoner outside the cells at the time and they believe he was Nelson's slayer.

LONDON GRAPHIC LOSES LAW SUIT

London, March 19.—Miss Gladys Deacon, of Boston, was awarded a verdict of £500 and costs against The Daily Graphic for libel yesterday. The paper had asserted she was banished from Germany where her name was frequently coupled with that of the former Crown Prince.

SETTLEMENT FAILURE.

Toronto, March 19.—"The province has spent a large amount of money for very small returns, and the unsatisfactory conditions should have been dealt with at a much earlier date," says the report of the commission appointed by the Drury Government to investigate the conditions at the soldiers' settlement at Kapuskasing.

COMMANDS AT KIEL.

Berlin, March 19.—Rear-Admiral Evers has been appointed station commander at Kiel, replacing Rear-Admiral Levetzow, and has been given an advisory council of four belonging to various parties.

MINERS' WAGES.

Washington, March 19.—Bituminous coal miners and operators probably will be asked by President Wilson to work out their new contracts for the coal year beginning April 1 on the basis of the majority and minority report of the coal strike settlement.

KILLED ON TRACKS.

Prince Albert, March 19.—Sydney A. Matthews, of Prince Albert, aged twenty-four, is believed dead, under the wreck of a snowplough, which was sent out from the Prince Albert yards of the C. N. R. to clear snow from the Prince Albert-Battleford line, which has been blocked since Sunday.

C. N. R. EARNINGS.

Toronto, March 19.—Canadian National Railway earnings for the week ended March 14, 1920, were $1,625,485. Corresponding period last year $1,480,946. Increase, $144,539.

WORSE NOW.

Montreal, March 19.—Conditions today in Montreal, which went under a beer and wine license system last May, are worse than when there was unrestricted sale of all liquors here, S. J. Carter, president of the Quebec branch of the Dominion Temperance Alliance, told that organization last night.

STRIKE SETTLED.

Lisbon, March 19.—The strike of postal workers and telegraphers was declared off to-day when the Government granted an increase of wages amounting to $40 a month.

COLONIZATION ASSOCIATION IN PROVINCE URGED

Vancouver, March 19.—With a view to the establishment of a colonization association in British Columbia, Mayor Brown, of Medicine Hat, sent a telegram to the Vancouver Board of Trade asking for its co-operation. The question was discussed at a meeting of the Board of Trade council yesterday, when it was decided to obtain more detailed information from Mayor Brown before taking any definite action. Colonization associations already are established in Manitoba, Saskatchewan and Alberta, and it is deemed desirable in the prairie provinces that British Columbia should co-operate.

WOULD LIKE TO SEE NEW CO-OPERATIVE SPIRIT IN VICTORIA

Guy Manners Calls Upon People to Take Off Flannels and Get to Work

"I hear some talk that you need to have a lot of funerals. You need nothing of the kind. What you need is a christening—the christening of a co-operative spirit. When that is done you will have a force here that will make a great city. You have on this island a continent in miniature. You have so many of the good things and so few of the bad. You are law-abiding, sane and sober, and you are conservative, perhaps a little too conservative. You must be liberal to-day. You must have the advanced idea that you are the servants of the public. Then your constructive programme can be pushed ahead."

These words were spoken by Guy Manners last evening before the general meeting of the Retail Merchants Section of the Board of Trade. He paid glowing tributes to the possibilities of Vancouver Island and called upon the people to take off their flannels and get down to work and forget that they are trying to make this part of the country a playground for the rest of the continent.

No Chance As Resort.

"You want to make this town a resort, but you can't do it and get away with it," declared Mr. Manners. He went on to tell of the fashionable resorts on both coasts which Victoria would have to compete with. He admitted though that this city would make a model resort if it had hostelries and attractions equal to the other seaside tourist centres.

Mr. Manners said that Victoria was a logical place for industries, having the best all-year working climate on the continent. Beside this advantage there was an abundance of natural resources, and, further, the capital was here to develop these resources. However, the co-operative spirit was lacking. Mr. Manners had detected a spirit of jealousy between the cities of Victoria and Vancouver, and he said it was about time the people in both cities put their hand across the seas and walked side by side in the development of the Province.

The Great Treasure.

"Blessed will be the day when a ribbon of smoke from a ten-million dollar steel plant wafts its way towards William Head," asserted Mr. Manners. "And blessed will be the day when the hard-headed business men of this city realize that they are walking on the greatest treasure of natural resources, mile for mile greater, that can be found anywhere."

The only way in which the enormous debt contracted during the war can be wiped out was by everyone getting down to work, declared Mr. Manners. "You've got to get your flannels off and grip the axe and the saw and develop your resources," he said. "You have got to quit being the playground of the rest for the continent."

Big Buildings.

Mr. Manners hoped that he would live to return to Victoria and find that instead of seeing so many "for sale" signs in the city he would find people clamoring to buy, and the City Council beseiged with permits for ten-storey buildings.

In closing Mr. Manners warned people not to let their money sleep at three per cent. in the bank. "You've got to turn it loose. Money not working is one of the crimes perpetrated after the war," he said.

AGAIN DELAY ON GORGE BRIDGE WORK

Policy of Shifting of Responsibility Continues; Meanwhile Watchmen Are Paid

Councillor Dooley moved in the Saanich Council last evening that pending a decision with regard to the Gorge Bridge by the Government, an estimate of the cost of repair should be made by the engineers of Saanich and Esquimalt. The resolution was seconded by Councillor Graham.

Mr. Dooley was induced to take this action by a letter from C. H. French, Manager of the Hudson's Bay Company here. Mr. French stated that water sports would be held at the Gorge in May, in connection with the pageant, and he understood an announcement would be made by the Government in the near future repudiating responsibility for the maintenance of the structure.

The motion however was withdrawn on the advice of Reeve Watton, who stated that the preparation of an estimate would be taken by the Department of Public Works as a direct invitation to turn the responsibility over to the municipalities. While the Reeve was expecting an adverse decision, it was no use to anticipate it, he said.

The Council resolved to table the communication until the Government has announced its decision on the subject.

It was stated that as much money has been paid for the service of watchmen since the bridge was closed as would have paid for repairing the bridge.

The Council decided to maintain its policy of extending waterworks pipe free to consumers, the balance of cost to be paid by the consumers. This plan led to an animated debate, particular objection being taken to the principle of rebating charges under certain circumstances of construction.

The engineer expressed the opinion that two-inch mains could only be regarded as temporary in their character, and therefore any action taken should only be done with that end in view.

The man who is tempted to become a knave should first examine himself to see whether he is not better fitted for a fool

IN WOMAN'S DOMAIN

Social and Personal

The following announcement from The Vancouver Daily World will be of interest to local friends of the bride and groom, who are spending their honeymoon here: "A very pretty and artistic wedding took place last evening at Mount Pleasant Methodist Church, Dr. Sipprell officiating, when Miss Nellie May Pettipiece, second daughter of Mr. and Mrs. R. P. Pettipiece, was united in marriage to Eric G. Gaisford, only son of Captain George Gaisford, a pioneer resident of the city. Preceded by Miss Kathleen Hutchison, a dainty little flower girl, the bride entered the church on the arm of her father, who gave her away. She was becomingly gowned in a frock of ivory satin, with overdress of ninon embroidered in beads. Her wedding veil was worn in Billie Burke mode with chin strap and wreath of orange blossoms and she carried a sheaf of tiger lilies. Miss Una Pettipiece and Miss Nellie Downs acted as bridesmaids, the former in a gown of pale blue satin trimmed with silver braid, with hat to match; the latter wearing a gown of flesh pink crepe de chine with large picture hat of pink chiffon and miniature rose wreaths. Mr. T. Bonne Miller officiated at the organ and Mr. Robert W. Turley supported the groom. During the signing of the register Miss Sewell sang "I Love You Truly." A buffet supper was held at the home of the bride's parents following the ceremony. Mr. and Mrs. Gaisford left by the midnight boat for Victoria, where the honeymoon will be spent. On their return they will reside in Vancouver."

☆ ☆ ☆

The many Victoria friends of Mrs. Garland Foster, widow of the late editor of The Nelson Daily News, will be interested to learn that she has left for Montreal, where she will have the distinction of being the first woman in Canada to sit at a Dominion convention of the Great War Veterans' Association of Canada, which opens in that city on Monday next. Between four and five hundred ex-soldiers will be present. Mrs. Foster is first vice-president and one of the leading spirits in Nelson branch of the G. W. V. A., and is also an alderman of the city of Nelson. She served during the war as a nursing sister and did splendid service. Her husband was for many years editor of The Nelson News and was killed while serving overseas after being twice decorated for bravery and devotion to duty under fire. Mrs. Foster holds the degree of B. A. from the University of New Brunswick, also a diploma in nursing from a Philadelphia hospital.

☆ ☆ ☆

Major-General R. G. Edwards Leckie, formerly G. O. C. of M. D. 11, will speak at the next weekly meeting of the New Westminster G. W. V. A. explaining his plan to train returned men as prospectors and finance their operations, as a means of re-establishing men who are inclined to take up such work, under the S. C. R. organizations.

☆ ☆ ☆

Mrs. Ralph Smith, M. P. P., will leave for California immediately after the present session of the Provincial Legislature to supervise the making of a motion picture, the scenario of which she wrote some time ago. Friends of British Columbia's first woman legislator will be surprised to hear of her in this new role.

☆ ☆ ☆

Mr. and Mrs. E. Parker Yarwood returned to Vancouver on Wednesday night after visiting Mr. and Mrs. E. P. Yarwood at Lee Avenue.

☆ ☆ ☆

Capt. and Mrs. Cator, who recently arrived from England, are leaving today for Vancouver, where they will take up their residence.

☆ ☆ ☆

Mrs. Flett, of 484 Superior Street, will leave the city on Saturday. She will be at home to receive her friends after Easter.

☆ ☆ ☆

Consul Ukita, of Vancouver, was in the city yesterday.

GARDEN CITY INSTITUTE

Women Yesterday Heard Instructive Address by Mrs. Frank Andrews on Education

The Garden City Women's Institute met on Thursday, March 18 at the home of Mrs. Wardman, and spent a most enjoyable afternoon. The chair was taken by the president, a little business was transacted and then Mrs. Frank Andrews gave a most instructive talk upon education. Among the points she mentioned was the fact that France had kept her schools going all through the war, often in areas within two or three miles of the front line where it was sometimes necessary for the pupils to wear their gas masks.

In England, despite the fact that the nation was spending enormous sums on the war, yet she increased substantially the amount of money devoted to education, showing that she realized that the democracy must be well educated. At the conclusion of her talk, Mrs. Andrews was thanked most heartly by the president on behalf of the Institute.

Tea was served by Mrs. Wardman, assisted by Mrs. Everett.

MISS OLIVE DETLOR

mezzo-soprano, will be one of the musicians assisting at the monthly tea of the Ladies' Musical Club tomorrow afternoon for which Mrs. Duncan E. Campbell has kindly lent her home at Linden Avenue. The attractive programme will include selections by Miss Kate Hemming, a well-known contralto of Winnipeg, who is now making her home in this city; pianoforte numbers by Miss Kathleen Bradshaw, violin solos by Master Vernon Smith, a pupil of Miss Izard, and songs by Miss Bunting soprano.

FIGHT FOR SUFFRAGE IN UNITED STATES

Story of Ratifications Since June Last Told by Mrs. Kerr

Mrs. Lillian H. Kerr, national organizer of the National Women's party is in Seattle, on her way to Olympia to attend the special session of the Legislature which will convene Monday. Mrs. Kerr is on a western trip in the interests of the suffrage amendment, and has been working in Colorado, Wyoming, New Mexico and Oklahoma. She lives at Colorado Springs and was selected because of her knowledge of Western conditions.

The National Women's party says Mrs. Kerr, was organized in Chicago in 1916. It has but one platform, she declares, and that is the political enfranchisement of women in the United States. Miss Alice Paul is the national chairman of the organization, which has its headquarters in Washington, D. C., on Lafayette Square. During the four years that it has been in existence the party has raised and spent $1,000,000,000 in furthering the suffrage movement. The policy of the party is to hold the party in power responsible for what it does or does not do on suffrage.

By One Vote

Had it not been for the efforts of the Women's party in Oklahoma and New Mexico both states would have been lost to suffrage, says Mrs. Kerr.

The closest battle that has occurred so far took place in West Virginia. The state, controlled by the Republicans, had been pledged to suffrage. But Maryland, which defeated suffrage, sent six anti-ratification legislators to Wheeling to lobby against the passing of the amendment there. With the situation deadlocked by a 14-14 vote in the state senate, the suffrage forces rushed Senator Bloch from California, bringing him from Chicago on a special train, and winning the contest by the narrow margin of one vote.

Ohio's Decision

"The National Women's party," said Mrs. Kerr, "is retaining two of the best lawyers in the United States to defend Ohio's ratification before the Supreme Court of the United States." Whether the ratification of the suffrage amendment in Ohio was legal appears to be a moot question because of a state law governing the ratification of federal amendments.

"It is our policy to have a representative on the spot whether we are sure of the state or not. A last-minute bolt on the part of some faction involved is not at all impossible and, in fact, has occurred. We expected to find Oklahoma lined up for the ratification, but it took an eleventh-hour fight of a desperate character to put it across.

"If women had been able to vote in Germany we should never have had the world war. Mothers are the same whether they are in Germany or Timbuctoo, and the active interests of mothers in the affairs of the United States is exactly what this country needs to-day."

Roll of States

Mrs. Kerr went to Chicago as the Colorado representative of the National Women's party when it was organized four years ago, and was selected as chairman of the committee on a permanent platform. She is vice-chairman of the Colorado branch of the Women's party. Mrs. Kerr has been a voter twenty years.

The states that have ratified, with the dates of the action, are: Wisconsin, June 10; Michigan, June 10; Kansas, June 10; Ohio, June 16; New York, June 16; Illinois, June 16; Pennsylvania, June 24; Massachusetts, June 25; Texas, June 29; Iowa, July 2; Missouri, July 3; Arkansas, July 20; Montana, July 30; Nebraska, August 2; Minnesota, September 8; New Hampshire, September 10; Utah, September 30; California, November 1; Maine, November 5; North Dakota, December 1; South Dakota, December 4; Colorado, December 12; Rhode Island, January 6; Kentucky, January 6; Oregon, Jaunary 12; Indiana, January 16; Wyoming, Jaunary 27; Nevada, February 7; New Jersey, February 10; Idaho, February 11; Arizona, February 12; New Mexico, February 19; Oklahoma, February 28; West Virginia, March 12.

PLAN ENTERTAINMENT FOR ARMENIAN RELIEF

From time to time the world is stirred by stories which filter through from Armenia of the terrible sufferings inflicted by the Turks on the Christian people of that benighted country. In an endeavor to help to counteract the effect of this suffering and to relieve the distress as far as possible, an Armenian Relief Fund was started some time ago and is being administered with much success. To help this fund the members of the Victoria Radio Club have arranged to present a variety entertainment at the Victoria High School on Tuesday evening, March 30.

The programme will include seven big acts for which elaborate preparations are now being made. Miss Mollie Hibben, the talented little Victoria dancer, will present the "Dance Beautiful;" H. King, gold medalist pianist, will contribute a musical monologue at the piano; the Ross Sisters will give an exhibition of dancing; violin numbers will be given by Cartwright & Co., and a premier banjoist will appear in a musical scene entitled "Let Her Go." In addition sketches will be contributed by local talent, including two black-face comedians, and a female impersonator. The Harbor Marine orchestra of six pieces will also assist in the programme.

Tickets for the event are on sale at Fletcher's Music Store, T. N. Hibben's and at the Remington Typewrite Co., No. 3 Belmont House.

FIREMEN'S DANCE

Enjoyable Evening Spent at Headquarters Last Night; First of Series.

About seventyfive couples last night attended the first of a series of weekly dances being held by the Victoria Firemen's Club at the headquarters, Cormorant Street.

The dancers prepared for the first dance at 8.30 o'clock. Just before Zala's orchestra struck the cords Mayor Porter gave a brief talk on the splendid work which had been done by the department in renovating the gymnasium and converting it into such an excellent dance hall. He also made eulogistic remarks about the work of the firemen and the efficiency of the personnel.

Dancing continued until midnight. Everyone announced their intention of attending the second dance, which is to be held on Thursday night next. The firemen plan to hold a number of these dances before the Summer.

The success of the dance was due in a large measure to the work of the committee, which consisted of the following: Chief Stewart, Deputy Chief Munro, Lieut. Taylor, R. Brindell, F. Briers, R. Tate and M. Woodburn.

TO "EVERYWOMAN."
(A Reply to "Nobody.")

Forgive me, Nobody—If I may,
Just a few words I beg to say.
Someone, or Something, IS to blame.
Though none admit it—all the same
They know. "FALSE PRINCIPLE" is his name!

NEWS IN BRIEF

Pathfinder Off For Sooke.—The aeroplane Pathfinder 1 piloted by Harry Brown left this morning for Sooke to give an aerial exhibition and carry passengers.

☆ ☆ ☆

Grants to Cottage Gardeners.—The Saanich Council last evening decided to make a grant of $100 per ward, subject to the approval of the councillor, for cottage garden associations, toward the cost of the Fall exhibitions.

☆ ☆ ☆

To Improve Savannah Avenue.—The Saanich Council has decided to improve the two ends of Savannah Avenue, both at Cloverdale Avenue and Blenkinsop Road, in order to give access for the houses erected thereon.

☆ ☆ ☆

Arrested in Vancouver. — Earl Williams was arrested in Vancouver yesterday and will be brought to this city to-morrow to face a charge of stealing a bicycle the property of Fred Zarelli, 1016 View Street.

☆ ☆ ☆

An Expensive Privilege.—Saanich Council learnt last evening that it will cost $200 to $300 to register a water record for the Cadboro Bay installation of the Giant Powder Company, which the municipality is proposing to lease from the company to supply domestic services. At present it is only registered for industrial uses. In view of the early submission of a water extension by-law, the question of registration was tabled until a vote of the ratepayers of the municipality has been taken.

☆ ☆ ☆

To Address Cowichan School Children.—H. F. Helmsing, secretary of the Dominion branch of the Navy League of Canada, will leave for Cowichan to-morrow, where he will speak to the school children of Cowichan upon Britain's sea-power and the work of the Navy League in fostering that power.

☆ ☆ ☆

To Lecture on English Cathedrals.—At St. Mary's Memorial Hall, Oak Bay, on Tuesday evening next, March 23, at eight o'clock, the Rev. C. R. Littler will give an address on the Cathedrals of England. The lecture will be illustrated by an excellent series of lantern slides.

☆ ☆ ☆

Missing Man Wanted. — William Rosborough, 33 Waverley Street, Ottawa, has written to the city police asking their co-operation in an effort to ascertain the whereabouts of Robert Rosborough, who left his home 17 years ago. The missing man is wanted in connection with the settling up of the family estate.

☆ ☆ ☆

Esquimalt Campaign Starting.—Esquimalt's second campaign in two months to elect a Reeve will be opened to-night, when supporters of Alexander Lockley will meet at the Sailors' Club at 8 o'clock. It is expected that John Jardine men will also rally there so that the campaign will be lively from the start.

☆ ☆ ☆

Uplands Tax Case Goes On.—Judge Lampman in the County Court continued the hearing to-day of the appeal of Uplands property owners, headed by William H. Gardiner, against the high assessment imposed by Oak Bay municipality. A. P. Luxton, K.C., is defending the action of the Oak Bay authorities, while H. B. Robertson is trying to have their orders set aside.

☆ ☆ ☆

Did Not Know He Was Hurt.—A rather peculiar accident overtook Richard Murrant, of 202 Jessie Street, yesterday afternoon as he was crossing Government Street opposite the Pantages Theatre. A motor car knocked him down and the driver came back to see if he was injured. At that time Mr. Murrant did not feel unwell and told the driver to go on. A few seconds later he was aware of a pain in his right arm, and discovered that he had a compound fracture.

☆ ☆ ☆

Empress Billiards.—In the Empress Hotel Billiard handicap last night Frost, owes 125, beat Lamb, receives 59, by four points. Frost meets George Mallett, receives 75, in the semi-final to-night. The winner of to-night's game plays Proctor in the final Monday night.

☆ ☆ ☆

Fishing Prospects.—Trap men are anticipating an early fishing season, according to Peter Graignic, manager of the Sooke Harbor Fishing & Packing Company, operating traps at Otter Point, Beachy Head and No Point. The traps at these points are now being prepared for the season's operations. He states that trap operators all along the coast are looking for big results this year.

☆ ☆ ☆

Tax Retail Sales.—A communication was read last night at the meeting of the Retail Merchants Section of the Board of Trade suggesting that the Dominion Government was preparing to place a tax of 1 per cent. on all sales of retail merchants. The question was discussed for some time, and laid over until the next meeting, pending the receipt of further information from Ottawa.

☆ ☆ ☆

"Vivette" Now Available.—"Vivette," an impressive little story of the war, from the pen of Captain L. H. Grover, late of the 1st Battalion, C. E. F., and published by H. Diggon, is among the last contributions to local literature by Canadian soldier-authors. Captain Grover, who reveals considerable literary talent in his composition, is devoting a generous portion of the proceeds from the sale of the book to the Canadian National Institute for the Blind.

☆ ☆ ☆

Mrs. Gordon Addressed Guild.—The recently-formed St. Andrew's Social Guild met yesterday afternoon and spent a most enjoyable and profitable afternoon. An interesting feature was the talk given by Mrs. J. D. Gordon of her work among the soldier-settlers, carried on under the Homes Branch of the Soldiers' Settlement Board. Mrs. Jaffery contributed much to the pleasure of the afternoon with her instrumental solos. Last month the Guild accomplished much sewing for the Jubilee Hospital, and at yesterday's meeting a number of the members took home sewing for the Protestant Orphanage. Mrs. H. E. Young presided at the meeting, which was largely attended.

☆ ☆ ☆

Jellicoe Praises Movement.—The Provincial branch of the Navy League of Canada, has received from the Dominion President a copy of the following extract from Admiral Jellicoe's report to the Canadian Government on the naval policy of Canada: "The several branches of the Navy League in the Dominion were particularly desirous that I should address meetings in the principal cities with the object of emphasizing the supreme importance of sea power to the Empire; and this was done. In this connection I was much struck with the great work accomplished in some cities, particularly Victoria and Toronto, in the formation of Boys' Brigades and their excellent systematic instruction given to the boys in seamanship, signalling, wireless, etc., and in fostering the sea spirit. The greatest credit is due to those who devote a very large proportion of their time and large sums of money to the furtherance of this work."

GENERAL MANAGER OF P. G. E. RESIGNS

George E. Macdonald Will Leave Province For Alberta

Premier Oliver announced this afternoon that George E. Macdonald, General Manager of the Pacific Great Eastern Railway, has tendered his resignation to the cabinet.

No details were given by Mr. Oliver as to the reason for Mr. Macdonald's resignation.

It is understood, however, that Mr. Macdonald has accepted an important position in Alberta.

It is presumed that the resignation will be accepted by the Government, although it has not been formally before the Executive Council in session.

OBITUARY RECORD

The death occurred last evening at the residence of his daughter, Mrs. O. Fagerberg, on Wilkinson Road, of Teodor Benard Nelson, aged seventy-five years. He was born in Sweden and had been a resident of Saanichton for the past eight years, formerly residing in Winnipeg. He leaves to mourn his loss, besides his daughter on Wilkinson Road, one son, E. Nelson, of this city; one son and two daughters in Manitoba; also one brother residing at Strawberry Vale. The remains are reposing at the Sands Funeral Chapel. Funeral announcements will be made later.

Mrs. Emily Piell, of the Twout encampment of the Saanichton Reserve, died on Wednesday at the Isolation Hospital, and was yesterday buried at Saanichton beside the remains of her husband and little daughter, who predeceased her some ten days ago.

The funeral of Mrs. Mary Louise Masters, late of Nanaimo, B. C., took place yesterday afternoon from the Thomson Funeral Home, Rev. H. S. Osborne officiating. Many friends attended the service, including a delegation from Queen Alexandra Review No. 11, Maccabees, Victoria, as follows: Mrs. Galbraith, commander; Mrs. Bloor, chaplain; Mrs. Ball, sentinel; Mrs. Stephen, lady-at-arms; Mrs. Turnbull, colorbearer; Mrs. Hoey and Mrs. Dresser. Mrs. Levy attended, representing Victoria No. 1. St. Cecilia Review No. 14, Maccabees, of Nanaimo, was represented by Mrs. Lillian P. Hudson, supervising deputy of W. B. A. The following acted as pallbearers: Messrs. T. O'Connell, G. J. Grimmason, D. R. Gourley, MacKinnon, James Adams, W. J. Powell. Interment took place at Ross Bay Cemetery.

CITY ACTS TO SAVE SUMMER DAYLIGHT HERE

Probably Will Re-inaugurate System If No Provincial Legislation Forthcoming

Solidly behind the agitation for daylight saving the civic authorities have instructed City Solicitor Pringle to urge upon the Legislature advisability of inaugurating the system again this year. Mr. Pringle will take the matter up with the Private Bills Committee of the Legislature immediately, and lay before it a resolution favoring daylight saving passed by the City Council some time ago.

The city is very anxious that the Provincial Government should re-establish daylight saving and put it upon a Province-wide basis. In this way all possibility of friction between municipalities adopting the system and those abiding by the old time would be removed. If, however, the Provincial authorities do not see fit to introduce the system again it is altogether probable that the city will adopt it anyway.

"Personally I am thoroughly in favor of daylight saving," Mayor Porter stated to-day, and he recalled that the resolution endorsing the system found favor with all but one alderman when it came before the Council some time ago. "I certainly hope that the Provincial Government will re-inaugurate the system. The trouble is, I think, that the opponents of the system are very active in their agitation while the supporters—and I think they form a large majority of the people of the city—are not worrying about the matter, presuming it probably will be re-introduced anyway. I think it is time that the wish of the people who favor the system should be made known, in the most emphatic way possible, to the Government. If the Government does not decide in favor of it the city could easily do it."

H. P. Johnson, of the Rotary Club, interviewed the Mayor this morning strongly urging upon him the necessity of saving Summer daylight. Mr. Johnson told His Worship that in Seattle a referendum on the subject was taken among 400 of the most prominent business men, and only ten opposed the system. These ten, moreover, were against it only because they considered that the proposal should be nation-wide and not confined to Seattle. In Seattle, he told the Mayor, it was proposed to start business an hour earlier in the morning and quit an hour earlier at night, the clocks being allowed to run as usual so that there would be no confusion about train schedules.

Advocates of daylight saving point out that Victoria is ideally situated for the system. Clocks could be put ahead an hour here, they say, with a minimum of confusion resulting on account of the isolated position of the Island. The fact that boats and trains ran on the old time would make little difference, they claim. According to daylight saving time, for instance, the midnight boat for Vancouver would leave at 10.45 instead of 11.45 p.m.

The plan which appears to meet most general favor, however, is that by which business would start an hour earlier each morning and stop an hour earlier at night from April to the end of September.

PAYING ON THE NAIL.

An expression with which everyone is familar, "paying on the nail," comes from the old method of settling accounts.

In the early days of trade and commerce, merchants on Change paid their debts by counting out their gold on to a copper "nail" or table, in the market-place.

Written receipts are now almost universal, and these nails are no longer used, but two splendid specimens still remain among the most interesting treasures of the ancient port of Bristol.

They are each about four feet high shaped like a gigantic hour-glass. There they stand in the busy street, a lasting monument to the integrity of the old trading and merchant class, who paid on the nail and scorned a receipt.—Tit Bits.

CLEANS VELVET.

To clean a velvet suit sponge the spots with pure alcohol. Then suspend the suit on a hanger in the air where it may reach all sides of the garment.

NOT COMMITTED ON PLEBISCITE

Premier Oliver Is Questioned in House Regarding Prohibition Referendum

Legislative Press Gallery, March 19.

When the House assembled this afternoon, Mr. Bowser rose in his place, and referred to a dispatch from Victoria appearing in the Vancouver Daily Sun.

The dispatch in effect declared that Mr. Oliver yesterday had promised a Moderation Delegation that he would submit a referendum to the people this year on a Prohibition issue.

Mr. Bowser asked if he could accept this as a statement of government policy.

Mr. Oliver replied that he had given no such assurance to the delegation.

LUETTWITZ WAS HELD AT VERNON

Reactionary Military Leader Now in Germany Was Interned in B. C.

Kerrisdale, March 19.—General von Luettwitz, whose name figures in recent dispatches from Berlin as being in command of reactionary troops in Germany, is believed to be Rochus Baron von Luettwitz, who with Baroness E. von Luettwitz and Mrs. Helena Edle von Rosthorn were the guests of Dr. Otto Grunert, 3002 Marine Drive, when war broke out and who were arrested as enemy aliens on November 21, 1914, and interned at Vernon.

Baron von Luettwitz at that time was forty-four years of age and described himself as a captain of cavalry, while Dr. Grunert was described as a doctor of law and a lieutenant of infantry in the landsturm of Germany.

When placed under arrest by Chief Constable Simpson of the Point Grey police in November, 1914, Baron von Luettwitz remarked: "I am your prisoner now, chief, but next year you will be my prisoner." The baron also gave to Sergeant W. Walker a small ornamental box, remarking: "Keep this box and produce it when the Germans take possession of Canada. It will ensure your safety."

A large party of Germans was arrested in Point Grey shortly after the outbreak of war, they having been closely associated with Alvo von Alvensleben. The party was interned at Vernon and deported to Germany after the armistice.

HARD LUCK.

Ain't no use, as I can see,
In sittin' underneath a tree
An' growlin' that your luck is bad,
An' that your life is extra sad:
Your life ain't sadder than your neighbor's,
Nor any harder are your labors;
It rains on him the same as you,
An' he has work he hates to do;
An' he gets tired an' he gets cross,
An' he has trouble with the boss;
You take his whole life through and through,
Why, he's no better off than you.

If whinin' brushed the clouds away,
I wouldn't have a word to say;
If it made good friends out o' foes,
I'd whine a bit, too, I suppose;
But when I look around an' see
A lot o' men resemblin' me,
An' see 'em sad, an' see 'em gay,
With work to do most every day,
Some full o' fun, some bent with care,
Some havin' troubles hard to bear,
I reckon, as I count my woes,
They're 'bout what everybody knows.

The day I find a man who'll say
He's never known a rainy day,
Who'll raise his hat right up an' swear
In forty years he's had no care,
Has never had a single blow,
An' never known one touch o' woe,
Has never seen a loved one die,
Has never wept or heaved a sigh,
Has never had a plan go wrong,
But always laughed his way along:
Then I'll sit down an' start to whine
That all the hard luck here is mine.

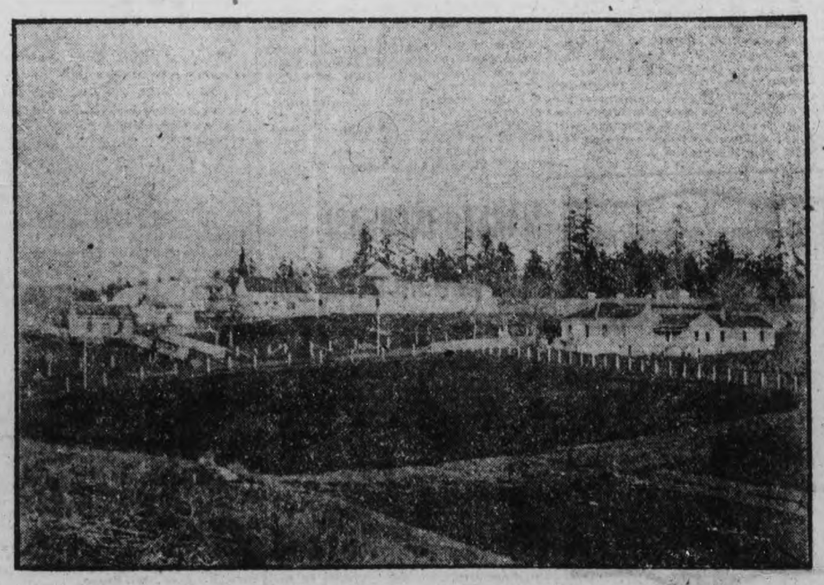
POST TOASTIES

ONE OF THE BEST FARMS IN ALBERNI DISTRICT



Keeping the Price of Food DOWN

WHILE nearly every article of food has shown a large increase—the price of what is perhaps the most important food of all remains the same as in July, 1914.

Bovril is far more than a mere article of commerce—it is an essential and unique food.

The Directors of Bovril Ltd. are therefore in a direct way Trustees of the National Health. It was, and it remains, a matter of honour to supply as far as possible every home with Bovril, poor and rich alike. That is why the price of Bovril is the same to-day as before the War. That is why Bovril did not profiteer.

But determination alone was not enough. Foresight and skill were needed and were exercised to decrease the cost of production. Thus was this precious food safeguarded for the people. Bovril Ltd., too, have had their reward in the gratitude of Doctors, of Hospitals, and of the great Public who, during the scarcity of War and the Influenza Epidemic, were able to obtain Bovril at a reasonable price when other foods were soaring beyond imagination.

Bovril price and quality are the same to-day as in July, 1914.

The very fact that there is no substitute for Bovril makes it all the more imperative that everyone should have their share.

You are now asked to assist in these efforts. The supply of Bovril is not yet equal to the demand.

Bovril did not PROFITEER

ELECTIONS ACT NOW IS MOVING FASTER

More Satisfactory Spirit Shown in Contentious Measure Yesterday

Legislative Press Gallery, March 18.

Taking up the Elections Act at clause twenty-seven this afternoon the committee of the whole House made excellent progress on this piece de resistance of the legislative fare. Out of the fifty-three sections dealt with only two were held over by mutual consent for further deliberation. In connection with those passed very little discussion took place, and the attitude displayed on both sides of the House was marked by an indication of a desire to get down to business.

W. A. MacKenzie, Opposition member for Similkameen, suggested the advisability of throwing safeguards round that section dealing with voters' lists. It might be possible, he said, for a qualified elector to apply for a vote and for some reason or other fail to get upon the list. In his opinion it would have been better if some sort of tangible proof could be given to the voter by the registrar at the time of his application virtually testifying to his eligibility.

While admitting there was something in the contention of the Similkameen member up to a certain point, Mr. Oliver observed that on no occasion had it been brought to his notice that a registrar had been derelict in his duty in so serious a matter as suggested by Mr. MacKenzie. In the case of commissioners, however, who had been empowered in the past to take applications for the voters' lists, it would not be difficult to understand the temptation either to "ditch" the application altogether or to turn it in too late for admission in those cases where the commissioner knew the applicant to possess a different political stripe to that of the Government by whom he, the commissioner, was engaged.

Anything in the nature of a receipt, however, constituting the electors' qualification to vote, in Mr. Oliver's opinion would open the door to a very serious temptation for abuses of many kinds.

CONTENTIOUS CLAUSE IN COMPANIES BILL

Measure Will Legalize Present Plan of Discounting on Shares

Legislative Press Gallery, March 18.

With a brief explanation of the general provisions of a bill now before the Legislature to amend the Companies Act, Mr. Farris informed the House this afternoon that he had included one section of a controversial nature in order to get a complete expression of opinion from the discussion which he hoped would ensue during the committee stage.

The clause in question deals with the liability of company directors in the matter of the wages of employees. It was hardly to be expected, he said, that the clause would go through during the present session, and with that opinion he requested the members of the House to direct their discussion against the section and not against the Minister responsible for its introduction.

Another important section referred to by the Attorney-General is that dealing with mining companies. Mr. Farris observed, not by any means in an apologetic sense, that the clause in question had been drafted by Mr. Garrett, Registrar of Joint Stock Companies, from his wealth of knowledge upon the particular matters pertaining thereto.

Another section in which he considered the House would concur, gives power to companies to issue shares at a discount. At the present time, he explained, there is no definite statutory authority for this practice, although it is largely indulged in. Rather, therefore, than allow a statute to remain which rendered itself capable of comparatively easy manipulation, he would prefer to legalize what was now being done illegally.

The bill was read a second time and will be committed at the next sitting of the House.

GIOLMA RESOLUTION RULED OUT OF ORDER

Would Establish Institution for Blind Children of Province

Legislative Press Gallery, March 18.

Using the terms of a resolution as his vehicle to bring the matter to the attention of the House, Frank Giolma, soldier member for Victoria, urged upon the Government this afternoon the necessity for establishing means in this Province for the education of her twenty or thirty blind children.

At present, he said, it was necessary for these young people to go to Halifax in order to get the advantages of the special tuition for the blind. Apart from the cost and distance it was a matter of regret, Mr. Giolma averred, that these young persons so afflicted should be obliged to be separated from their parents at a very critical age. It might be argued, he went on, that the small number of these unfortunates in British Columbia would hardly warrant the special provision mentioned in his resolution. To that he would reply that the magnificent institution in Halifax had commenced its mission with eight patients only.

While offering no objection to the intent of the resolution, the Premier informed the House that as its terms dealt with the expenditure of public money—on the initiative of a private member, by the way, and he not a Government supporter—it should be ruled out of order.

Mr. Speaker Keen concurred in the Premier's observations and declared them to be fatal to the motion. It was thereupon ruled out of order.

COMRADES CHARGE S.C.R. WITH BLUNDER

Say Returned Men Are Sent Out Under Non-Union Conditions

Charges that the Soldiers' Civil Re-establishment are sending returned soldiers out into the country and other places on jobs which are ridiculously underpaid, and that men are being sent out on skilled work under conditions which sacrifice all union regulations, were made at last night's meeting of the Comrades of the Great War. The charges were incorporated in a formal resolution.

The charges against the S. C. R. are to be taken up personally by Comrades McKenzie, McLernan and Pearce.

Hardships returned men are being made to suffer under present pension arrangements and S. C. R. vocational training and re-establishment are to be made public by Comrade Pridingham. The matter is to be placed before the Rotary and Kiwanis Clubs, and before the Board of Trade in an effort to get better conditions for the soldiers.

A stronger resolution setting out the grievances in a more trenchant way is to be prepared for the next meeting of the Comrades.

The scheme of Comrade Kidner, of Vancouver, for more generous gratuities was endorsed, and copies of his proposals are to be sent to all members of the Provincial Legislature and the Dominion House of Commons.

It was reported that the Comrades organization is growing so popular that although the war has been over for a year and a half men are still joining, while a large number of others have the ambition to join.

A BOOST FOR JARDINE.

To the Editor:—I was present at the Esquimalt Ratepayers' Association meeting on the 15th, and heard the report of the secretary read, which was favorably commented on, and passed unanimously with thanks to the retiring officers, for their watching over the affairs of the Municipal Council.

When new business was open for discussion two or three present inquired of Mr. Jardine if he had served notice on Mr. Lockley regarding his being "directly and indirectly" engaged in contracts with the municipality. Mr. Jardine explained that he served notices on both the returning officer and Mr. Lockley, having taken advice from his solicitor. He was advised that Mr. Lockley could be unseated, and proceedings were commenced to unseat him in the County Court, which resulted in Mr. Lockley being disqualified. I have been looking over the files of The Daily Times, and on December 14, 1919, Mr. Lockley has his signature to a letter which has the following paragraph: "Let me say I have not any contracts with the municipality. The contracts which I have entered into in writing, pertaining to the erection of these houses, are with the soldiers individually, and not with the municipality, so that in case it should not be sufficient for some doubting voters. I may say I have referred the matter to two lawyers, and they tell me the claim raised by Mr. Jardine is a myth, and cannot be supported by the facts of the case. I say again I have no contracts with the municipality."

In your issue of March 9 you publish Judge Lampman's judgment. The last paragraph of the learned judge's decision said in part:

"It is apparent that the houses are being built in reality by the municipality, and Lockley knew it!"

How is it possible for the municipality to prosper when its business is conducted in such a way? There is no necessity for another election for Reeve. Any unbiased ratepayer must regret the unfortunate position in which we are placed. Let Mr. Lockley finish his contracts, and let the Council have the advice and experience of Mr. Jardine, who knows the requirements of the municipality, and the urgent necessity of getting things going.

VERITAS VINCENT.

CHILDREN'S AID HOME.

To the Editor:—Would you permit me to make, through your paper, a contribution to the controversy concerning our Children's Aid.

It is stated that conditions at the Children's Aid are not what they should be, and if this is true it is due almost entirely to the apathy and indifference of the public on these vital questions. The Victoria public makes provision for neglected, homeless and friendless children, at a cost of from $4,000 to $6,000 a year. One would think that this fact alone would ensure enough interest to guarantee (1) a superior form of management; (2) a provision adequate for all children who need its protection.

To whom is the management of the home responsible? Are the little children who are unhappy never to be given a hearing? Has the public no further interest in these little ones than to give them merely food and shelter? Must they plead in vain for sympathy and help?

For three years, although much criticism has been aired regarding the home no single citizen has assumed the responsibility of thoroughly going into the matter. This condition—public indifference—is at the bottom of all the trouble. Not only has dissatisfaction been voiced with respect to the children in the home, but it is next to impossible to have neglected children admitted; again and again requests have been made to have children who needed care to be placed there but with no results. The policy seems to have been to keep children out rather than to extend the comforts of a foster—home to them—a home I repeat, which is maintained by public funds. When application is made to such a home, ordinarily the matter would be taken up by a highly trained and efficient probation officer, who devoted his or her entire time to the investigation of cases; but, of course, we have no provision of that kind. Such a person would go into the homes and work with delinquent fathers and mothers until it was proved that it would be to the best interests of the child to have him removed from that environment. There are many cases in Victoria awaiting such a proceeding, and, although Victoria provides the $4,000 per year or more to care for them, they are debarred because there is no adequate machinery for handling the situation.

This whole controversy goes to show that the time has come when we as a community must assume a greater responsibility and a more genuine interest in our unfortunate children, and incidentally in the results that we get from the expending of our public monies.

MURIEL GRIMMER, R. N.

1527 Cold Harbor Road, Victoria, B. C., March 17, 1920.

MARKED INCREASE IN NARCOTICS USE

Drugs Should Be Strictly Regulated, Says Seattle Commission

Governmental monopoly of the sale of morphine and other narcotics; heavy fines and penitentiary sentences for the "peddlers of dope" and state legislation to provide treatment for narcotic addicts, are urged in the report submitted Thursday by the Committee on the Increase in the use of Narcotics, appointed at a meeting of Seattle citizens last September to investigate the situation there.

The committee finds that there has been marked increase in the use of narcotics in the last few years—an increase that still is continuing. It places the blame at the door of the peddler of narcotics, the lack of state legislation to prevent the spread of the evil; the mercenary and unscrupulous medical practitioner who dispenses and prescribes narcotics for illegitimate uses; druggists who sell the same for illegitimate uses.

Urge Heavy Sentences.

The recommendations of the committee as practical steps toward combating the evil are outlined as follows:

"First: We recommend that the judges in all the courts who are called upon to pass sentence upon drug peddlers, bear constantly in mind the fact that this nefarious and horror-breeding vice is largely caused by, and depends almost wholly for its continuance upon, the plying of the trade by these unscrupulous vendors, and that a few months in jail, or a money fine are wholly inadequate for the protection of society. Penitentiary sentences should be given in the majority of cases, and upon a second or subsequent conviction the criminal should be given the full limit authorized by the statute. Sympathy is out of place in the case of these deliberate sellers of torture, disease and death.

"Second: We favor further legislation by Congress which will be in the direction of further strengthening and extending the Harrison Act. Instead of permitting the sale of these drugs by all druggists and merchants who register under the act, sale of morphine and similar drugs should be a governmental monopoly. The Government should establish throughout the country such number of agencies for the sale of these drugs as circumstances may require. The number of agencies being in proportion to population. These agencies would usually be established druggists, but they shou'd sell for government account only, and under strict requirements as to records, reports and the like, sales being permitted only upon the prescription of registered physicians. By a frequent inspection of records any physician prescribing unnecessarily, or in undue quantities, could be detected and punished. The act should be made more specific than at present in prescribing a punishment for physicians who give prescriptions in improper quantities or in improper cases.

Up to Federal Authorities.

"Third: State legislation should be enacted which will authorize cities and counties to administer proper treatment to victims of the drug habit, and if necessary provide (with proper safeguards for personal liberty) for the temporary confinement in proper cases. While state legislation for the punishment of peddlers is probably desirable, we wish to emphasize our belief that the real suppression of the traffic and the punishment of the peddlers must come from the federal authorities.

"Finally, we wish to reiterate the necessity for the administration of severe punishment to those parasites, the drug peddlers. On account of the fact that morphine and similar drugs, by reason of their peculiar character, can be easily smuggled into the country, both across the Canadian and Mexican boundaries, and also by shipment Yorders- whwm w w mw shipping from the Orient, it is not practicable to prevent the entry of the drug into the country, even under the severe penalties applicable to this offence. The drugs will come in in spite of the severity of the laws, as long as there is a market for them, that is to say, as long as the wretched peddlers are ready to ply their horrible trade. The most efficacious step therefore for relieving society from the continuation and spread of this plague is to make the profession of the drug peddler an impossible one by the administration by the judges and other officers whose duty it is to enforce the law, of severe penalties."

The committee recommends that the Government, through Congress, use every power to control the output of narcotic drugs.

For the young fellow who wants smartness without freakishness, here's an ideal style. Note the triangle button effect.

MAYOR AND ALDERMAN SEEK WATER SUPPLY

Investigate Possibilities on Mount Douglas, But Long Climb Is Fruitless

To search for a satisfactory water supply for the picnic grounds of Mount Douglas Park, Mayor Porter and Alderman George Sangster, chairman of the Civic Streets Committee, this morning visited the park and climbed Mount Douglas.

His Worship and the alderman scrambled a good way up the hillside and discovered a large swamp in a sort of shelf in the rocks. There was a large quantity of water in the slough but it was found that to drain it and and clean it out would cost thousands of dollars. The idea of piping from there consequently was abandoned.

The Mayor, however, was not satisfied to let the matter drop, so, with Alderman Sangster, he investigated thoroughly all the country around. Some fine springs were found. It was thought that one located on the Todd property, where it was proposed to establish a cemetery a year ago, would be satisfactory. It will be necessary, however, to find out whether the altitude of the ground will fill the requirements. The City Engineer will investigate this phase of the project.

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmint (Double Strength). Take this home and add to it ¼ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmint is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

BERRIES AND EGGS

Saanich Agriculturists Hear Two Experts at Two Meetings Last Evening.

While members of the South Saanich Farmers' Institute were getting scientific instruction on strawberry culture from Prof. Lionel Stevenson, of the Dominion Experimental Farm, Bazan Bay, T. A. Benson, of the poultry section of the Canadian Department of Agriculture, was telling members of the West Saanich Women's Institute at Sluggett's about eggs and poultry.

Women who heard Mr. Benson said he made them all great chicken optimists. After the lecture there was a general discussion and then tea was served.

Professor Stevenson detailed results of strawberry experiments recently made at his farm. He indicated the various districts in Saanich where good money may be made in strawberries.

COLLECTION OF POLL TAX FROM STUDENTS CAN BE REFUNDED

The Assistant Director has obtained a ruling from the Court House that returned soldiers undergoing vocational training are exempt from paying the poll tax, the interpretation being that they are medically unfit through disability caused by service.

Any vocational students who have been charged for poll tax, if they will please forward receipts to the local vocational officer, along with the number of their discharge certificate, will receive a refund.

Why? People prefer pills, provided prompt and proper performance proves promise. Beecham's Pills are used by people all over the globe and have the largest sale of any medicine in the world!

MAY LOCATE TWO BRITISH BRANCHES

Proposals for Manchester and Glasgow Sub-agencies May Be Considered

Legislature Press Gallery,
March 19.

Offices may yet be located in Manchester and Glasgow and appointments made of Deputy Agents-General to represent British Columbia, according to answers given to Frank Giolma by the Minister of Finance. The matter is said to be under advisement and it is also mentioned that should the suggestion be followed the appointment of returned soldiers would receive consideration.

In answer to questions put by Mr. Schofield, the Minister of Finance has stated that the firm of Gillespie, Hart & Todd have handled four bond policies for the Government, totalling $13,065, and that one in fourteen of the total policies placed was handled by this firm.

Mrs. Smith has given notice of motion that she will seek information on the number of names contained on the last voters' list.

Premier Oliver on Thursday refused to answer Mr. Hanes's questions regarding the engineer's estimates on the Sumas project; also the names of the tenders. He said it was not in the public interest to make this announcement.

RUSSIAN PIANIST TO RETURN MONDAY

M. Albert Mirovitsch Gave Successful Recital in California

If the number of written applications for seats be any criterion of the ultimate success of an event, then the recital to be given by M. Albert Mirovitsch, with the assistance of Mrs. Gertrude Huntley Green, is an already assured success, for the Ladies' Musical Club are already being besieged with applications for seats. The recital will be given at the Empress Hotel ballroom on Thursday evening next, March 25, at 8.30 p. m., and the seat sale will open on Monday next.

M. Mirovitsch is now in California, where he has given several recitals with conspicuous success, and he is expected in Victoria on Monday.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow, and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

MANY ENGLISH PEOPLE COMING TO VANCOUVER ISLAND THIS SUMMER

Large numbers of English people are inquiring at British Columbia House just now about the possibilities and advantages of Vancouver Island, and particularly of Victoria, according to a letter which the Victoria Rotary Club has received from Thomas Walker, Acting Agent-General for British Columbia.

Mr. Walker prophesies a big increase in the population of Vancouver Island and this city as a result of the coming of English people this Summer and Fall. Huge immigration may be expected, he declares. Mr. Walker also mentions with pleasure that scarcely any people are enquiring about Vancouver.

PARIS WEARS CLOTH SHOES.

On account of the high cost of leather in France, French women are now wearing sandals and slippers on the boulevards. Those of the better classes though, are wearing shoes, the tops of which are made of Oriental cloth, which is worked up into very pretty designs. The photograph shows a pair of the cloth covered shoes.

THAT LINGERING COUGH

Don't trust to time to cure that lingering cough, it may get worse instead of better. Cure it now and build up your health at the same time by taking Meridac Palatable Cod Liver Oil.

CABINET CANNOT GIVE AID GRANT

Finds Itself Unable to Help Emigration Plans of Salvation Army

Because of the fact that the Government is continually besiged with requests for financial aid in matters more directly related to its own domestic situation, it was not possible for the Executive Council to donate to the Salvation Army the sum of $10,000 for the purpose of assisting its plans to bring domestic servants to Canada from the Old Country.

Some time ago Premier Oliver received a communication from Commissioner Lamb to the effect that Litut.-Colonel C. Taylor would wait upon the Government in respect to this question. The Colonel reached the city yesterday afternoon and saw the Cabinet this morning with the above result. Mr. Oliver assured the Army's representative that the Government was appreciative of the importance of the proposal.

"I have been sent out to Canada to see what can be done in this matter of emigration from the Old Country," explained Litut.-Col. Taylor. "We have been inundated with applications from people who want to come to Canada, but we want to be satisfied that the returned man is being properly dealt with here before we take definite steps, and also that Canada is ready to absorb large numbers of immigrants. We recognize that Canada's first duty is to the men who have been fighting overseas."

DIFFERENTIAL RATING

Some Instructive Figures Based on Estimate For School Purposes in Saanich.

Last Friday The Times published the statement of ex-Councillor Tanner to the Saanich Council on the question of preferential rating for extraordinary school expenditures.

The figures for the Wards, as worked out by Municipal Clerk Cowper, and based on an estimate of $68,809.93 for ordinary purposes, and $26,367 for extraordinary charges, or a total of $96,176, were as follows:

	Expenditure Required.	Rate in Mills.
Ward 1	$ 6,310.00	3.75
Ward 2	33,369.13	23.96
Ward 3	4,976.00	3.00
Ward 4	12,261.50	7.40
Ward 5	7,129.00	4.55
Ward 6	7,196.00	5.15
Ward 7	24,935.80	11.97

Taking the ordinary school expenditures alone, as finally passed, the rate by Wards would be as follows:

	Assessment.	Expenditure.	Rate in Mills.
Ward 1	$1,689,000	$ 5,660.00	3.36
Ward 2	1,393,000	19,335.13	13.88
Ward 3	1,663,000	4,536.00	2.73
Ward 4	1,662,000	9,931.00	6.00
Ward 5	1,568,000	5,549.00	3.54
Ward 6	1,397,000	7,196.00	5.15
Ward 7	2,083,601	17,602.80	8.47

The council has agreed to ask the Attorney-General for power to tax by Wards for extraordinary school expenditures.

SUMAS RECLAMATION

Contractors Will Know Result of Tenders Next Tuesday.

According to an announcement made by Premier Oliver this morning the final tenders for the Sumas Reclamation Scheme have reached the Government and an intimation of the award will be made on Tuesday next. The calling for tenders a second time was the result of a request issued by the Government that new tenders be sent in, those first received being unsatisfactory.

LEADING ECONOMIST TO BE HERE SHORTLY

Problem of Community Development Engaging John Z. White

John Z. White, a leading economist of the United States, will visit the city on Wednesday and Thursday next. The problem of community development is at present engaging his attention.

On Wednesday night a banquet will be held by the local Henry George Association at the Dominion Hotel, at which Mr. White will be the principal speaker.

On Thursday night the District Committee of Evangelism and Social Service of the Methodist Church will hold a public meeting at the schoolroom of the Metropolitan Church at which Mr. White will speak on the Relation of Taxation to Community Development. An opportunity for questions will be given.

From Victoria Mr. White will proceed to San Francisco, where he will speak before the Commonwealth Club. Mr. White's lecture engagements will take his entire time until June 18, when he closes his tour of the Northwest.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair, a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful gleams, tints and color are again in your hair.

"Danderine" is a tonic beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

General Pershing has three motor transport corps sergeants, who are assigned as chauffeurs. Each wears four service stripes and all are expert motor mechanics.

Sold by all good Druggists

You Need Not Tolerate

the inconvenience of a cough, when a few doses of

NADRUCO Syrup of Tar with Cod Liver Oil Compound

will give you almost instant relief. It heals the rawness of the bronchial tubes; stops the annoying tickling that leads to spasms of coughing; and soon restores the throat to its normal condition. On account of its pleasant taste, children take it readily. Keep a bottle always in the house.

HAS BRONZE REPLICA

British Campaigners See Wreath For 2nd C. M. R.; Late Capt. Curtis on Honor Roll.

The seventy British Campaigners at their meeting last night got their first view of the bronze replica of the laurel wreath placed on the colors of the 2nd C. M. R. on their return from the war. Major Walter Bapty, past president, brought it last night for exhibition.

Lieut.-Col. G. C. Johnston, former O. C. of the 2nd C. M. R., was to have placed the replica on the colors, but it has been learned that he is in the Interior. Campaigners are to go out after the honor of having one of their members present the replica.

The name of Capt. J. D. Curtis, R. N., Baltic Campaign, 1854, has been placed on the Campaigners' honor roll. A wreath was placed on his coffin and arrangements made with the Great War Veterans of North Vancouver to attend his funeral. Letters of condolence are to be written to relatives.

Delegates to the Central Council were chosen as follows: Dr. Bapty, M. Howard, T. Smith, Gordon Smith, E. C. B. Bagshawe, W. C. Winkel and Beaumont Boggs; alternates, W. C. Warren and W. J. Edwards.

Here's your Suit!

It arrived at this store yesterday in a shipment which we have been able to purchase at a considerable price concession. SPORTING NEWS

SOCCER RIVALS CLASH SATURDAY

Victoria Wests and K. of C. Hut Meet in Island Championship Tilt

The two rivals for the Island soccer championship will meet in the Jackson Cup series at Royal Athletic Park to-morrow when Jack Neary's eleven from the Knights of Columbus Hut clash with Youson's men from Victoria West. Unless the protest that the Wards lodged over their last game is sustained, the leaders of the last competition with the exception of the two clubs named have been eliminated from the preliminary to the McBride Shield tussle, the Foundation who last year won the Island championship having previously gone down to defeat in this year's tilt for the title.

To-morrow's game between the Wests and the Wards promises one of the most interesting games of the season. The Island championship is the great ambition of the soccer clubs next to the McBride shield, emblematic of the B. C. championship, and both elevens are looking forward to the fray with not a little anxiety. On the form that the Wests have shown in recent games there are a great many followers of the round ball style of football who believe that the suburbanites have a slight edge over the Hutmen. The Hutmen, however, can see nothing but victory ahead.

The full list for to-morrow is as follows:

Jackson Cup.

Comrades vs. Yarrows, lower ground, Beacon Hill.

Wests vs. K. of C., Royal Athletic Park. Referee, Oakwell.

Brown Cup.

Harbor Marine vs. Metropolis, Beacon Hill, upper ground. Referee, Pearson.

Teams.

Teams have been announced as follows:

Comrades.

Lomas, Gomm, Hardwick, Phillips, Green, Bowers, Essler, Bloom, Harper, Bristow, Walton, Kerr and Dannell.

Victoria West.

Shandley, Whyte and Chester; Baker, Copas and Sherratt; Mulcahy, Peden, James, Philip, Sherratt.

Yarrows.

Ricketts; Gale and Brigdon; Cumine, Hall and Ferris; Grimes, Willcox, Wylie, Kerley and Haywood. Reserves, Stewart, Melville and Muir.

Comrades.

The following players will represent the Comrades against Yarrows in the Jackson Cup game: Lomas, Gomm, Hardwick, Phillips, Green, Bowers, Essler, Bloom, Harper, Bristow, Walton, Kerr, Dannell.

AROUND THE SPORT CAMPS

"East is East and West is West but ne'er the twain shall meet" says Kipling. "And how the twain will mix it," is Muldoon's rendering of the latter part of the famous quotation.

☆ ☆ ☆

The Western puckchasers have never yet come back from the East with the title and the Easteners have never left the West with the title, but that precedent, the Seattle manager believes, will topple this season.

☆ ☆ ☆

Sixty times this Summer the tired business man can slip out the rear door and in two minutes be right in the ball park watching the Victoria nine stacking up against Vancouver, Seattle and the rest of the Pacific International leaguers—if we get the stadium.

☆ ☆ ☆

If not he can gaze at the eyesore near the Empress Hotel each time he passes this Summer and think what might have been.

The Amy and Navy vs. Foundation Brown Cup soccer game down for Saturday has been called off.

☆ ☆ ☆

A special meeting of the Army and Navy Football Club will be held to-night at 7.30 at the A. and N. rooms, Pemberton Building.

☆ ☆ ☆

Harry "Hap" Holmes, star goalie of the Seattle Coast League hockey champions, will participate in his fifth straight hockey championship next week at Ottawa, probably the most remarkable record in the history of the great ice sport.

☆ ☆ ☆

Holmes was with Toronto in the world's championship series of 1916, when that team won the Stanley cup; with Seattle in 1917, when Seattle beat the Canadiens; back with Toronto, when that club beat Vancouver for the title in 1918; and out with Seattle in 1919 against the drawn-series with the Canadiens.

BOSTOCK CUP IS AT STAKE EASTER

Trophy Presented to Victoria Golf Club to Be Played For at Vancouver

The Bostock Cup, presented to the Victoria Golf Club by Senator Hewitt Bostock, which is emblematic of the British Columbia Golf championship, will be competed for this year on the links of the Shaughnessy Heights Golf Club on the Mainland, the play being set for April 2, 3, 4 and 5.

As an Easter golf attraction the championship event is welcomed by the golfers of the Province, and there is every indication that there will be plenty of competition.

A qualifying round of eighteen holes, medal play, will be held at 9 o'clock in the morning of Friday, April 2, players having the thirty-two lowest score to qualify. In the event of a tie by two or more players for thirty second place the players so tieing shall play three extra holes, medal play.

The first round, match play, will be played on Friday afternoon. The first three rounds will be eighteen holes each and the semi-final and finals thirty-six holes each

Entries will close at 5 p.m. on Wednesday, March 31, when the draw for the qualifying round will be made and starting times ballotted for.

A first flight for competitors eliminated in the first round will be held on Saturday, April 3.

NEWSPAPER ICE CLASSIC AT THE ARENA TO-NIGHT

One of the ice hockey classics of the season, in the opinion of the puckchasers of The Times and The Colonist is billed for to-night between the hours of six and seven o'clock. Confident declarations on the outcome of the battle emanate from both offices, and whatever the brand of hockey, a battle royal with plenty of thrills is assured. The teams are announced as follows:

Colonist	Position	Times
Veitch	goal	Geiger
Henesky	point	Purser
J. Matson	cover point	Pickup
Stewart	rover	Jackson
Grice	centre	Macdonald
T. Matson	left wing	Wills or Jallouse
Gregory	right wing	Hutchison

FOR JUNIOR CHAMPIONSHIP.

Winnipeg, March 19.—Selkirk Juniors, champions of Western Canada, leave for Toronto to-day over Canadian National Railway to play for the O. H. A. memorial cup, emblematic of the amateur junior championship of Canada.

LAST NIGHT'S BOUTS

Stockton, Cal., March 19.—Frankie Denny, of Seattle, won a decision over Soldier Day of Oakdale in a four-round bout here last night after he had knocked his opponent to the mat three times.

Other results included:

Gene Cline, Farmington, defeated "Red" Baldwin, San Francisco.

Eddie Rainey, Sacramento, defeated Sammy Corbett, Stockton.

Battling Barth, Lodi, knocked out Jack Williams, Farmington.

San Francisco, March 19.—Young Brown, lightweight, took a close decision over Jimmy Dundee in a four-round bout here last night. Sergeant Harlan Bunker, heavyweight, won a decision over Joe Willis. Bud Ridley won from Charlie Moy.

Tacoma, March 19.—Heinie Schuman, Tacoma lightweight, won a six-round decision over Johnny Noye, of St. Paul, here last night. Schuman had a clear lead in all rounds, outboxing the Minnesotan all the way.

Lackey Morrow, Tacoma featherweight, and Frank Pete, of Seattle, boxed a six-round draw in the semi-windup.

Frankie Britt, Tacoma featherweight, won from Jimmy Cole, of Seattle, in four rounds.

Dallas, Tex., March 19. — Jack Dillon, lightweight, of Indianapolis, was outpointed by Paul Roman of Kansas City in a ten-round no-decision bout here last night, according to sporting writers.

HEWITT WILL HANDLE CANADIAN OLYMPIC TEAM

Toronto, March 18.—Secretary W. A. Hewitt, of the Ontario Hockey Association, has been asked by the Olympic committee to take charge of the Canadian champion hockey team which will play in the Olympic competition at Antwerp, Belgium, next month. He probably will accept. The team, which will be limited to nine players, a trainer and a manager, will leave on April 4. The first game in the series will be played on April 27.

CHAMPIONS OUTCLASSED.

Toronto, March 18.—Sons of Ireland, Quebec, hockey champions, were outclassed in their two games with the University of Toronto, champions of the inter-collegiate senior series, at the Arena here in the Allan Cup elimination games. They were outplayed last night from end to end and beaten by Varsity to the tune of 12 to 3.

CANADIAN ATHLETES TO LEAVE IN JULY

Track and Field Meet to Pick Victoria Candidates to Be Held in May

President Arthur Manson, of the B. C. branch of the Amateur Athletic Union of Canada reports that no date has been set for the Canadian Olympic elimination trials, but he anticipates that they will be held in June, as it is planned to have the athletes embark for Belgium July 15.

Vancouver has been granted the privilege of staging the B. C. elimination trials by the provincial body, who will work with the Mainland sportsmen in staging the events.

Boxing and wrestling trials will be held in Victoria March 25, when the Island boxers will have their men ready to meet the Mainland men to decide who shall be the representatives from British Columbia.

A track and field meet to select Victoria candidates will be held in May, possibly May 24, and the final elimination trials for the Province will be held in Vancouver two weeks later, no exact date having yet been set. Up-Island districts are asked to hold their elimination meets in time to have their athletics ready for the dates to be set by the Vancouver branch of the B. C. A. A. U.

No swimming trials will be held, although George Stott, president of the B. C. branch of the Canadian Amateur Swimming Association has been asked to put the clock on any aspirants and compare their times with that of other swimmers in Canada.

DEMPSEY IS FACED WITH PURTHER CHARGES

Los Angeles, March 19.—Formal charges by O. O. Orr, special agent of the Department of Justice, against Jack Dempsey, of having through certain agents paid Maxine Wayne, his divorced wife, the sum of $1,500 to leave the country and thus escape testifying against him in the slacker charges in the Federal Court at San Francisco, will be thrashed out in the Federal District Court here, as the overt act of paying Mrs. Dempsey money to leave the country was committed in Los Angeles. It is now proposed by the Federal agents to have the entire investigation and trial of Dempsey on various accusations against him transferred to Los Angeles. Prosecution for violation of the Mann Act is also being seriously considered in the Dempsey case, as he is alleged to have traveled from various cities with Maxine Wayne before he was married to her.

ZBYSZKO WINS.

Chicago, March 19. — Stanislaus Zbyszko defeated Jack Linow in two straight falls here last night.

Lacrosse Will Boom This Season Association President Believes

Stickhandlers at Sidney Have Already Held Practices; Meeting Will be Held During Next Two Weeks.

Within the next two weeks President Ed. Christopher, of the Victoria Lacrosse Association, will call a meeting to start the ball rolling for the 1920 lacrosse season. The meeting of the Pacific Coast Lacrosse Association will be held April 17, and the Victoria Association must have delegates appointed before that date.

President Christopher believes that the gutted stick game in Victoria will flourish this season. "Last season, of course, the conditions were particularly favorable," he says, "but if shipbuilding brightens up enough for the players to find work in the city I think we shall have another great season. With the exception of Bernie Feedham and Joe Painter, who will probably wear a Vancouver uniform, I believe we shall be able to call upon the players that won the world's championship for Victoria again.

"I think there is a good possibility of two city leagues, an intermediate and a junior. There are a great many players who have returned from overseas since the last league was in operation and last season started what promises to be a real revival of the game.

"There have already been many inquiries on next season's prospects and there appears to be a lot of players anxious to connect up with a club. At Sidney they have started serious practices already. The boys have been out several times working out and there is no doubt that they will have a team in the league.

LEAGUES ARE EVEN ON TITULAR SERIES

Seattle Team Keep Up Training Regime on Their Way East

Ottawa, March 19.—The Journal this morning commenting on the world's hockey series says:

"Seattle fans consider that their team will give the Pacific Coast the lead in the race between the two leagues which has been waged since 1913. This will be the eighth meeting between representatives of the East and West, and is practically a rubber series. The two leagues were even up until last year, when Canadiens tied with Seattle and the fifth game was not played, as 'flu' broke out in the camp of the two teams and the death of the late lamented Joe Hall and the serious sickness of Malone and Lalonde prevented the final.

"The East is thus given a chance to swing into the lead, as each league has now three championships to its credit.

"With the weather growing colder each day it is certain that there will be hard ice for the first game Monday.

"The Seattle club is keeping up a training regime on their way East. At every station where there are stops of fifteen minutes they run up and down the station platform and have a medicine ball and gymnastic paraphernalia which enables them to overcome train cramp.

Seattle arrives here Sunday afternoon. They will have a skate and light workout Monday morning so as to familiarize themselves with the rink.

Interest in the series is at fever heat and the club already has been swamped with reservations for tickets. There are only a few unattached seats left and it is expected that over 7,000 will view each game.

WON NORTHERN LEAGUE.

Stratford, Ont., March 19.—By defeating Preston 7 to 4 last night Stratford won the Northern League junior championship. The score on the two game series was 10 to 5.

COMEDY STUNTS ARE AMONG GALA FEATURES

Y.M.C.A. Senior Swimmers Winner in Open Relay Race

Clever comedy stunts by Archie McKinnon of the Y. M. C. A. were among the greatly enjoyed features at the gala held at the Y. M. C. A. tank last night. McKinnon impersonated the film comedian with the wonderful feet and the historical mustache and a plank over the tank was used as the stage. McKinnon, besides being a good acrobat, is a clever tumbler, and as he performed his stunts on the insecure platform, and eventually as he landed in the water he was given a hearty round of applause. An obstacle race in which the competitors had to climb through the rungs of a ladder, swim through a barrel and over a plank also created a good deal of amusement.

Everything started on time and all performances were good.

Possibly the most interesting event of the evening was the relay race, in which three teams started. The Y. M. C. A. seniors and juniors and the V. A. S. C. team.

The Y. M. C. A. senior team showed their superiority right from the start, and gradually increased their lead to almost a length of the tank the V. A. S. C. team came second with the Y. Juniors a very close third. The time for the race was 1.32.3. The team consisted of Ang. McKinnon, Al. McKinnon, G. Bidlake.

Other events were as follows:

Girls' 40 yard race—1, K. Willburn, V. A. S. C. Time, 33.2. 2. E. Currie, V. I. A. A. Time, 34.4.

Ladies' race, 80 yards—1. K. Wellburn, V. A. S. C. Time, 1.18.2. 2. E. Currie, V. I. A. A. Time, 1.18.3.

100 yards, boys' race—1. S. Moore, Y. M. C. A. Time, 1.17.4. 2. A. Bird.

100 yards, men—1. S. Bidlake, Y. M. C. A. Time, 1.20. 2. Ang. McKinnon, Y. M. C. A. Time, 1.21.3. 3. Al. McKinnon, Y. M. C. A.

The time for this race was slow, but Bidlake swam his first heat in 1.07.3.

Club events, distance plunge—1. F. Keeling, 45 feet 10 inches. 2. J. Marshall, 39 feet eleven inches. 2. S. Moore, 39 feet 4 inches.

Dual Crawl—1.J. Larson and Ang. McKinnon.

Obstacle race—1. J. Muir. 2. Ang. McKinnon.

Officials—Judge, Mrs. J. T. Marshall, W. W. Duncan and Geo. I. Warren; timers, J. F. Little and R. Whyte; starter, C. E. Hopper; announcer, W. A. Alldritt; scorer, N. Cross; ushers, W. Martin, W. Hudson and F. Bartholomew; treasurer, C. Foxall.

President W. W. Duncan wishes to thank Mrs. Marshall and the gentlemen who acted as judges.

FULTON ON HIS WAY TO APPEAR IN SOUND CITY

Seattle, March 19. — Fred Fulton, Minnesota heavyweight, will meet "Battling" Hector, of Bremerton, Wash., in the main event of a boxing smoker here March 26, it was announced to-day. Fulton, it was said, is due to leave New York for Seattle to-day.

MANY INTERESTING FEATURES ON ASSAULT AT ARMS PROGRAMME

To-night's programme at the Assault-at-Arms at the Drill Hall will include: Exhibition of work on parallel bars, boxing and gymnastic exhibitions by the High School, gymnastic display and boxing by the University School, drill display by the Machine Gun Brigade, Red Cross and first aid exhibition, physical drill, roller skating and boxing by the public schools. The full programme of the boxing contests follows:

Boxing Card.

Dustweight class, 50 lbs — Albie Davies (Victoria West) vs. Jumbo Davies (Victoria West).

85 lb. class — Albert Sabiston Sir James Douglas), Henry Sabiston (Sir James Douglas), Ronald Mercer (Victoria West), Joe Eastie (Victoria West), Harry Robinson (Victoria West).

Flyweights, 100 lbs. — R. Woods (North Ward), Hugh Burnett (North Ward), Dave Burnett (North Ward).

105 lb. class — Percy Sherwood (George Jay), Campbell Allen (Burnside).

115 lb. class — Howard Winter (Margaret Jenkins), Wm. Palmer (Margaret Jenkins).

Other contests will be staged between members of the University School and High School.

Referee: W. H. Davies.

Judges: A. Davies and Harry Boyd.

Invitations to be present to-night and also to-morrow night have been accepted by His Honor the Lieutenant-Governor and party, General Ross, G. O. C., Captain Martin, R.N., and party, His Worship the Mayor, Dr. MacLean, Minister of Education, the Victoria School Trustees and numerous others.

On His Way to Pacific Coast

FRED FULTON
who is due to leave New York to-day to appear in bouts on the Pacific Coast

FORTY-NINE ENTRIES IS BELIEVED RECORD

Toronto, March 19.—While official records are lacking, this year's entry of forty-nine is believed to be the record for the historic King's Plate, which has the distinction of being the oldest fixture run continuously on the continent. At the first glance the race looks a very open one, in view of the fact that with the exception of possibly fifteen of the forty-nine entries none of the horses have ever faced the barrier and unlike other seasons when the Seagrams, Dyments and Hendries practically monopolized the entries, the nominations for this year will be from twenty-eight owners, with George B. Ardmore and the Seagram stable leading with four entries each.

CLIPS PLUNGE RECORD

Chicago, March 19.—J. Meagher, of the Univeristy of Chicago, clipped 1 3-5 seconds from the American record for the plunge in a 60-foot tank here last night in the preliminaries of the annual swimming meet of the Western Conference. Meagher plunged the distance in 16 2-5 seconds.

SURPRISE BURLESQUE AT BENEFIT GAME

Ralph Alcock Will Put on Stunts at Arena Monday Night

Ralph Alcock, who has entertained the spectators between periods at the hockey games throughout the season, is planning a burlesque feature to be put on between periods at the benefit game at the Arena Monday night.

The tussle between the two teams selected from the amateur players should in itself prove well worth a trip to the rink to see the last game of the season, and Alcock's stunt, it is claimed, is an added feature that will be thoroughly enjoyed.

The ticket selling campaign will start in earnest to-morrow, and the amateur league officials are in hope that enough will be sold to raise the $500 necessary to pay the doctors' expenses which players have been faced with through injuries this season.

ESQUIMALT TEAM WON ON THE GREEN TABLES

Esquimalt Hospital billiard team beat the Craigdarroch team at the Esquimalt Hospital last night, taking four out of five games and running out winners with a grand total of 480 to 414. Burnett, who beat Campbell by 20 points, was the only man on the visiting team to finish up on the long end of the score. Orchard, the Australian star cue artist, met his match in Cryderman, to whom he lost 100 to 72. Scores:

Esquimalt		Craigdarroch	
Cryderman	100	Orchard	72
Oliver	100	Barabas	68
Simmons	100	Brady	81
Henderson	100	Richmond	93
Campbell	80	Burnett	100

A return match will be played next week.

INTEREST IS HIGH IN KENNEL CLUB SHOW

Indications point to a big entry for the Victoria City Kennel Club show which will be held April 13 and 14. Considerable interest is being taken, not only by local fanciers, but by dog owners in Seattle and on the Mainland, and in each class there is promise of keen competition. The premium and prize lists will be out to-morrow.

WHY HE LOST.

He had always suggested that he was much too good a player to indulge in billiards with inferior players, but one evening condescended to join in a game with some of the amateurs—just to show them how billiards should be played!

Alas! his style was bad and his play was worse. He missed the easiest of cannons, and when he tried to pot the red he only succeeded in ripping the cloth!

At the end of the game some kind of excuse was really necessary.

"Of course," he explained, "this table is not full size—only about a quarter the proper size, in fact. I couldn't possibly play my proper game on it."

But the table, as it happened, was full-size, and one of the club members — a bricklayer—became annoyed.

"I understand, sir"—and the horny-handed one nodded politely. "As a matter of fact, this isn't our billiard table—only one of the card tables. They've got the real billiard table in the next room, so we can't use it. They're playing a football match on it!"—Tit-Bits.

ISLAND BADMINTON OPEN CHAMPIONSHIPS

The Vancouver Island Bandminton Open Championships will be held at the New Drill Hall on Friday week, and Saturday week.

The events will be: Men's doubles, ladies' doubles, mixed doubles, ladies' singles and men's singles.

The names of entrants together with the entrance fee of fifteen cents for each entrant for each event should be sent in to J. de N. Kennedy, secretary 5th Regiment Badminton Club, 26 Linden Avenue, Victoria, on or before Monday next.

The times of play for the respective entrants for each event will be announced in the press next week.

As there are a considerable number of entrants coming from the Mainland, it is hoped that as many of the members of the clubs on the Island as possible will compete.

SELKIRKS LOST TO VICS.

Regina, March 19.—Selkirk hockey team lost the last game of its barnstorming tour here last night when the Vics beat them 5 to 3.

The Annual Meeting
and
SMOKER OF YARROWS, LIMITED, AMATEUR ATHLETIC ASSOCIATION will be held in the K. of C. Hall, 724 Fort Street, on Saturday evening, March 27, 1920, at 8 o'clock.
As considerable important business has to be transacted, a good attendance is requested.
F. J. HANDLEY,
Secretary.

HOW CAN WE DO IT?

We pay more for wheat, more for labor, more for taxes - but Shredded Wheat sells at about the same old price - very little advance on account of the war. How can we do it? We can do it because the volume of sales now reaches many millions of Biscuits per day. Considering its real food value **Shredded Wheat** is the cheapest food in the world today. It is 100 per cent whole wheat in a digestible form. Two Biscuits, with hot milk, make a nourishing meal for a few cents.

DOMINION ALONE HAS GAINED FROM KITSILANO DEAL

So States Attorney-General in Explaining Remarkable Political Bargain

ANY CONCESSION TO BE A "MATTER OF GRACE"

Legislative Press Gallery, March 18.

Had the Attorney-General felt inclined to cull his simile from the Good Book this afternoon he would have described the Kitsilano Indian Reserve deal as the selling of part of British Columbia's heritage for a mess of pottage. As he did not choose this mode of expression, however, he made it perfectly clear to the House that the transaction, to which the Leader of the Opposition had referred with pride and as more or less in the nature of a strategical move to get rid of the Indians from the heart of residential Vancouver, was a needless one and should have been carried out through the operation of the Indian Act.

As the position stood to-day Mr. Farris declared that the Provincial Treasury was "out" to the extent of $300,000, and were the Dominion Government to refund the money it would be in consideration of a transference from the Province to the Dominion of its reversionary rights, which even the uninated would understand were worth many millions of dollars to British Columbia.

Political Color

This afternoon's issue of the Times contained a brief synopsis of Mr. Bowser's remarks in reply to Mr. Cowper's speech in support of his motion for the tabling of correspondence in connection with foreshore and creek bed rights in Vancouver. During his seventy-minute speech the Opposition Leader was successful in introducing a good deal of political color at the apparent expense of Mr. Cowper whom he pictured to the Legislature as an obstructionist, willing to set a lengthy battle for Provincial rights against the immediate development of the city whose representative he was. By the time Mr. Farris had finished his address, however, the House possessed facts presented in an entirely different manner to that chosen by Mr. Bowser.

Further Outlining

Further outlining his views, Mr. Bowser admitted that had the Dominion Government asked for a Crown Grant to enable them to go ahead with the development in question, and had his advice been followed, this request would no doubt have been granted. He maintained that if the Government, or the Attorney-General had had any intention of bringing up this question of reversionary rights and creek-bed rights, it should have been done years ago and not on the eve of an election, when a "Provincial Rights" plank could be inserted in the Government's political platform.

Wrong Contraction

Dealing with the increasing importance of railway development in the Terminal City, Mr. Bowser spoke of Premier Oliver's statement anent the Ashcroft-Clinton cut-off, saying he was glad to see the Government intended to extend its railway activities. Premier Oliver reminded the Leader of the Opposition that he had not said that spur would be constructed. He had, however, mentioned having had the survey made so as to protect the Province in regard to what he considered the key to the railway situation. Mr. Bowser contended that this step on the part of the Premier presaged railway development, which, he said, but strengthened his argument that nothing must be left undone to encourage foreshore and harbor development in Vancouver. He was of the opinion that the Vancouver member was fighting over a shadow and losing the bone.

Those Commissions

Then came a review of the purchase of the Songhees Reserve in Victoria and the Kitsilano Reserve in Vancouver. Interruptions by different members, explanations by the Leader of the Opposition and the Premier and a potpouri of verbal sallies, recriminations and denials occupied more than an hour. Mr. Bowser mentioned the $80,000 commission paid in connection with the purchase of the Kitsilano Reserve, and declared, that not one dollar of that amount, to his knowledge, ever went into the Conservative campaign funds. He spoke of another amount for $105,000, of which he said the Vancouver member had spoken.

Mr. Cowper here opined that the voice of conscience was speaking, since he had not mentioned the amount. The Opposition Leader went on to say that he considered the people of Victoria might well revere the name of the late Sir Richard McBride for his work in connection with the removal of the Indians from the Songhees Reserve. This had resulted, he said, in turning a useless reserve into a valuable industrial centre right in the heart of the City of Victoria, to the credit of the man who had accomplished that and the profit of the city and Province.

Act of Grace

Premier Oliver spoke of his trip to Ottawa and his conversations with Hon. Arthur Meighen. That Minister had said, stated Mr. Oliver, that anything British Columbia would get in connection with the $300,000 would come as a matter of grace and not as a matter of right. Mr. Bowser said the Federal Government would pay back the $300,000 and therefore this Province would lose nothing. Mr. Cowper took the stand that the Province would lose its reversionary rights as well in this settlement, maintaining that the foreshore rights would be worth twice as much alone as that sum.

Mr. Bowser:—"I am informed that an offer was made the Premier by Hon. Arthur Meighen of $300,000."

Mr. Oliver:—"I am sorry, then, that Mr. Meighen does not stick closer to the truth."

Mr. Bowser:—"I regret that this dispute has arisen between Mr. Arthur Meighen and the Premier."

Mr. Farris

In rising to continue the debate, Mr. Farris congratulated the Leader of the Opposition upon his remarks, which he said for once did not stray from the subject under discussion. He took the stand that as Attorney-General Mr. Bowser had completed an arrangement which was not a proper one and which meant a great loss to the Province and especially to the City of Vancouver. He explained that the Indians should have been removed from the Kitsilano Reserve according to the provisions of the Indian Act and that the sum of $300,000 which had been spent should not have been spent at all. In other words, if the Province received back the $300,000 it would only be in consideration of a relinquishment of its reversionary rights, which rights, said the Attorney-General, it would still have had after the Indians had been otherwise removed, and the $300,000 would not have been spent.

"Academic"

Both the speaker and the Leader of the Opposition held divergent views on the nature of the case. Mr. Farris was not accepting Mr. Bowser's suggestion that the matter was an academic one. Mr. Bowser had said, continued the Attorney-General, that had had considered it was an academic question and not a practical one because the Dominion Government was responsible for harbor development work. Mr. Farris contended that if the principles of the Opposition Leader's plan had been followed it would mean the turning over to the Dominion Government of all Provincial rights just as soon as the Federal authorities showed an inclination to undertake harbor development. He contended that the development of Vancouver harbor was the duty of the Federal body and not a concession graciously granted the Terminal City. Provincial rights should remain Provincial rights, said Mr. Farris, and the Province had every right to expect pay for its assets. He spoke of the immense sums provided by the Dominion authorities for the improvement of the harbors at Quebec and Montreal, to all of which the people of Canada had contributed. British Columbia, however, by Mr. Bowser's action, would shut its hands to benefits due.

Serious technical and legal entanglements had been encountered, explained the Attorney-General, who informed the House that the settlement of the question of foreshore rights had not been known until last Summer, when the Privy Council had declared in favor of the Province in connection with the Spanish Banks case, and he had no objection to giving some credit to the former Attorney-General.

False Creek

Mr. Bowser brought up the question of whether False Creek had been acknowledged as a full-fledged harbor prior to 1871, which would determine its ownership by the Province. Mr. Farris showed that it was considered the same as the Spanish Banks and not a regular harbor. At this juncture the personal knowledge of the Premier was called into account, he explaining that at the time that goods were being dumped at the foot of Carrall Street there was only a trail across the peninsula (now Vancouver Centre) and that False Creek was not a recognized harbor.

Not Impeding

Mr. Farris resented the Leader of the Opposition taking the stand that the Government was impeding the progress of harbor development in Vancouver through standing up for its rights. This, he said, would mean that intimidation methods were being used, which was far from the truth.

Mr. Farris—"I see honorable members looking at the clock."

Colonel McIntosh:—"Keep going."

W. R. Ross—"You have 'Provincial rights' going well now."

Mr. Farris—"I haven't gone out slamming any doors."

Reference was here made by the Attorney-General to correspondence which had passed between him and Hon. Arthur Meighen. He said this showed that he had informed that Federal Minister that if there was not satisfactory settlement, of course, there must be litigation.

Federal Duty

Mr. Farris concluded his remarks by saying that British Columbia had been sapped through the burden of customs taxation and that it was the plain duty of Ottawa to proceed at once with the necessary harbor improvements at Vancouver. He felt conditions had become serious if it was the duty of the Province to finance development work purely the duty of the Federal authorities to undertake.

The motion was then put and passed.

WANTS INFORMATION BEFORE THE DEBATE

Mr. Ross Says Pre-emptors Should Be Given More Time to Qualify

Legislative Press Gallery, March 18.

Before the amendments to the Land Act are discussed by the committee of the House in detail, W. R. Ross, K.C., Opposition member for Fort George, expressed the opinion this afternoon that information should be supplied setting out the amount involved in the way of unpaid purchase money in respect of pre-emptions.

The northern member could not agree with the Minister of Lands in his proposal to limit the period of notice for pre-emption cancellation to three months. Mr. Ross took the view that by reason of special condition and the fact that many returned soldiers, whose holdings might be involved, had not yet returned to civilian life it would be better to extend the period in order that ample time would be given all those persons affected to comply with the various requirements of the Land Act.

Arbitrary Powers.

Once more Mr. Ross voiced his objection to the placing in the hands of the Minister arbitrary powers in connection with the granting of pre-emptions, the conditions under which pre-emptions should be issued and, in fact, the future disposition of the lands of the Province. He presumed, however, that this was in line with the policy which appeared to have been definitely decided upon by his friends on the treasury benches.

Mr. Ross was not particularly insistent on any point, however, with the exception of his expressed opinion that better purpose would be served in discussion were the House in possession of the financial return to which he had made allusion.

A Good Bill.

Alex. M. Manson, Government member for Omineca, had no hesitation in offering his commendation to the Minister on his introduction of the bill. He felt sure that its provisions would be thoroughly appreciated both in his own riding and in that represented by Mr. Ross.

The time had gone, he said, when the pre-emptor should be allowed to take up his land, effect minor improvements and depart for points unknown. This procedure, he warned, worked very considerable hardship upon the settlers who were actual settlers and taking an active part in the development of the Province, for the simple reason that they found themselves unable to press upon the Government with effect their plea for the ordinary amenities of rural life, which completely settled communities had a right to expect.

The bill was read a second time and will be committed at the next sitting of the House.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With It to Restore Color, Gloss and Youthfulness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

HAD ECZEMA

For Over 28 Years

Eczema or Salt Rheum manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust is formed, and the intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat is almost unbearable.

The success which Burdock Blood Bitters has met with in skin diseases of such severity is due to its wonderful blood cleansing and purifying properties, and we know of no other remedy that has done or can do, so much for those who are almost driven to distraction with the terrible torture.

Mr. James Walker, 152 Niagara St., Hamilton, Ont., writes: "I have been using Burdock Blood Bitters for some months past, and find it an excellent remedy for skin eruptions. I have suffered with eczema for over 28 years, and have tried almost everything you could think of. I was recommended to use Burdock Blood Bitters, and I am now clear of my skin trouble. It is certainly a good remedy and I shall recommend it to all my friends."

Manufactured for over 40 years by The T. Milburn Co., Limited, Toronto, Ont.

STOP LOOK and LISTEN

before purchasing a baking powder that may possibly contain injurious ingredients. Many food scientists claim that baking powder containing alum is unsafe for use in food. The mere fact that some brands of baking powder have the words "No Alum" on the label is not sufficient proof that they are what they are represented to be. Our chemists find a good many have "No Alum" on the outside, but large quantities of it inside.

MAGIC BAKING POWDER

SENT FIVE Y. M. C. A. MEN TO POLAND

J. J. Thompson, physical director of the Broadview Y. M. C. A., Toronto, has been chosen by the International Committee of the Y. M. C. A. as one of a party of five physical instructors to go to Warsaw for work among both civilians and soldiers of Poland. The party has already sailed from New York.

Thompson is a Toronto boy, and has been thirteen years in Canadian Y. M. C. A. work graduating from Toronto, West End, and later serving as physical director at Midland, Kingston and Peterboro. After serving as secretary of community work on the state staff of Maine for two years, he returned to Canada to enter the war service, at which he spent three years.

Fred Messing, formerly physical director at Toronto, West End, and now national physical director of Poland, is organizer of the party.

DOMINION

Remarkable scenic effects have been secured in the Paramount-Artcraft picture, "Everywoman," which is showing at the Dominion Theatre this week with Violet Heming in the title role. One of the most spectacular is the banquet hall of Wealth, the part played by Theodore Roberts. It is built in the shape of a dollar mark. One circle of the "S" contains a swimming pool, while the other is occupied by a dance floor. On these two stages beautiful girls in the most remarkable costumes of ultra-modern mode disport. For the big theatre scenes in which Everywoman makes her debut, a chorus of extremely pretty girls in unique costumes was employed. The stage was literally covered with real flowers, which gives an idea of the extravagant scale upon which the spectacle was filmed.

AMUSEMENTS TO-DAY

Royal Victoria—"Even as Eve."

Princess—"Officer 666."

Pantages—Vaudeville.

Dominion—"Everywoman" and Fatty Arbuckle.

Variety — Mary Pickford in "Pollyanna."

Columbia—"Scarlet Days."

Romano — Enid Bennett in "What Every Woman Learns."

VARIETY

Many who view Mary Pickford's first United Artists Corporation picture, "Pollyanna," as it is shown at the Variety Theatre this week, wonder where she learned the quaint little dance which features her "glad" visit to Mrs. Snow, the invalid. After Miss Pickford and her director, Paul Powell, had figured for several days on different steps, and after Little Mary had even hired half a dozen children to dance for her that she might watch their steps and study their actions in an earnest search for "kid business," she finally got just the steps she wanted from her little niece and namesake, Mary Pickford Rupp. This little girl, just past three, came to visit her famous auntie one afternoon, and was quite surprised to find her garbed as a little girl and indulging in all sorts of queer and awkward antics, calculated to represent a child's efforts at dancing. Thinking it some kind of a game, little Miss Rupp insisted on joining the party whereupon both Director Powell and Miss Mary Pickford were treated to a great surprise—for in her quaint romping they found exactly the step they were seeking for the glad dance."

PRINCESS

Request for a repeat performance is about the best compliment any professional company could expect, and now considering that the Princess Dramatic Society have been asked to place "Officer 666" before the footlights for a second serving, it is no exaggeration to state that "Officer 666" has merited the success it deserves.

The recent epidemic has naturally thinned the audience somewhat, however, it is plain proof that those who witnessed last week's performances have scattered far and wide the seeds of satisfaction. Their verdict has been accepted, and now those that could not go, yet wanted to, have expressed a desire for a another performance.

"Officer 666" is beautifully staged and cleverly acted, and as the Princess Dramatic Soicety have always enjoyed the patronage of a big following, it will be with the utmost satisfaction to all that this play of "thrills" will be witnessed by large audiences, which the box office at present indicates.

To-night and Saturday night next will see the passing of one of the cleverest and very best offerings the local company has offered.

COLUMBIA

All that glitters is not gold, but it might be—especially if you happen to be making motion pictures in California. For the filming of his new Paramount - Artcraft production, "Scarlet Days," showing to-day at the Columbia Theatre, D. W. Griffith took the entire company to an old California mining town called Toulumne. One of the episodes in the picture required Walter Long, who will be remembered as the negro in "The Birth of a Nation," to "pan" a stream of gold. Long was on the job with his basin, with the camera cranking merrily, when suddenly he cried: "Stop! Griffith! I've discovered gold!" "Why shouldn't you?" said the producer laughingly, "You're standing on one of the richest mines in California. They've taken millions of dollars' worth of bullion out of it and are working it to this day."

ROMANO

Enid Bennett, who is showing at the Romano Theatre this week in a new picture, "What Every Woman Learns," is a great lover of birds and flowers. Surrounding her home is a beautiful garden that contains practically every variety of flower grown in semi-tropical Southern California, and every tree has its bird-house. Canaries, parrots, and other songsters hang in cages around the spacious verandah. Her chief pets, however, are a family of Australian rabbits which a friend presented to her when she was a little girl and which she carefully brought to America with her and lodged in a pen. Miss Bennett herself has often been likened by her acquaintances to a child in her vivaciousness and enthusiasm. In her new picture, "What Every Woman Learns," on view at the Romano Theatre this week, she is the exuberant child-wife who becomes sobered through tragedy and learns that a philosophy of joy alone will not enable her to cope with her more serious problems. Milton Sills, Irving Cummings and Theodore Roberts are included in the cast, and the picture was directed by Fred Niblo.

PANTAGES

The power of music was never more successfully demonstrated than at the Pantages this week, where Raul Pereira's famous sextette, in headline position, holds the audience spellbound at every show with a repertoire of classical music. This act never suffers interruptions on the part of the audience, until the final number, which is a syncopated medley of popular song and dance hits. Then, there is a general tapping of the feet, for these master musicians interpret modern music with the same remarkable technique and tone quality they display in their classical numbers. Another feature act is given by the four Berlo sisters, diving girls. Four other high class turns and an interesting offering of the Pantagescope complete the bill.

WHY IS IT
that chronic skin diseases which have defied all other treatments yield to Zam-Buk?
It is because Zam-Buk is germicidal, and also has such power of penetration that it reaches disease in the underlying tissues and cures from the "root" up. That is the only way a permanent cure can be effected.
Mr. H. C. Buckley of 461 E. Broadway, Portland, Oregon, says: "For chronic skin diseases there is nothing like Zam-Buk. For fifteen years I had eczema, and I tried an endless number of so-called 'eczema cures,' but nothing was capable of curing me permanently until I used Zam-Buk. Ten months' use of Zam-Buk has effected a complete cure."
For ulcers, abscesses, boils, ringworm, blood-poisoning, piles, burns, scalds and cuts, Zam-Buk is equally good. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

"TWO IS COMPANY" ON ORPHEUM BILL

Stellar Attraction Will Be Wilbur Mack in Musical Comedy

It his been many moons since Wilbur Mack made his personal appearance in the West. In the meantime his memory has been kept fresh by the many playlets he has written and which have been produced on Orpheum time. It is announced that Mr. Mack himself will be here for Saturday matinee and night, in a playlet of his own called "Two Is Company." This is a little musical comedy or rather it is a comedy with a song interpellation. It is a story of a country club flirtation, told in sparkling dialogue and clever lyrics. One number, a golfing song, is probably the most distinct contribution to the stage this season. Mr. Mack is assisted by Loule Holly, an attractive and talented young actress and a company of two others.

On this same bill appears Rita Mario and company, which is the rather modest title of an aggregation of wonderfully talented musical artists consisting of nine beautiful young women and Mr. Elliot Best, who under the efficient leadership of Rita Mario, the talented virtuoso and director, presents what may be justly termed the most artistically entertaining act in musical vaudeville. Solos for harp, violin and 'cello are intermingled with ensemble numbers.

Charles Howard and company will offer a happy combination with Donald Roberts and Victoria Gale, "A Happy Combination" is the title of the skit. It is a good vehicle and the trio who are transported in it keep it well lubricated with fun and in smooth running order.

Shelton Brooks, the popular song writer, assisted by Horace George, Clarionettist sycopationist, will offer a compound of fun and song. Brooks is the author of "Walkin' the Dog," "All Night Long," "Some of Those Days," and among other compositions "Strutters Ball." Both men in this act stand high in their respective line of work.

A comedy in one act will provide the sketch of the week when Howard Smith and company present "And Son." The dialogue is entirely bright and is full of what is known to the theatre as "punches." There is a pretty little love interest developed through a pretty stenographer. It is regarded as a fine comedy of situations and lines.

Comes also Sandy Shaw, Scotch comedian. Let it be said of Sandy Shaw that he is the only Scotch comedian who has ever basked in the sunshine of Harry Lauder's smile sufficiently to be compared with that great comedian himself. There will be imitations of the usual Scotch types and there is a song and many a jest for each.

Mirano Brothers will present a novelty in their act with sensational daring. They are known as the flying torpedoes and have justly gained the title, for they may safely be referred to as an exceptional team of acrobats. Their appartus is made to resemble the famous Eifel Tower and their perch is its apex. The show will close with the Canadian film news and feature pictures together with a selected number of splendid orchestral offerings.

FOLK SONGS AND DANCES ENJOYED BY BIG AUDIENCE

Nearly Six Hundred at Ladies' Musical Club Concert Last Night

An appreciative audience numbering nearly six hundred taxed the capacity of the Empress ballroom to the utmost last night on the occasion of the concert given under the auspices of the Victoria Ladies' Musical Club, and every number on the attractive programme was received with evident delight. Arranged by Mrs. Gideon Hicks and Mrs. Robert Baird, the concert proved one of the most successful held under the Club's auspices and the conveners are to be congratulated upon its success.

The folk songs of England, Scotland, Ireland, Wales and France were represented on the programme, and the charming old airs and graceful dances made a strong appeal. The practice adopted by the majority of the artists of wearing the costume of the period represented, enhanced the old-world atmosphere and added much to the charm of the various numbers. The opening dance, a Highland fling, executed with vigor and grace by Miss Frances Amphlett, a pupil of T. T. McCredy, was followed by a group of Scottish songs by Robert Mackenzie, the popular tenor, who imbued "Bonnie Mary of Argyle," "Ye Banks and Braes" and "Flow Gently Sweet Afton" with tender feeling.

"The Ash and the Oak" and "Come Lasses and Lads" were the two English airs sung with much sweetness and finish by Mrs. J. B. Shaw, followed by a spirited rendering of an old English hunting dance by T. T. McCredy, who wore the conventional "pink." Particularly pleasing was the group of songs sung in Welsh by D. C. Hughes, his mellow baritone being heard at its best in a soothing graceful little "Lullaby" which had to be repeated, while his "March of the Men of Harlech" was most stirring in its appeal. Mrs. Wendell Shaw's Welsh dance was the epitome of youthful grace, and proved one of the most popular numbers on the programme.

Mrs. Dalby Brooks Morkill, the well-known Vancouver contralto, contributed a group of Irish numbers with finished artistry, her interpretation of "The Foggy Dew" and "An Irish Folk Song" conveying that haunting sense of pathos which marks the music of Erin. The sprightly "When Love is Kind" (Thos. Moore) was repeated by popular request. Last night marked Mrs. Morkill's first appearance at a Victoria Musical Club concert, but it is sincerely to be hoped that it will not be her last. An animated rendering of the Irish Jig, redounding with youthful verve and grace, won hearty applause for Miss Alma Bray, a clever young dancer.

In a quaint gown of the Pompadour period, with hair a la poudre, Miss Eva Hart sang Exaudet's Minuet (Bergerette) with consummate artistry, wielding her fan with all the grace of a coquette of the period. Her second number, "Dans Ces Pres," was captivating in its daintiness, and at its close the popular artist was recalled for an encore. The final number on the programme was a graceful exposition of the Minuet by the Misses Thacker, Thorpe, Beek and Harris, who presented a charming picture as they trod the stately measure in their quaint old-world costumes.

Mrs. Wardle carried the onerous duties of accompanist with ease and efficiency.

"BIFF, BING, BANG" WILL BE IN CITY FOR TWO EVENINGS

"Biff, Bing, Bang," the greatest musical comedy ever written and played by any military organization, and claimed by many to have been the greatest success ever offered to the boys in France, will be the attraction at the Princess Theatre for March 29 and 30. The company presenting this unique revue in Canada was known in France as "The Dumbells," and has a record of over five hundred performances given immediately behind the front lines during the war. After the armistice they gave forty performances in Brussels for the benefit of the wounded and disabled soldiers and sailors. These performances were under the royal patronage of King Albert of Belgium, who has since presented Capt. M. W. Plunkett and his Dumbells with a medal and address in commemoration of their splendid success. Their only other public appearance before coming to Canada was in London, where they played a month, two weeks of which they appeared in the famous Coliseum, where they played to 91,200 people. All of the original company who survived the war are now in Canada, and their forthcoming appearance here promises to be one of the finest and certainly the most unique and interesting theatrical engagements ever staged in this city.

"TIZ" FIXES ACHING, SWOLLEN, SORE FEET

How "Tiz" Does Comfort Tired, Burning, Calloused Feet and Corns

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet.

Good-bye, corns, calluses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudations which puff up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget wour foot misery. Ah! How comfortable your feet feel.

Get a box of "Tiz" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

AH! BACKACHE GONE! RUB LUMBAGO AWAY

Rub Pain From Back With Small Trial Bottle of Old "St. Jacob's Oil"

Ah! Pain is gone!

Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Oil."

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacobs Oil" is a harmless backache, lumbago and sciatic cure which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those torturous "stitches." In a moment you will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from your druggist now and get this lasting relief.

IT CAN'T BE BEAT BAILEY DECLARES

Eats Anything, Sleeps Like Log and Feels Fine Since Taking Tanlac

"No, sir, I couldn't ask to feel any better than I do since taking Tanlac, and it does me good to tell other people about this medicine," was the statement made recently by D. Bailey, a well-known saw mill owner residing at 1824 Pandora Street, Vancouver, B. C.

"I had such a bad case of indigestion that I had to force myself to go to the table, in fact, I dreaded to eat for I would be in misery with my stomach afterwards. I had awful cramps in my stomach, and gas would form and cause such a pressure in my chest and around my heart that I thought I would suffocate. My back also troubled me terribly for the pains were so cutting I could hardly lace up my shoes, and if I was standing up and tried to stoop over I got so dizzy I would nearly fall down. Nervous spells often came on me and cause a dull headache and sometimes my head felt so heavy I could hardly hold it up. Constipation bothered me a great deal, and I had to take a laxative every few days. What little sleep I got was not restful, and when I got up every morning I felt like I had just finished a hard day's work.

"A number of my friends here in Vancouver had taken Tanlac, and were so well pleased with it that I finally decided to take their advice and try it. If I had searched the whole world over I don't believe I could have found a better medicine than Tanlac for it went straight to the spot, and I am now enjoying the best of health and am feeling strong and healthy like a man ought to feel. And eat, why, my appetite is so fine I can hardly eat enough, and the beauty of it, is that nothing at all ever disagrees with me. I can bend over or stoop down as much as I please without a pain or ache in my back, and I have not had a headache or dizzy spell since I finished my first bottle of Tanlac. I am free from constipation and nervousness, and at night I sleep like a log. Without a doubt Tanlac can't be beat, and I am always ready to speak a good word for it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas; and at Lang's Drug Store, Esquimalt Road.

Thin, Nervous People Need Bitro-Phosphate

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.

A shiver to-day may mean the doctor to-morrow. Keep the warmth IN and the cold OUT with a cup of hot Oxo—made in a moment with—

OXO CUBES

The little strength-builders.

OPTION ON PLANT EXPIRES TO-NIGHT

If Not Taken Up Foundation Machinery Will Be Sold Piecemeal

Unless an option held by an Eastern concern on the Foundation equipment is taken up by to-night when the option expires the whole of the shipbuilding plant will be offered for sale piecemeal.

Various machinery parts have already been disposed of by private sale and the dismantling of the plant at Point Hope and Point Ellice is proceeding.

John Gaskin, who has held the post of auditor during the course of the French contract, is now in charge here.

Dean Johnson is supervising the dismantling of the machinery. Bayly Hipkins, vice-president; Frank Quitter, treasurer, and J. E. McCormick left aboard the afternoon boat yesterday for Seattle.

WALLACE SHIPYARDS TO HAVE FLOATING DOCK

Vancouver, B.C., March 19.—A. Wallace, of the Wallace Shipyards, announces that construction of a floating dock in Vancouver would be undertaken as a private venture. A gang of men has been put to work, he said, to clear a site purchased on the south shore of Burrard Inlet.

Canadian Money Is Par at Seattle's Gowman Operated Hotels

A Canadian guest is a guest indeed. We not only render every service a hotel can give, but we accept Canadian money at its face value in payment for accommodations.

If your journey includes a stop in Seattle make sure you stop at a Gowman Operated Hotel.

There are three, all first class hostelries. Every taxi driver, every information bureau, can tell you where they are. Every dollar of expense you incur at a Gowman Operated Hotel saves you fifteen per cent. in discount. In addition, the Gowman Operated Hotels are known to thousands of travelers for the pleasure they add to a visit in Seattle.

Canadian Money Good With Us

As proprietors of six leading Seattle hotels, representing 1,000 rooms, we invite Canadian patronage with the understanding that Canadian money will be accepted at par (100 cents on the dollar) in payment of hotel bills. This is a courtesy we are glad to extend, even though the exchange situation means considerable expense to us. We want our Canadian friends to feel that their money is good with us at all times.

Ships Linked Up By Wireless Phone

Captain Bennett, Master of Steamship Princess Victoria, Picked Up Message Transmitted From Vancouver; Machine Being Adjusted Here.

Wireless telephony is now an established fact and within a very short time this wonderful invention will be available to all desirous of communicating with friends aboard ships plying between Victoria and the mainland and also linking up liners operating offshore.

Experiments have been carried on this week and communication by wireless telephone was established between Vancouver and Captain R. B. Bennett, master of the C. P. R. steamship Princess Victoria, at sea. Speaking to Captain Bennett through the transmitter at the offices of the Marconi Company an enterprising Vancouver reporter, after informing him who was speaking and wishing him a pleasant passage, received the following confirming message back through the medium of wireless telegraphy:

"I was listening in on the receiver to-night and heard your voice over the wireless phone quite distinctly. The only fault that I could find was it was too loud. I heard you when three feet away from the phone."

W. Filtness, wireless operator on board the steamship Princess Victoria, sent a message to the shore operator over the telegraph that the voices were heard very distinctly, being far better than the voice over the wire telephone of everyday use.

It is expected that the machine at Victoria will be properly adjusted next week when messages will be transmitted from shore to vessels afloat.

At the request of the Point Grey station the Gonzales Hill station here listened in at 11.45 o'clock this morning, but lacking amplifying apparatus the operators were unable to pick up the wireless phone messages transmitted from Vancouver.

CANADIAN WIRELESS GOVERNMENT REPORT

March 9, 8 a. m.

Point Grey—Overcast; S. E. light; 29.95; 44; hazy seaward.

Cape Lazo—Overcast; S. E. light; 29.96; 39; sea smooth. Spoke steamer Alameda, 11.30 p. m., Seymour Narrows, northbound.

Pachena—Overcast; S. E.; 29.87; 40; sea moderate.

Estevan—Clear; S. E. light; 29.84; 38; sea moderate. Spoke steamer Hokkai Maru, 11.40 p. m., position at 8 p. m., lat. 4852 N., long. 141.20 W., east bound; spoke steamer Amazon Maru, 12.05 a. m., position at 8 p. m., lat. 50.00 N., long. 131.35 W., westbound; spoke steamer El Lobo, 12.05 a. m., position at 8 p. m., 200 miles from Flattery, northbound.

Alert Bay—Cloudy; N. W. fresh; 29.60; 43; sea smooth. Spoke steamer Jefferson, 1.40 a. m., abeam, southbound.

Triangle—Misty; S. E.; 29.80; 38; sea rough. Spoke steamer Princess Mary, 11 p. m., off Ivory Island, 11.10 p. m., northbound; spoke steamer Delight, 11.25 p. m., position at 8 p. m., lat. 50.20 n., long. 133.35 W., westbound.

Dead Tree Point—Cloudy; calm; 29.85; 30; sea smooth.

Portland, Ore., March 18.—Arrived: Strs. Daisy Freeman, San Francisco; Ashland County, Honolulu.

Norfolk, Va., March 18.—Arrived: Str. Montreal, Victoria, B. C., and sailed for London.

SUWA CLEARS FOR ORIENT ON TIME

N.Y.K. Liner, Departing For Orient, Will Be Full Ship

With full accommodations the Nippon Yusen Kaisha liner Suwa Maru will leave port this evening on her outward voyage to the Orient.

Included among the liner's passengers will be a tourist party making a three months trip to the Orient.

Walter H. Podesta will conduct the tour in behalf of the American Express Company and the list of sightseers in the party consist of Mr. and Mrs. C. L. Martin and two daughters, the Misses Virginia and Ada Brown, Mrs. F. E. Kauffman, Miss Emily Kauffman, Mrs. and Mrs. H. C. Learned, Mrs. F. D. Carter, Mrs. L. Q. Younglove and daughter, and Mr. and Mrs. G. F. Steward.

Many of the Suwa's saloon passengers will embark at this port following her arrival from Seattle.

Three days were lost by the Suwa Maru on her arrival from the Far East when she was detained at William Head as the result of an outbreak of influenza aboard. Since the liner has been on Puget Sound cargo has been worked day and night to permit the departure of the vessel on schedule.

On Wednesday night a dinner was held aboard the Suwa Maru at Seattle in honor of M. Hirota, the new Japanese consul at Seattle, and M. Watanabe, newly-appointed manager of the Nippon Yusen Kaisha for the North Pacific coast territory. The dining saloon of the liner was decorated with the flags of the Allies and music was furnished by the ship's orchestra.

The speakers discussed the huge expansion of Oriental trade and paid tribute to the Nippon Yusen Kaisha as the pioneer steamship line linking up the ports of this coast with the Far East.

Boris A. S. Aronow, of Washington, who is bound to Siberia in connection with American Red Cross activities there, will sail aboard the Suwa Maru. Other members of the party are: Herbert Quick, Dr. Rudolph Teusler, head of the Siberian Commission, George R. Barge and W. Cooke Lewis, A.R.C., who are reported to be snowbound in the Dakotas. The report that the Suwa Maru would be held for the rest of the party is denied by Nippon Yusen Kaisha agents.

UNABLE TO COMPETE.

Vancouver, March 19.—Government control of prices in the United Kingdom has set so low a figure on canned fish that British Columbia products can not compete with the huge accumulated war stocks carried in Britain, and Mr. H. O. Bell-Irving has cabled from England a warning to canners advising curtailment of packing the cheaper grades of salmon during the coming season.

Bears the Signature of Chas. H. Fletcher

Ex-German Liner Flying Cunard Flag

S.S. KAISERIN AUGUSTE VICTORIA

BIG CUNARDER IS DUE FOR LAUNCHING

S.S. Scythia About to Be Delivered by Messrs. Vickers, Limited

First passenger ship to be delivered by a British yard to the Cunard Steamship Company, Ltd., since the termination of the war will be the liner Scythia which will be launched from the plant of Messrs. Vickers, Ltd., Barrow-in-Furness, England, March 23.

The principal dimensions of the new liner are: 609 ft. in length over all by 73½ ft. moulded breadth and 45 ft. in depth. Her gross tonnage is 21,000, accommodating 2,590 passengers—driven by turbines developing about 12,500 horsepower, and will have a speed of 16 knots. Oil fuel will be carried in double bottoms.

She will possess unusually spacious passenger accommodation and cargo holds and has bilge keel. To ensure safety the vessel is constructed with a complete system of watertight doors. The Scythia is fitted with a complete outfit of long range wireless, and has no less than seven decks for use of passengers, which include the most modern improvements, and the refinement with which scheme the decoration is carried out to the smallest detail is characteristic of the high standard which has caused the Cunard liners to be regarded as models of artistic taste.

The Scythia will possess several new features which will include two garden lounges. A verandah cafe for the sole use of the cabin passengers.

In both the saloon and cabin dining saloons of the Scythia the old-fashioned long tables have been replaced by tables for two, four and six people. Another feature worthy of note will be the numerous small subsidiary rooms in row alcoves, forming extensions to the public rooms from which they are partially separated. These small rooms afford parties of friends comparative seclusive, but allow them at the same time to keep in close touch with the proceedings going on in the main apartment.

The Scythia's public rooms also include drawing rooms, writing rooms, libraries and smoking rooms. She will also be provided with private suites comprising sitting rooms, bedrooms, bath and entrance hall.

ORDER RESTRAINS SHIPPING BOARD

Deal for Sale of Shipyard to David Rodgers, However, Not Affected

Seattle, March 19.—A temporary order restraining the United States Shiping Board from intefering in any way with possession by the Skinner & Eddy Corporation of the corporation's shipyard No. 2 here was issued yesterday by Superior Court Judge A. W. Frater.

The order, shipping men declared, would not interfere with Shipping Board plans to sell the yard to David Rodgers, former manager for Skinner & Eddy, now reported to be in Washington negotiation for its purchase.

Washington advices received here were to the effect that Mr. Rodgers had made an offer of $3,400,000 for the yard and that the Shipping Board had tentatively accepted it.

Rodgers has announced that he has contracts for the construction of twenty-five steel steamers. Construction of the boats will give approximately 6,000 men employment.

An attempt of the Shipping Board's Seattle representatives to take possession of the yard yesterday failed when the Skinner & Eddy officials ejected watchmen who had been placed in the yard by the Board. The Board and the Corporation have equal shares in the yard, it was said.

Rheumatic Pains

Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring. It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pains and soreness. Seigel's Syrup, also known as "Extract of Roots," contains no dope nor other strong drugs to kill or mask the pain of rheumatism or lumbago, it removes the cause. 50c. a bottle at druggists.

At the Grant Mine of Nanoose Wellington Coal Co., Shortly to be Scene of Developments Following Directors' Visit.

LACK OF REST

worry, over-work or imperfect nourishment, all in a measure contribute to and are the beginnings of nervous prostration.

SCOTT'S EMULSION

is a decided help to those who are nervous, in that it provides an easily assimilated food that quickly builds up the general health by nourishing the whole body. Give less attention to worry; enjoy regular rest and sleep and take *Scott's Emulsion* regularly after meals.

Scott's never fails to nourish and strengthen.

Scott & Bowne, Toronto, Ont. 19-20

A BEDTIME STORY

UNCLE WIGGILY AND BILLIE'S BANJO.

Copyright, 1919, by McClure Newspaper Syndicate. (By Howard R. Garis.)

Uncle Wiggily Longears, the bunny rabbit gentleman, took Johnnie and Billie Bushytail, the two squirrel boys, to the moving pictures in Woodland one night. Coming out Billie was rather quiet.

"What's the matter, Billie Boy?" asked Mr. Longears, as he wondered whether there would be hot turnip pancakes with maple sugar gravy sewed in the middle for breakfast that night. "Didn't you like the pictures?"

"It was fine, I think," chattered Johnnie.

"Oh, yes, it was very nice," Billie quickly said. "And I liked it very much. Thank you for taking us. But I was just wishing I had one."

"You wish you had a moving picture!" exclaimed the old rabbite gentleman, twinkling his left ear. "Why, where in the world could you put a moving picture, Billie Boy?"

"Oh, no, I didn't mean that," said the squirrel boy. "I mean I wish I had a plinkity-plunk-plunk-music, playing-banjo like the one the monkey gentleman had in the moving pictures. I mean the one that sat near the piano. Oh, I just wish I had a banjo!"

"Yes, it did make nice music," said Uncle Wiggily, as he thought of the jolly tunes the monkeys had played in the moving pictures. For the orchestra was a very stylish one, and played Jazz and Sazz and Blare and Tum-Tum and Bazalazeeka, which last is the very latest kind of music—no tune at all unless you do it backward and then you can't hear it.

"Do you think I could ever have a banjo?" asked Billie, as he and Uncle Wiggily and Johnnie reached the squirrel home.

"I'll see about it," promised the rabbit gentleman, and Billie went to bed happy, to dream of having a banjo. For when Uncle Wiggily said he would "see about" anything generally that thing came to pass.

The next day, when Billie and Johnnie had gone to school, Uncle Wiggily began snooping around the kitchen.

"What do you want?" asked Nurse Jane Fuzzy Wuzzy, pertinent like. The muskrat lady housekeeper was helping Mrs. Bushytail, the squirrel lady, wash the dishes.

"Oh, I'm going to try to make Billie a nice music-tune-playing-banjo, such as we heard in the movies last night," Uncle Wiggily answered. "If I had a starch box, part of a baseball bat, some strong string and pieces of wire, I could make a banjo all right."

"Well, here's a starch box," spoke Mrs. Bushytail, and she handed the bunny uncle gentleman an empty one. Uncle Wiggily found the rest of the things himself, and soon he had put the strings and wires on the home-made banjo.

"It doesn't look very stylish, but we'll see how it plays," said Uncle Wiggily. "I guess I'll go off in the woods to practice." So, taking Billie's banjo away he started over the fields hippity-hop like Sister Sallie going to the barber shop.

Uncle Wiggily found a nice flat stump, and, the day not being very cold, he sat down to tune and play the banjo.

"Plink! Plink! Plinkity-plunk-plunk!" went the strings and wires as Uncle Wiggily turned the little pegs and tightened them. Then he ran his one paw up and down the baseball bat handle of the banjo, and picked at the strings with his other paw.

"Plunkity - plunk - plink - plank - plunk!" went the banjo, tuneful like and tinkily.

"Ha! That isn't half bad!" exclaimed the rabbit gentleman, his pink nose dancing around as fast as never was. "Billie will like this banjo, I'm sure. But I didn't know I could play one."

"You can't!" suddenly said a voice behind Uncle Wiggily, and out from back of the stump stepped the bad old Skeezicks.

"Oh! Ah! A-hem! I didn't know you were listening," said the rabbit gentleman, dispassionate like and insinuating.

"Well, you know it now," gargled the Skeezicks. "Come! Put down that silly thing, whatever it is, and stand around while I nibble some souse off your ears!"

"Oh! Oh! If you please, I don't want to!" begged the rabbit gentleman.

"It doesn't make any manner of difference whether you want to or not," said the Skeezicks, harsh like and unreasoning. "You do as I tell you! Put that thing-a-ma-bob down!"

"It isn't a thing-a-ma-bob, it's Billie's banjo," said Uncle Wiggily, "and I was just learning to play on it."

"Nonsense! You can't play!" sneered the Skeezicks. "Come, do as I say! I'm in a hurry for souse!"

"I'll show you whether I can play or not!" cried Uncle Wiggily. "Here, you just listen to this, and then if you feel like taking my souse, well, we'll see about that!"

And suddenly Uncle Wiggily began to play Billie's banjo. First the rabbit gentleman played a little jazz music, and the feet of the Skeezicks began to tap, tap, tap. Then Uncle Wiggily swung into some sazz music, and the Skeezicks began jiggling his legs. After that the bunny uncle played some razz music, and the Skee's claws began to dance. And then, twanging with both paws and strumming the banjo as hard as never was, Uncle Wiggily began playing some of that strange tum-tee-tum-tum-bazalazeeka music, and the Skeezicks began swaying his head and shoulders as fast as sometimes is. He just couldn't keep still, and the faster Uncle Wiggily played the faster the Skee twiggled his toes.

"Oh, stop it! Stop it!" cried the bad chap. "You make me feel so funny and jolly that I've got to dance all around the woods!"

"Well, dance as far as you like!" cried Uncle Wiggily, and he kept on playing Billie's banjo. And the Skeezicks had to dance, whether he wanted to or not, and he danced so far away that he couldn't get any of the bunny souse. Then Uncle Wiggily stopped playing and took Billie's banjo home to the little squirrel boy.

"Oh, what a dandy!" cried Billie, when he saw the banjo his uncle had made for him. And, though the squirrel chap could not play as jazzie as Mr. Longears, still he did very well. And if the butter doesn't jump off the bread just when the jam is trying to climb on to look pleasant for the little boy's supper, I'll tell you next about Uncle Wiggily and Johnnie's jelly.

THREW MONEY OUT OF MILL WINDOW

Remarkable Test in Mill to Show Employees Value of Economy

A remarkable story comes from Northampton, Mass., about a demonstration George B. McCallum, treasurer of the McCallum Hosiery Co., gave of waste.

He got the employes together and told them that in one week there were 11,760 needles lost in the mill. Needles he explained cost 1¼ cents each. Those 11,760 needles represented $147 and their loss was as bad as if that much money were thrown out of the window.

Thereupon he picked up $147 silver dollars from the table before him and hurled them out of the window.

The operatives were stunned.

Practical Tests

Then Mr. McCallum said silk scattered under foot in the mill was as much destroyed as if thrown away. He estimated that silk wasted through this form of carelessness last week amounted to $50. There upon he picked up $50 in gold coins and threw them among the workers.

The report says that there was a wild scramble for the gold by some of the operatives, while others raced outdoors to retrieve those silver discs worth one dollar each.

Mr. McCallum from his name, should be Scotch, or of Scottish decent. To the Scot waste is a crime. And it should be a crime to all people, and never more so than to-day.

All the vocal pleading or arguing Mr. McCallum could have indulged in would not have impressed those workers so much as did the 147 silver dollars hurled out of the window and the gold coins thrown among them. That was a demonstration that had what the theatrical people call a "punch."

No one in the hosiery mill will forget from now on that a needle represents money and that dropping one or throwing one away means dropping or throwing money away. And no one will forget that trampling silk threads underfoot means destruction of money.

It is not likely the hosiery mill is going to eliminate all of the needle waste or silk waste. No, siree. Not half of it or a quarter of it will be curtailed, but some of those workers will be more careful and there will be a sense of guilt with anyone who is careless, for he will know he is not doing the right thing or the honest thing.

Loss Through Wastefulness

If workers could but appreciate the fact that they are the greater losers through wastefulness in their work a great reform would begin in industry. They would get more pay if they reduce waste to a minimum. There are few factories or mills in Canada where the illustration Mr. McCallum gave could not be given with equal force and equal truth. One bad feature in the situation is that many employers do not see the waste or appreciate its extent or, if they do, have ability to do what is necessary to curtail or eliminate it.

Most of the waste is through our lack of appreciation of the value of little things or the value of things we are prone to think of little value. Many of our fortunes have come from little things: Who thinks much of a spool of thread? Yet the fortunes that have come from thread-making bulk bigger than the fortunes of the Rockefellers. Who thinks much of a nickel or a dime. Yet Woolworth made a great fortune out of the profit in goods sold for 5 cents or 10 cents. The man who could get the waste paper and the rags from the waste piles of this continent could become the richest man of his time.—Journal of Commerce.

CANADIANS SHOULD SUPPLY DEMAND FOR BINDER TWINE

Canada annually requires approximately 50,000,000 lb. of binder twine for harvesting the grain crops, 40,000,000 lb. of which is used in Western Canada. The raw material for this twine is sisal, a product of Yucatan, Mexico. The production and marketing of sisal is practically controlled by the United States. Canadian manufacturers also produce binder twine, in small quantities

The experiment with Canadian flax straw fibre have proved that an excellent binder twine (and other commercial cordage) can be satisfactorily produced from this raw material. The following particulars of the flax-growing industry of Canada, and the results of experiments in the production of cordage are compiled from information furnished by Mr. F. W. Van Allen, of Regina, Saskatchewan, who has been in charge of experiments (conducted by the Dominion Government) in connection with the utilization of flax straw. The outstanding points in connection with this subject are:—

(a) Canadian flax for fibre purposes is grown only in the East provinces and British Columbia.

(b) In 1919 flax for linseed purposes was sown on 1,055,686 acres in the three Prairie Provinces of Manitoba, Saskatchewan, and Alberta. The resultant straw is destroyed by burning, and it is with reference to the possible utilization of this waste product that the experiments have been conducted.

(c) The utilization of the straw from 1,055,686 acres of flax will produce approximately, at least 130,000,000 lb. of twine.

(d) At the market price of 24 cents per lb. for imported sisal binder twine for 1919. Canada spent $12,000,000 on this product during the present year. The cost per lb. of production of binder twine from Canadian flax straw, as shown by the experiments herein referred to, is 12½ cents per lb., not including overhead charges for administration or marketing.

(e) The cost of commercial twines from Canadian flax straw, including spinning, dressing and polishing, is 19½ cents per lb. exclusive of overhead charges for administration and marketing.

(f) An excellent insulating felt can be produced from the wastage not absorbed from the twines.

(g) The raw material (flax) is grown in Western Canada, where 80 per cent or more of the Dominion's consumption of binder twine occurs. It would, therefore, appear that there is an excellent opportunity for the establishment of one of more binder twine and cordage works in Western Canada.—Journal of Commerce.

NO CHANGES IN LAW IN ALBERTA ON PROHIBITION

Edmonton, March 19.—No amendments to the Alberta liquor law will be introduced at this session of the Legislature by the Government. A statement to this effect was made by Premier Stewart to the House last evening.

LESSONS FROM THE ENEMY.

There is a old Latin quotation, "It is lawful to learn from the enemy."

In Central Europe there are some little things that they manage much better than we do. Over there all the door-handles are not knobs, but levers. This makes them much easier to open, especially when the hands are full.

In Munich post-offices there is a dial-scale for the use of the public, to weigh letters and parcels (which saves time), and an automatic arrangement for registering letters.

In Munich trams there is a mark at each end, one metre ((thirty-nine inches) from the floor. Children below this height are free, and there are no disputes about age.

Central European windows, like old English windows, move in and out, not up and down. This quite does away with the bother of window-cords and the windows give more air when open. They close quite tightly if properly fitted.

In Bavaria before the war at least, there were all sorts of kindly little celebrations and other things which made life friendlier and more pleasant. If an employee had remained in the same place for five, seven, ten years, etc., his employer frequently gave him a sort of little jubilee celebration. Nor did the employee forget the chief's birthday or "name-day." Nothing expensive—a glass or two of wine, a cake, a little friendly speech.—Tit Bits.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at Tongue! Remove Poisons From Stomach, Liver and Bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl. When a girl's thoughts become sluggish with headaches, dizziness, or a disposition to sleep, pains in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 3 months she was under the doctor's care and got no better, always complaining about her back and side aching so I did not know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. Finore, 516 Marcy Avenue, Brooklyn, N.Y.

ALL SERVING YOU

From Halifax to Vancouver, thousands of Imperial Oil Service Stations and Imperial Oil Dealers are ready to give prompt, courteous service and reliable information regarding the most suitable fuel and lubricants for your requirements.

Behind Imperial Oil Representatives and Imperial Oil Products stands the warehouse man, the refinery man, the pipe line man—an army of thousands—an oil refining and distributing organization second to none on the Continent.

Selected crude oil and scientifically perfected processes make Imperials Oils, Fuels and Greases unbeatable for their intended uses.

Imperial Polarine is the perfected lubricant for automobiles, trucks, tractors and gasoline-driven stationary engines. It does not disintegrate at high cylinder heat—protects bearings and engaging parts from wear. It maintains a fuel and gas-tight seal between pistons and cylinders—saves fuel and delivers maximum power. Consumes with hardly a trace of carbon.

Three grades—Imperial Polarine, Imperial Polarine Heavy and Imperial Polarine A—for different types of engines, service conditions and fuel. Ask the Imperial Oil man which to use.

In half, one and four gallon sealed cans, twelve and a half gallon steel kegs, half-barrels and barrels.

For sale by good dealers everywhere.

Births, Marriages and Deaths

DIED.

COOK—On March 18, at the home of his daughter, Mrs. D. Baker, of 2729 Fifth Street, the death occurred of William Cook, aged 102 years, and a resident of this city for the past 71 years. Deceased was born in Quebec and is survived by four daughters, Mrs. C. Tolmie, Mrs. J. Armour and Mrs. D. Baker, all residing in this city, and Mrs. Kate Geisart, of Tacoma; two sons, Mr. Peter Cook, of this city, and Mr. Johnny Cook, of Prince Rupert; also twenty-five grandchildren and thirteen great-grandchildren.

The funeral will take place on Saturday, the 20th inst., the cortege leaving the Sands Funeral Chapel at 8.45 o'clock, and fifteen minutes later Mass will be celebrated at St. Andrew's Cathedral. Interment will be made at the family plot at Ross Bay Cemetery.

HEDLEY—On the 17th inst., at the residence of her daughter, Mrs. J. K. Black, of Saanichton, Mrs. Jane Hedley, aged 56 years, born in Ottawa, and a resident of this city for the past 23 years, formerly residing at 620 Springfield Avenue. The deceased leaves to mourn her loss, two daughters, Mrs. J. K. Black and Miss Myrtle Hedley, of Saanichton, and two sons, Ernest Hedley, of Wellington, and Norman Hedley, who is a returned soldier, now a patient at the Royal Jubilee Hospital. She is also survived by three brothers and one sister in the States and one sister in Ottawa.

The funeral will take place to-morrow, the 20th inst., at 2 o'clock, from the Sands Funeral Chapel. Rev. Robert Connell will officiate. Interment will be made at Ross Bay Cemetery.

McALLISTER—On March 17, 1920, at the residence, 1270 Faithful Street, Joseph McAllister, a native of Fenton, Staffordshire, England, aged 79 years. He is survived by three sons, Richard, William and Charles McAllister, and one daughter, Mrs. W. Broadhurst, all of this city.

The funeral will take place from the B. C. Funeral Chapel, where service will be conducted, on Saturday, March 20, at 3 p.m. Interment will be made in Ross Bay Cemetery.

CARD OF THANKS.

Mrs. Flett and family desire to express heartfelt thanks to their many friends for the consoling sympathy and beautiful floral offerings sent during their recent sad bereavement.

THIS

GENUINE BARGAIN

Owner leaving for England offers for the first time a beautiful residence in Oak Bay, close to cars, sea and golf links.

HARDWOOD FLOORS.
HOT WATER HEATING.

Home comprises: Entrance hall with coat cupboard and built-in window seat; large reception room with inglenook and heavy granite fireplace; dining room with specially selected fir panels and beams, built-in buffet with china cabinets, opens on veranda; den panelled and beamed, open fireplace, built-in chesterfield, bookcases, etc.; large bedroom with double closets and bay window; ironing room with board, linen chest; lavatory and wash basin; kitchen and pantry with all conveniences, sink, etc.; back veranda and pantry cabinet. Upstairs there are two extra large bedrooms with double closets, opening on a veranda with wonderful view of mountains; separate bath and toilet; 3 linen cabinets; sleeping porch for 3 beds. Fine electrical fixtures. Seven-foot concrete basement with cement floors and stationary wash tubs. The property is in a neighborhood of good homes, and at the sacrifice price at which it is offered means not only a beautiful home to the buyer, but as an investment is at least $1,500 below to-day's low prices.

PRICE $5,750, TERMS.

NO TELEPHONE INFORMATION.

3½ ACRES in the Gordon Head district, of which 1½ acres are under cultivation and planted to loganberries, strawberries, raspberries and currants. There is an artistic modern bungalow on the property, together with stable, chicken house and other outbuildings. The house is surrounded by a small natural park. There is an ample supply of water from two wells. The entire holding is good land and free from rock, and is offered for $4,500, which makes it an attractive buy. Easy terms.

Brett & Ker, Ltd.
Pemberton Bldg. 623 Fort St.
Real Estate, Financial and Insurance Agents.

$40.00 Per Acre

PAYMENTS SPREAD OVER 5 YEARS WITHOUT INTEREST.

You can purchase through us, in blocks of 10 to 20 acres, unimproved lands, good for fruit or chicken raising when cleared, and the clearing is not heavy. Railway transportation daily and within two miles of station. Close to magnificent beach and in growing community. Stores, schools, etc., located on property. Roads constructed. Markets at Vancouver, Victoria and Nanaimo.

If you are in the market for unimproved land on Vancouver Island, this offer cannot be beaten. The land is proven of the finest and the terms the easiest of anything offered.

$80 per year for 5 years gives you possession of ten acres. No interest, only on arrears of payments.

FAIRFIELD—If you are looking for a real investment in a fully modern home, here it is: This semi-California bungalow with 6 rooms and bath on first floor and three above, plumbing on each floor, and a modern hot water plant with radiators in each room, all built-in features, full cement basement and laundry trays, on a full sized lot with garage. This is a very choice buy and has an uninterrupted view of sea and mountains. Only $6,300, terms. Furniture also for sale if required.

FAIRFIELD—This fully modern 7-room bungalow, situated close to school and walking distance to business, cement basement with furnace. This house has just been kalsomined and is in first-class shape. Immediate possession. Only $4,500, terms.

FAIRFIELD—Close to car and beach and five minutes' walk to school, this very modern semi-bungalow on a full sized lot, with all built-in effects, 2 fireplaces, solid quarter cut oak floors. This house is hot water heated, has a full cement basement and laundry trays, with five rooms down and two up, nice garage with cement runway. Buy now, this will make you a real profit. Only $5,250.

E. E. Heath
1212 Douglas Street.

1611 Hampshire Road

$3,400—This 5-room, modern bungalow is up for quick sale and has the advantages of one of the finest residential districts in Victoria. The house has extra large living room, newly and attractively papered, and with open brick fireplace and big bay window with nice outlook; front bedroom newly papered, also two other bedrooms, kitchen and pantry. The basement has 2-3 cement floor with high ceiling and good furnace. The lot is 50x120, fenced with attractive wire fence in front, high lattice on side, and a 20-foot lane at the rear. There are several large oaks and shade trees, lawn, flower beds, good garden and large chicken run. This must be disposed of at once and is $1,000 under priced. $800 will handle this snap, and the balance $25 per month, and a $2,000 mortgage just renewed for 2 years.

$4,200—An attractive bungalow of six rooms, conveniently planned and well built. There is a reception hall, living room with fireplace, dining room with built-in buffet and wood panelled walls, fine kitchen with all woodwork enamelled and one wall completely filled with glass front cupboards, shelves, cooler, bins and drawers; also there are three good bedrooms, each with clothes cupboards, bathroom finished in cream enamel, full cement basement, stationary tubs, furnace and gas plate; the lot is 41x140, and has a fine large garden in the rear. This bungalow has a southern exposure, is close to car and sea, and has been newly painted and redecorated inside and out. Terms arranged.

BUSINESS CHANCES

FOR SALE—Property on West Coast, Vancouver Island, 200 acres of timber land, consisting chiefly of cedar; would be splendid site for shingle mill. There is also a fishing station on the property, including a store, wharf, outbuildings for accommodation of fishermen, a large float with ice house aboard, and other facilities for handling fish; telephone connection. This proposition also includes gas boat fitted for carrying fish and supplies. We consider this property one of the best places on the West Coast for handling fish, as all kinds are plentiful. Last year a large amount of both mild cured and fresh fish was delivered from this plant to both Vancouver and Victoria, B. C. A man with any knowledge of the fish business could handle this proposition with a capital of from $15,000 to $25,000. This property is for sale only on account of the sickness of the owner, who would no doubt arrange terms with the right party. Address Box 8022, Times. m25-33

EXCHANGE

IN POINT GREY, Vancouver and North Vancouver, good vacant property, clear deeds, etc., will exchange for car. Box 1741, Times. m22-42

THE CORPORATION OF THE TOWNSHIP OF ESQUIMALT.

MUNICIPAL BY-ELECTION FOR REEVE.

WHEREAS in a certain action or matter in the County Court of Victoria, holden at Victoria, and entitled "In the Matter of the Municipal Elections Act" and "In the Matter of the Petition of John Jardine" in the election for Reeve and Councillors of the Corporation of the Township of Esquimalt, it was by a Judgment of His Honor Judge Lampman, dated the 9th day of March, 1920, adjudged that the Election held on the 17th day of January, 1920, of Alexander Lockley as Reeve of the Corporation of the Township of Esquimalt was invalid;

AND WHEREAS by the said Judgment it was ordered that the said Alexander Lockley be removved from the said office of Reeve;

AND WHEREAS by the said Judgment it was further ordered that a new election for the office of Reeve of the said Corporation of the Township of Esquimalt be held;

AND WHEREAS in the said Judgment it was directed that Wednesday, the 24th day of March, 1920, be appointed as the day for the nomination of the Candidates therefor, and that in the event of a Poll being necessary that such Poll be held on Saturday, the 27th day of March, 1920;

NOW, THEREFORE, Public Notice is hereby given to the Electors of the Municipality of the Township of Esquimalt that I require the presence of the said Electors at the Municipal Hall, Esquimalt, on Wednesday, the 24th day of March, 1920, at 12 o'clock noon, for the purpose of electing one person to represent them in the Municipal Council as Reeve.

THE MODE OF NOMINATION OF CANDIDATES SHALL BE AS FOLLOWS:

The Candidates shall be nominated in writing; the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 p. m. of the day of the nomination, and in the event of a Poll being necessary, such Poll will be opened on the 27th day of March, 1920, at the Sailors' Club for Wards One and Two, and at the Store at the corner of Arm Street and Craigflower Road for Ward Three, from 9 a. m. to 7 p. m., of which every person is hereby required to take notice and govern himself accordingly.

THE QUALIFICATION FOR REEVE shall be being a British subject and having been for the three months next preceding the day of his nomination the registered owner, in the Land Registry Office, of land or real property situate within the Municipality of the assessed value, on the last Municipal or Provincial Assessment Roll, of five hundred dollars or more over and above any registered judgment or charge, and being otherwise duly qualified as a voter.

Given under my hand at Esquimalt, B. C., the 16th day of March, 1920.

G. H. PULLEN,
Returning Officer.
No. 7179.

THE CORPORATION OF THE TOWNSHIP OF ESQUIMALT.

BY-ELECTION OF SCHOOL TRUSTEE

PUBLIC NOTICE IS HEREBY GIVEN to the Electors of the Municipality of the Township of Esquimalt that I require the presence of the said Electors at the Municipal Hall, Esquimalt, on Wednesday, the 24th day of March, 1920, at 12 o'clock noon, for the purpose of electing one person as a member of the Board of School Trustees for the term unexpired and duly declared vacant.

THE MODE OF NOMINATION OF CANDIDATES SHALL BE AS FOLLOWS:

The Candidates shall be nominated in writing; the writing shall be subscribed by two voters of the Municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 p. m. of the day of the nomination, and in the event of a Poll being necessary, such Poll will be opened on the 27th day of March, 1920, at the Sailors' Club, Esquimalt Road, for Wards One and Two, and at the Store at the corner of Arm Street and Craigflower Road for Ward Three, from 9 a. m. to 7 p. m., of which every person is hereby required to take notice and govern himself accordingly.

THE QUALIFICATION FOR SCHOOL TRUSTEE shall be any person being a British subject of the full age of twenty-one years, actually residing within the district, and having been for the three months next preceding the day of his nomination the registered owner, in the Land Registry Office, of land or real property situate within the Municipality of the assessed value, on the last Municipal or Provincial Assessment Roll, of two hundred and fifty dollars or more and above any registered judgment or charge; or being a homesteader, lessee from the Crown, or pre-emptor, who has resided within the Municipality for the space of one year or more immediately preceding the day of nomination, and is assessed for five hundred dollars or more on the last Municipal or Provincial Assessment Roll, over and above any registered judgment or charge; or being a homesteader, lessee from the Crown, or pre-emptor, who has resided within the Municipality for a period of one year immediately preceding the nomination, and during the remainder of said year has been the owner of said land of which he formerly was a homesteader, lessee from the Crown, or pre-emptor, and is assessed for five hundred dollars or more on the last Municipal or Provincial Assessment Roll, over and above any registered judgment or charge, and being otherwise qualified by this Act to vote at an election of School Trustees in the said School district, shall be eligible to be elected or to serve as a School Trustee in such district municipality school district.

Given under my hand at Esquimalt, B. C., the 16th day of March, 1920.

G. H. PULLEN,
Returning Officer.
No. 7180.

LAND REGISTRY ACT (SECTION 24).
In the Matter of Lot Three (3), in Subdivision of Part of Lot Ten (10), of Section Thirty-three (33), Victoria District, Map 1696.

PROOF having been filed in my office of the loss of the Certificate of Indefeasible Title, No. 11198-I, in the name of Mary Ann Elizabeth Stagg and bearing date the 5th day of December, 1913, I hereby give notice of my intention at the expiration of one calendar month from the first publication hereof, to issue to the said Mary Mary Ann Elizabeth Stagg a fresh Certificate of Indefeasible Title, in lieu of such lost Certificate.

ANY PERSON having any information with reference to such lost Certificate is requested to communicate with the undersigned.

Dated at the Land Registry Office, Victoria, B. C., this 5th day of March, 1920.

FRANK J. STACPOOLE,
Registrar-General of Titles.
No. 7128.

LAND REGISTRY ACT.
Section 24.

In the Matter of Lots 16, 17, 18 and 19, in Block 1, Section 21, Victoria District, Map 1020.

Proof having been filed in my Office of the loss of the Certificate of Indefeasible Title No. 24423-I to the above-mentioned lands in the name of H. John Pope, and bearing date the 10th day of November, 1915.

I HEREBY GIVE NOTICE of my intention at the expiration of one calendar month from the first publication hereof to issue to the said H. John Pope, a fresh Certificate of Indefeasible Title, in lieu of such lost Certificate.

ANY PERSON having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

Dated at the Land Registry Office, Victoria, B. C., this 18th day of March, 1920.

FRANK J. STACPOOLE,
Registrar-General of Titles.
No. 8025.

THE CORPORATION OF THE TOWNSHIP OF ESQUIMALT.

NOTICE is hereby given that the Sewer Assessment Roll for the year 1920 has been filed in the Treasurer's Office, Municipal Hall, Esquimalt, and may there be inspected. Any person dissatisfied with his assessment as shown on the Roll may file a petition against such assessment not later than April 1, 1920.

G. H. PULLEN,
C. M. C.
Esquimalt, B. C., March 1, 1920. No. 7004.

TIMBER LANDS

To close an Estate 220 acres in the Quamichan District about a quarter of a mile distant from the Canadian Northern Railway, these lands have been cruised and a fair estimate shows:

Four million feet of good merchantable timber.

Four million feet of timber suitable for cordwood mostly Fir with a little Cedar.

CITY WINS AGAIN OVER WESTHOLME

Court of Appeal Hands Down Decisions in Seventeen Cases To-day

Victoria City to-day won its appeal against the Westholme Lumber Company, by the decision of the Court of Appeal reversing the order of Mr. Justice Macdonald, given last Fall.

This order compelled the city to proceed at once to arbitrate with the Lumber Company regarding the amount of money the Westholme Company is to pay the city for the part of the Sooke Waterworks contract left unfinished when the city had to take over and finish the contract.

After the city won its appeal before the Privy Council it was agreed that an independent arbitrator should be appointed to assess the amount to be paid the city. W. W. Bell was chosen as the arbitrator by the two parties, but before he started his work the city set up a claim that he had only restricted rights.

City Wins Most.

The city has won all the late decisions in the higher courts up as far as the Privy Council in the legal battle that has been waged against it by the Westholme Company. It was explained that to-day's decision which dealt only with an interlocutory order is just the preliminary to a series of new legal battles which will occupy the attention of the courts for some time, as between the city and the company there is from $250,000 to $500,000 involved.

To-day's decision resulted from the interlocutory appeal arising out of the wording of the Privy Council judgment, in which it was held that an independent engineer should be appointed to ascertain the amount due the respective parties under the terms of the contract. The Westholme Company commenced an action for mandamus to compel the city to appoint an independent engineer and to proceed with the taking of the accounts in accordance with the Privy Council judgment. This order was made by the trial judge compelling the city to proceed and now this has been reversed.

More Actions to Follow.

The decision to-day was given by Chief Justice Macdonald. On the bench with him were Justices Martin, Galliher and Eberts. H. S. Pringle, City Solicitor, who fought the case in the courts with H. R. Robertson for the city, received the judgment on behalf of the city. Alexander Brethour represented W. J. Taylor, K. C., the counsel for the company.

Other Decisions.

Other decisions handed down by the Court of Appeal to-day were:

Island Investment vs. Quagliotti, appeal dismissed.

Bullen vs. Cameron, appeal dismissed.

Campbell vs. Shaw, appeal dismissed.

Re the All Red Line, appeal allowed.

Olsen vs. Bieterilla, appeal allowed.

Browne vs. Sidney Mills, appeal dismissed.

Jones vs. City of Vancouver, appeal dismissed.

Peterson vs. Vancouver Gas Co., appeal allowed.

Drake vs. Carter, appeal dismissed.

Holmes vs. Kirk & Co., new trial ordered.

Van Hemelryck vs. New Westminster, Northern Construction Co. and the Pacific, appeals all dismissed.

Whimsler vs. Dragoni, mills and Northern Cafe Co., appeals all allowed and the decision of the magistrate restored.

BERLIN DESCRIBED AS IN VERY EXPLOSIVE STATE

(Continued from page 1.)

Boiling.

"Workers standing on the sidewalks seemed boiling with excitement. None could understand why the troops were permitted to withdraw without giving up their arms. Few believed they would keep their promise to disarm at Doeberitz.

"Many soldiers smiled mockingly at the crowd as though saying: 'Wait a while: we shall return.' This increased the antagonism of the men, many of whom shouted, whistled and cat-called, while others shouted 'Scoundrels,' 'Beasts,' and 'Swine,' at the soldiers, who responded with contemptuous looks as they handled their grenades menacingly.

At White Heat.

"From the Adlon Hotel elegantly dressed women waved their handkerchiefs at the soldiers, this raising to a white heat the anger of the workers. They suddenly made a rush toward the hotel and some actually invaded the lobby before being repulsed by a strong detachment of Security troops guarding the Allied Missions at the hostelry.

"Hardly had the last soldier passed the Brandenburg Gate when the rear-guard turned and fired a volley into the crowd standing in the street. Those near the middle of the roadway had no recourse but to fling themselves on the pavement. Along the Unter den Linden, Sommerstrasse and Budapestsrasse men started to run away. Many of these were either killed or wounded during the firing, which lasted for half a minute. Four dead and ten wounded were carried into the Adlon Hotel.

Guards Too Few.

"Members of the Security Guards stationed at the Brandenburg Gate did not interfere during the firing, being few in number.

"A little later, near the Parliament building, a crowd of workers rushed a detachment of Baltic troops which was passing and the latter began firing, the sound of rifle firing mingling with the shrill cries and groans of the wounded.

"For a time all was chaos and pandemonium and it appears that in the confusion the soldiers here shot a number of their own men. The exact number of those killed and wounded could not be ascertained this evening.

Twenty Killed.

"Twenty persons were killed in a subsequent clash at Charlottenburg and a still more serious encounter was reported from Kolbutzer, but no details are at hand.

"Workers believe the soldiers may return presently, bringing on a crisis more serious than that of the past few days. They are particularly furious over the appointment of General von Seecht as commander of the forces here, he being placed in the same category as General von Luettwitz."

FIGHTING IN GERMANY COSTS HUNDREDS OF LIVES, REPORTS STATE

(Continued from page 1.)

Twenty Killed.

Coblenz, March 18.— 9 p.m.— Via London, March 19. — (Associated Press)—Twenty persons were killed when General von Luettwitz's troops fired into a crowd as the soldiers were leaving Berlin this afternoon, according to Berlin advices received here.

Troops of the Ebert Government were guarding the city and a general Communist outbreak is still threatened, according to these advices.

Great Damage.

Stuttgart, March 18.—Via London, March 19.—(Associated Press).—Tremendous damage has been done to Germany economically by the Kapp Government and the coal and food situations have been made more acute, Herr Koch, Minister of the Interior, informed the Associated Press to-day. The worst conditions are now centred in the Ruhr mining district and the Government is taking the necessary measures to remedy them.

The Minister believed the Ebert Government's hands had been strengthened by the Kapp failure, but he pointed out that there had been a serious aggravation of the old problems by the disastrous Berlin revolt. He insisted that the Government was determined to deal severely with the offenders, but specified "through imprisonment and confiscation of their property.'

Ruled by Bayonets.

New York, March 19.—The Associated Press to-day sent out the following summary of conditions in Germany based on the latest dispatches:

Berlin is still under the rule of bayonets, but troops loyal to the Ebert Government patrol the streets. Forces which supported the regime set up last Saturday by Dr. Kapp and his followers left Berlin yesterday.

While radical elements have not made organized attacks on the capital, economic conditions are described as serious. The resumption of power by the constitutional Government is opposed by those who believe it bargained with the reactionary leaders who tried to seize control, and there seems to be an urgent demand for a re-organization of the Ministry and changes in policy in important particulars.

Reports from Germany outside of Berlin are of such a character that a clear view of the situation is hard to obtain at present. While it is said soviets have been formed in a number of important towns and cities and in industrial districts, it does not appear the movement is gaining momentum.

Communist sympathizers seem to have met with stern opposition at many points.

ARTHUR HEMINGWAY

Instructed by J. Fry, Duncan, will sell by Public Auction

Monday, March 22, 2 p.m.

at Carlin's Barn, Maple Street, near corner of Douglas and Burnside,

About

30 Head of Very Fine Dairy and Family Cows

SUCCESSFUL DRIVE MEANS BUILDING OF FOUR BARQUENTINES

(Continued from page 1.)

That labor is behind the project was evidenced yesterday when one working man drew out of the bank practically the whole of his savings to purchase $700 worth of stock, a circumstance which might be absorbed by some of the more affluent citizens who have to date failed adequately to assist in launching the industrial venture.

With the thorough combing of the business districts completed the Citizens' Committee will undertake to-morrow and Monday an intensive campaign in the residential districts.

The Victoria Shipowners', Ltd., is ready to go ahead with construction immediately the project has been ratified by the Dominion Government. It is anticipated that the ships will be under way at the Cholberg yard within two weeks.

SIXTIETH BIRTHDAY OF WM. J. BRYAN

New York, March 19.—William Jennings Bryan celebrated his sixtieth birthday in New York to-day. He arrived here this morning from Washington to speak at a banquet to be given in his honor by friends at the Aldine Club to-night.

ANNOUNCEMENTS

Announcements under this heading will be inserted at the rate of 3c. per word per issue.

Public Dance under management of Mrs. Simpson, St. John's Hall, Saturday night. Children's classes reopening Saturday, 2.30.

FUNERAL NOTICE.

Members of Victoria Purple Star Lodge, No. 104, L. O. B. A., are requested to assemble at the Orange Hall, Courtney Street, on Saturday, March 20, at 1 p. m. sharp, for the purpose of attending the funeral of their late Sister, Jane Hedley. Members of Sister and Brother Lodges invited to attend.

By order of the Worthy Mistress.
SIS. L. GIDDENS, Rec. Secy.

FUNERAL NOTICE.

Members of Lodge Britannia, 216, L. O. B. A., are requested to meet at the Orange Hall, Courtney Street, on Saturday, March 20, at 1 p. m., to attend the funeral of our late Sister Hedley.

F. M. GAME,
Rec. Secy.

Ebert Now Wishes to Send Troops to the Neutral Zone

London, March 19.—Private advices from Paris state that the Ebert Government has asked the Allies to send German troops to put down Bolshevism in parts of the neutral zone which was established by the peace treaty and in which the Germans were not to have troops.

There is no intimation what action the Allies will take in this matter.

B. C. APPLES COST $1.54 1-2 TO GROW

Dean Clement of University Gives Orchard Statistics For Province

It costs $1.54½ to produce a box of British Columbia apples, according to figures compiled by Dean F. M. Clement of the Faculty of Agriculture, University of British Columbia. The present wholesale price runs up to $3.50 a box.

Basing his averages on a yield of 378 boxes to the acre, Dean Clement quotes the following figures: Labor cost, $86.95 per acre, on a basis of 35 cents an hour; handling cost, $49.48 per acre; grading, packing house charges cost, $210.34 per acre; total material cost, $18.39 per acre; fixed cost, 6 per cent.; equipment cost, depreciation, insurance, etc., $94.24 per acre. This makes a total cost of 378 boxes of apples, $459.40, or $1.21½ per box. Adding to this the cost of management, etc., the cost per box is brought up to $1.54½.

Amongst other things Dean Clement says that there are, as statistics could tell, between 3,000 and 3,500 orchards in the Province. Speaking of the average investment per acre of apple-growing sections he quotes the following figures: North Yakima, $1,000; Hood River, $990; Wenatchee, $1,925; West Colorado, $635; British Columbia $1,162.22.

The yields in British Columbia for a period of five years average as follows:

Trees five years old average 2.32 boxes per tree.

Trees seven years old average 4.32 boxes per tree.

Trees eight years old average 4.74 boxes per tree.

Trees nine years old average 6.14 boxes per tree.

After the trees have yielded for nine years there is practically no increase, having reached their maximum. This means, figuring on a basis of seventy-five trees to the acre, a yield of 480 boxes per acre.

In the figures showing the yield for the various orchards, varying in size from one to twenty acres and more, the following interesting figures were quoted by the professor:

Orchards, one to five acres, yield 6.5 boxes per tree.

Orchards, six to ten acres, yield 5.61 boxes per tree.

Orchards, eleven to twenty acres, yield 4.8 boxes per tree.

Orchards of more than twenty acres show that as the size of the orchard increases the yield per tree decreases.

ADVANCE EXTENDS TO OIL STOCKS

Strong Undertone Apparent Throughout New York List; Motors to New Highs

(By Burdick Bros. & Brett, Ltd.)

New York, March 19. — The oil shares were taken in hand to-day by those working on the constructive side of the market. Royal Dutch, Pan-American and Mexican Petroleum were prominent in the higher priced oils, scoring three to five point advances. A report from Washington that the Government was in the market for large quantities of fuel oil was an influential factor. The motor issues became quite strong toward the closing hour. Stutz Motors crossed the 200 mark to-day, representing an advance of over $50 during the week, and General Motors reached a new high mark for this movement at 343. A very strong undertone prevailed in the balance of the market, as evidenced by the ease with which profit taking sales were absorbed.

New York, March 19.—Demand Sterling opened at 3.78¼ and sold up to 3.82½ to-day.

SLUMP TO-DAY IN CHICAGO GRAINS

(By Burdick Bros. & Brett, Ltd.)

Chicago, March 19. — The long-looked for reaction was realized to-day in grain futures. After an early period of hesitation Corn and Oats were freely offered at lowering prices, the market becoming very weak toward the close. Cash prices came lower early in the session. The chief reason for the decline, however, was the overbought condition of the futures market. The decline has strengthened the technical condition of the market considerably. Underlying factors continue bullish.

TICKER NEWS SUMMARY

New York, March 19.—Another effort was made to stimulate a broad bullish movement in stocks this morning, but the first hour's advance encountered rather free offerings of stocks even though pool activities are again in evidence in some of the oil shares. It would seem reasonable to look forward to some profit taking sales in advance of the week-end.

D. J. says: Copper market yesterday showed healthy tone. Price unchanged 18¼ at ½c.

Albany, N. Y.: A bill will be introduced to increase tax on transfer of stocks from $2 per hundred shares to $4 per hundred. Another bill will be introduced which will remove the interest received from states and municipal bonds from exemption class for income tax purposes.

Dow Jones says Congressional leaders say all revenue legislation will be deferred until after Presidential election.

New York—Looks like bear crowd are selling Mso. and Ten. in order to start a selling movement in the general list.

Washington — Attorney - General Palmer and Director General Hines were called into conference by President on coal report. Decision is expected in the matter within a day or so.

Chicago—F. C. H. says: From what I hear, am inclined to think the largest holders are out of their long May corn.

Forecast: Illinois, Missouri, Iowa, South Dakota, Nebraska, Minnesota fair to-night, Saturday and Sunday warmer.

Washington — Secretary Daniels states he will open bids on March 26 for three million barrels fuel oil.

New York—There are still intact large holdings of the minor rails, and it is not improbable efforts may be made to stimulate an increased public enquiry for same. The pace established during the past few sessions has been too rapid, we believe, to continue much longer.

New York—(Cotton)—The conservative element in the trade seems more disposed to advise caution in following the buying side in view of the fact that prices have advanced materially of late and the belief that the technical position of the market has been weakened to a goodly extent.

Chicago Tribune—The market in corn was big yesterday. While months beyond the March made new high prices, they failed to hold the advance established. Corn was in an overbought condition and a few of the more conservative holders proceeded right at the opening to dispose of their lines and secure available profits.

Chicago—Reactions in grains are in order after an upturn such as recorded recently, but in the absence of cash pressure, the market will, in all probability, continue to show resiliency in response to existing cash premiums.

N. Y. Financial Bulletin—Rails promise to be more of a bullish feature than for several days so long as money conditions continue to present easing tendencies. Pool operations are expected in specialties. Conservative channels do not seem to be much impressed with the prospects of the market price of copper shares being carried materially higher beyond short covering demands at present on account of the lack of demand for the metal, which is said now to be satisfied by release of military stocks.

Odd lot buying of U. S. Steel reported from several channels to have been going on steadily since the decision declaring the corporation not susceptible to the dissolution provision of the anti-trust law.

Journal of Commerce—A sharp rise to new highs showed cotton again asserting itself in uncertain fashion. For one thing, the certificated stock here practically disappeared. A correction made totals only 1,220 bales. It had been much less than ten thousand bales for many months past, but the new figures made shorts nervous as the air was full of talk as to what may happen to the May option and possibly July.

Liverpool advanced equal to forty-five American points and spot prices there nearly a cent with some slight improvement in the spot business. Some look for a decided decline sooner or later. They will not sell but they distrust the stability of present prices, and will not buy.

Lower Prices for Victory Bonds Give Investors Higher Yields

In order to make the yield of Dominion Government Securities equal or superior to the interest yields of other high-grade Canadian securities, the Government Committee now regulating the sale and purchase of Victory Bonds have affixed the prices of the various issues as follows:

Maturity.	Buying Price.	Selling Price.	Yield.
1922	$ 98.00	$ 99.00	5.85%
1923	98.00	99.00	5.80%
1927	99.00	100.00	5.50%
1933	99.00	100.00	5.50%
1937	100.00	101.00	5.40%
1924	96.50	97.50	6.18%
1934	96.00	97.00	5.80%

These lower prices for Canada's first securities make the long-term issues particularly attractive from an investment standpoint, as in normal times these Bonds should be several points above the prices quoted.

We will be glad to arrange your purchase or sales in this regard.

What Cash You Need When Travelling

—and more particularly, when large sums are required—is best carried in the form of a Letter of Credit, issued by The Merchants Bank.

This old established form of international banking, is preferred by many experienced travellers because of its absolute security.

Letters of Credit are cashed only by banks or banking corporations, and after the identity of the holders is established to the satisfaction of the bank officials. This insures safety, and guards against loss and theft.

TO WHOM IT MAY CONCERN

re ESTATE OF THE LATE E. M. JOHNSON

Messrs. Bishop & Worthington having purchased the goodwill of the business carried on by the late E. M. Johnson for so many years at No. 618 Broughton Street, will continue to conduct the business along the same lines as nearly as possible as their predecessor.

Your valued patronage has been much appreciated, and it is to be hoped you will extend the same to Messrs. Bishop & Worthington, who are thoroughly reliable, and who, we know will give all matters relating to business, prompt and careful attention.

Yours faithfully,

A. M. JOHNSON,
A. R. WOLFENDEN, } Executors.

A Range That Will Give Years of Service---The Monarch

MALLEABLE
The "Stay Satisfactory" Range

You don't have to use any stove blacking on your MONARCH. The top is polished and then blued by the exclusive MIRCO PROCESS. The malleable castings heat through so quickly there is no need of removing the lids—the bottom of your cooking utensils do not become black. MONARCH bodies are polished steel, requiring no blacking. Make comparisons and we are sure you will decide on the MONARCH.

UTILIZE TIMES WANT ADS

MUST REMOVE ALL METERS INSTALLED FOR SAANICH USERS

Expensive Mistake of Past Surprises Councillors; Sprinkling Permits

That there are about 1,930 metered services in Saanich waterworks, of which many meters require replacing, and that the municipal waterworks extension planned under the bylaw will care this year for about 235 additional services transpired from a report made by Engineer Milne to the Saanich Council in Water and Sewers Committee last evening.

Cost of Replacement.

The serious situation involving the removal of the existing meters was dealt with at length in a report from the engineer. The cost of replacements he estimated at $29,542, with an additional $4,144 for meters for future use. He advised the Council that "these meters have in no way fulfilled the standard requirements for Saanich," that meters however should be retained, and he submitted that the adoption of regulations governing the use of sprinklers, under a permit system for the months of June, July and August, would be beneficial.

The Council Committee decided to take the points mentioned in the report up direct with the manufacturers and laid the remainder of the questions over until further information is forthcoming.

Before reaching that conclusion, Councillor Graham, Chairman of the committee, observed that the offer of settlement made by the meter makers was very low, in comparison with the loss.

Councillor Terrell said his examination had led him to the view that the meters were "practically useless." "Is this" he asked, "the only corporation which has been roped in?"

Clerk Cowper: "The information I have is that we are the only people who cannot use them. The city of Paris uses them almost exclusively."

Councillor Terrell asked what was the explanation?

Mr. Cowper: "People have suggested to us that possibly war conditions accounted for the quality of the material used."

Councillor Clark thought the suggestion for sprinklers should be favorably considered. He asked if it was the intention to take the money out of the proposed waterworks loan, to which he was answered in the affirmative.

The Situation.

Mr. Milne's report showed 1,237 meters of different sizes purchased at a cost of $23,691, the first installed in 1915. The cost of repairs, to April, 1919, were $3,512. Fifty per cent of the total number, he said, had no merchantable value to the corporation. He proceeded: "The meters which are in use will require to be removed, as in very few instances can they be depended on as being accurate. No further repairs are being done, the meters being removed, and the service put on a flat rate."

Mr. Milne urged that the metering of services was of the greatest value, as in those cities which are on a flat rate the water consumption reaches as high as 300 per cent. in excess of metered services.

WIRING ALL READY; THEN DELAY OCCURS

Peculiar Circumstances Arise at Lake Hill; Councillors Are Astonished

Who will bell the cat? Like the Scottish nobles of old Saanich councillors last evening wanted to back up officials, to help a crippled industrious ratepayer, and settle a point of principle with the B. C. Electric Railway Company, but no one was anxious to take the responsibility.

T. W. Palmer, a crippled poultry raiser on Reynolds Street, had arranged with the B. C. Electric Railway for the installation of wiring for electric incubators, when the engineer had held up the work owing to the company in its agreement with the municipality requiring the municipality to take the responsibility of pole removal. In the case in point it appears that the arms will overhang private property, and the company wants an assurance if frontagers protest that the Council will be responsible. Mr. Palmer blamed the Council for the delay, and argued that the loss to himself through having to install another system of incubation would be serious. The pole location had been approved by the engineer.

The Council learnt from Engineer Milne that he had given a permit at Moodyville with such a proviso, but on ascertaining it would involve a precedent he had withdrawn the permit. An effort had been made by employers, to rush the job on Reynolds Street, and thus secure a favorable decision for the company in future, so councillors stated.

Reeve Watson expressed his willingness to beard "the lions" in an effort of this character, while Councillor Terrell declared that "when the harvest is ready to be cut, you do not wait for a legal opinion on the matter."

The Council members expressed their willingness to back up Mr. Palmer in the matter, and eventually the Reeve undertook to deal with the subject personally.
